The second annual Pastors Conference at Taylor will be held January 30, and will feature Dr. Clovis Chappell.

The opening session will begin at 9:30 a.m. in Shreiner Auditorium, when Dr. Chappell will deliver his first lecture.

Registration will be held in the Music Building, beginning at 9:00 o'clock.

The audience will participate in ten-minute discussion periods following the brief presentation of each subject.

Dr. Chappell will present his second lecture at 1:30, to be followed at 2:30 by a question and answer session, which will be led by the renowned pulpit orator and author.

Three workshop sessions will convene at 3:15 and will be conducted by the three guest resource ministers who appear in the morning session. In the workshops, the three subjects dealing with the pastor, will be discussed more fully. Each minister will attend the session of his choice.

An innovation this year, a workshop session will be conducted for all ministers' wives who attend the Conference. Mrs. Evan Bergwall will lead the discussion for this group.

Ministers and their wives will enjoy a banquet in the College Recreation Hall at 6:00 p.m.

The 1958 Conference will conclude with Dr. Chappell's third lecture to be given at 7:00 p.m. in Shreiner Auditorium.

Clovis Chappell Named Thaddeus Reade Lecturer

Clovis Chappell, renowned pastor, lecturer and author, will be the Thaddeus C. Reade lecturer at the annual Pastor's Conference January 30.

Dr. Chappell, who has filled some of the leading pulpits in Methodism, was named one of the 10 most effective preachers in the United States in a poll conducted several years ago by the Christian Century Pulpit. Among the outstanding churches he has served are First Methodist Episcopal of Memphis, First Methodist Episcopal of Houston, Texas. First Church, Birmingham, Galloway Memorial Methodist Church, Jackson, Mississippi, and First Church Charlotte, North Carolina. Dr. Chappell retired from the pulpit in 1949.

He has authored 29 books and is currently writing a book of sermons on Simon Peter to be entitled "The Favorite Apostle."

Dr. Chappell will deliver his fourth and final Thaddeus Reade lecture at the chapel service the following day. This annual lecture series is sponsored by the college as part of the Lyceum Fine Arts calendar, for the purpose of bringing outstanding Christian scholars to the campus.

Alumni Day Plans Are Under Way

The Alumni Board of Directors has named John Nelson '52 general chairman of Alumni Day 1958 to be assisted by Dr. Hazel Butz '38 who was named to the general committee. Nelson has appointed Warren Lewis '52 program chairman of the event which is scheduled for June 7. Bonnie (Weaver) Odle '44 and Alyce (Rocke) Cleveland '48 are to serve as banquet co-chairman.

The first meeting of the general committee was held December 10 when preliminary plans for the banquet, program, and theme for the day were discussed.

Several possible program ideas were presented and more complete plans are to be made later this month to be announced in the February-March Alumni Magazine.

Class Agents are to promote the reunions of classes with Graduation Anniversaries at five year intervals dating back from 1958.

Students Read Entire Bible in 60 Hours

A unique event took place on the Taylor campus on the weekend of November 23 and 24, when the entire Bible was read orally during a consecutive 60 hour period. At 3:00 p.m. Friday afternoon the first participant opened the Bible to Genesis 1:1 and began reading. At 8:00 p.m. Sunday evening, Dean Milo Rediger read the final passage of Revelation. During the intervening hours every passage of scripture was read orally. The time was divided into half hour portions and every member of the Taylor family was invited to participate by reading for one half hour. On Friday and Saturday the reading was conducted in the Prayer Chapel and on Sunday was moved to Shreiner Auditorium. When Dean Rediger concluded the Bible reading on Sunday evening a short devotional service was held. The purpose of the reading, sponsored by the Junior class, was to bring enrichment to the campus.

Taylor Receives National Publicity

Taylor has received national publicity in the December issue of the American Alumni Council Magazine, which is distributed to virtually every college in the country. The magazine not only included an article by the alumni secretary giving a history and evaluation of the Christmas Seal program conducted at Taylor during the past four years, but the cover design of the publication was composed of Taylor Christmas Seals.

