# LEARNING BY DESIGN

## HOW CAN WE PROACTIVELY DESIGN LEARNING EXPERIENCES THAT MEET THE NEEDS OF TODAY'S VARIABLE LEARNERS?

Learners are variable in terms of how they engage in learning, comprehend information, and express themselves. This variability is predictable and renders "one-size-fits all" solutions to teaching and learning ineffective.

In this workshop, come learn how **Universal Design for Learning** is thriving as a framework for designing learning experiences that proactively and intentionally include diverse learners while enhancing the learning experience for everyone!
