

Despite our best hope, our senior year was cut short on Friday, March 20th (I think). This meant that our goodbyes that Wednesday were just that, goodbyes. Despite the news, I have stayed in contact with quite a few of the guys from my wing (Second West Wengatz). As of now, I am finishing out my last semester with the Heth's (Dr. Bill and his wife Susie Heth). We are eating a whole bunch, going shopping for groceries, and enjoying a series called The Chosen. It's been tough getting over everything, but I have hope that I will see everyone again this side of Heaven.