The article states that the Christmas seal program at Taylor was discontinued because many alumni and friends of the college were deluged last year with Christmas seals from

several organizations.

TAYLOR BEGINS WEEKLY EDUCATIONAL TELECAST

On January 27 Taylor will become possibly the first Christian college to produce a regularly scheduled educational television program over a commercial station.

Taylor has accepted an offer to stage a weekly program over the Muncie television station WLBC-TV, channel 49 each Monday evening from 4:30 to 5:00 C.S.T.

The program, to be titled Focus, will be directed by Rev. David Le Shana, College evangelist, who has been broadcasting Taylor University's radio program, "Chapel Meditations" for two years, a total of 100 programs. Bob Cotner, a senior from Kendallville, Indiana will be as-

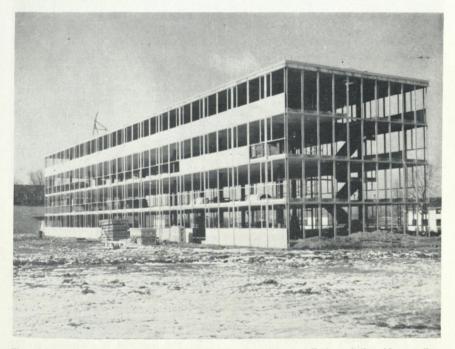

sistant student director.

The telecast will be under the supervision of the Radio and TV Committee of the college in cooperation with the Speech and Public

Relations Departments.

The series will feature numerous personnel of the college in panel discussions, lectures, science demonstrations, travelogues, and musical programs. In addition, foreign students will take part and the programs will be presented by various academic departments of the college.

Broadcast time is being given to Taylor by the station as a public service. Arrangements have been made through Mr. Max Jones administrative assistant of the station.

The above construction shot, taken January 4th, shows the installation of the side paneling and windows for the new dormitory. Since the picture was taken the fourth floor has been completely inclosed.

Alumni Receive Desk Calendars

In place of the wall calendars which the Alumni Association sent to all its members the past two years, a desk calendar has been sent to all alumni and former students, as an expression of appreciation of the support the alumni have been giving to the college. The Alumni Fund committee, Milton Persons chairman, hope that the calendars will prove to be practical and will remind the alumni of the Fund program. Mr. Dexter Rohm, a member of the Parents' Committee of the college, was instrumental in helping the Alumni Association to secure these calendars.

Any Alumni and former students who may not have received a calendar are requested to notify the Alumni Office and a calendar will be sent promptly.

Craven Heads Football Coaches Association

Earl Craven, head football coach at Taylor and President of the Coaches Association of the National Association of Intercollegiate Athletics, attended a meeting of the All-American Committee of the N.A.I.A. held in Kansas City recently.

Craven also participated in the N.A.I.A. Coaches Clinic held in St. Petersburg, Florida, December 19-21. Main speakers for the clinic were Coaches Clarence Stasavick of Lenoir Rhyne College, Marcelino Huerta, University of Tampa, and John R. Bell of South West Louisiana Tech.

Clinic sessions included lectures on a variety of football topics, and demonstrations of football techniques by the University of Tampa squad. The coaches also studied motion pictures of football games and conducted a panel discussion.

The group attended practice sessions of the Hillsdale College and Kansas State Teachers College football squads, which met in the Holi-day Bowl game in St. Petersburg on December 21. The game was under the auspices of the N.A.I.A.

Craven led the Taylor University Trojans to their finest season in the history of the school, winning seven games, tying one, and suffering only one defeat.

TAYLOR REPRESENTED AT CONVENTION

Taylor was represented at the National Sunday School Convention at Grand Rapids from October 30 to November 1 with the display booth and a variety of promotional material. In charge of the booth was Harold Beattie, '50, who set up the display and represented Taylor officially at the convention. Harold, who gave generously of his time and effort to represent the college, sent to the Alumni Office a list of names of 27 alumni who visited the booth during the conference.

