## **Statement about 2020 Celebration of Scholarship**

Celebration of Scholarship (COS) is an annual event highlighting the scholarly and creative contributions of Taylor's students. Originally, COS was scheduled for Friday, April 24, 2020. However, the spring 2020 term was interrupted by the onset of Covid-19 and the closure of academic institutions across the country. The decision was then made to utilize a virtual platform that could highlight those contributions and due so the week of Monday, May 4, 2020.

The impact of Covid-19 greatly limited the time students had to prepare materials and thus the online iteration was also cancelled. Regardless, a handful of students submitted their materials and were commended for doing so amidst the myriad of other challenges they were facing. Their materials are thus posted here as a testament to their efforts as well as a reminder of the impact Covid-19 had on the campus during the spring 2020 term.