Taylor Football Star Named All-American

Robert Davis, a senior from Garrettsville, Ohio, was named All-American guard on the Williamson National Football Rating Squad.

Davis, a 23 year old 6' 6", 275 pound giant established a great record as a defensive guard. During the 9 game 1957 season, Taylor opponents gained an average of only 17 and ½ yards per game over his position. During the entire grid campaign only one touchdown was scored on runs through the middle,

and that on a one yard plunge.

A bulwark on defense, Davis repeatedly made tackles on both sides of the line. From the middle guard position he moved to make or assist in 45% of the team's tackles. Six of the nine opposing teams payed tribute to his rugged defensive work.

The only team to defeat Taylor

this year, Hanover College, pointed out that Davis was the chief reason they were held to their lowest net gain of the season.

In addition to national honors. Davis was named All-Conference guard in the Hoosier College Confer-ence, and was voted most valuable lineman by his teammates.

Williamson is one of the National ranking football organizations, which for several years has been rating the various teams throughout the country. Each winter Williamson names All-Americans on both large and small college levels.

After graduation, Davis, a psychology major, plans to work with Youth for Christ International.

SCHEDULING MEETINGS

The new Varsity Quartet is now booking weekend and Sunday meetings for the second semester, beginning February 1, and for a twelve week itinerary during the summer. For further information, please contact the Public Relations Department.

"Additional gifts from an additional percentage of alumni and larger average gifts from those alumni already giving may well be not only matched but eventually multiplied by support from business. . . Alumni giving, in a sense the "seed money" of business giving, is at the heart of the fund raising prospect of each college and university which is looking toward the future."

Chamber of Commerce **Backs Private Colleges**

Businessmen and citizens in general have an appeal from the Indiana State Chamber of Commerce to "give liberal financial support to private colleges."

Glenn W. Thompson of Columbus, chamber president, said recently:

"If Indiana's private and churchrelated colleges and universities are to remain strong and are to continue accepting and educating approximately 50 per cent of the state's college enrollment they must have increased financial support."

A study by the chamber of Indiana's 31 privately supported schools showed a 15 per cent decrease in purchasing power in average college teachers' salaries from 1940 to 1955. The average public school teacher's purchasing power increased 60% in the same period.

The chamber said 9,000 more teachers will be needed by 1970 to handle expected enrollment increases in all Indiana colleges and

universities.

ALUMNA AUTHORS ARTICLE ON UNUSUAL EXPERIENCE

Eileen Lageer ('49) wrote a beautiful and inspiring article, "A Child Is Born," which appeared in the December "His" Magazine, published by Inter Varsity Christian Fellowship.

She relates the experience of giving emergency medical assistance in the birth of a native baby on Christmas eve, under primitive conditions in Kamberri, Nigeria.

She closes the story with the following paragraph: "Christmas sunrise was quivering on the eastern horizon when I reached my little house, a day that was bright with hope and joy. For in the hours of Christmas Eve God had given me a gift that was worth far more than any gift that ever came wrapped in bright paper and shiny ribbon: faith in what God can do in a situation which I find impossible."

Taylor Students Participate In "State Senate"

Three Taylor University students were among 100 collegiate "state senators" who took part in the model senate assembly on the Indiana University campus recently.

These students, and committee assignments they held, were: Sue Newhard, Labor; Paul Millikan, Elections; and John Louthain, County

and Township Business.

In all, Republican and Democratic clubs from 12 state institutions had representatives in the legislative assembly. The majority held by the Republicans in the 90th Indiana Gen-

eral Assembly prevailed.

Two constitutional amendmentslowering the voting age of 18, and a new system of apportionment—were considered by the "senators" along with legislation pertaining to a guaranteed annual wage, elimination of the township trustee office and a sales tax.

The model assembly was sponsored jointly by the I.U. Department of Government and the Citizenship

Clearing House of Indiana.
