ALUMNI DAY PLANS PROGRESS

VENTURE FOR VICTORY PLAYERS NAMED

NEW LANGUAGE LAB. CONSTRUCTED
ABOUT THE COVER

Participants in Taylor’s first telecast on January 27, Dr. Milo Rediger, President Evan Bergwall, Rev. Harold Camp and Dave LeShana are pictured at the conclusion of the program. The telecast featured an introduction to Taylor, including a short history of the college, facts about our educational philosophy and academic program and plans for expansion, along with photos of the campus.

Later telecasts have featured the Music Department, two travelogues on Russia with motion pictures by Harold Camp, followed by a panel discussion on Russia.

Future programs will include the Education Department, Coach Odle and “Venture for Victory,” and Captain Charles Shilling and Dr. Elmer Nussbaum in a program on Physics and Atomic Energy.

The program is seen weekly on Monday at 4:30 p.m. CST on WLBC-TV, Muncie, Ind.
“All see in the character of Dr. Ayres the elements which mark him as one of God’s noblemen, fitted for earth and ready for heaven.”

This is possibly the last photograph of Dr. Ayres, taken November 11, 1957, on the second birthday anniversary of his great granddaughter. Photo was loaned by one of Dr. Ayres’ sons, Dr. Wendell Ayres, ’19, Marion, Indiana surgeon.
ASSOCIATE DIRECTOR OF DEVELOPMENT NAMED

Meet Robert E. Klemm, who joined the Taylor staff last fall as Associate Director of Development. Bob, who comes originally from Canada, has had wide experience in various phases of Christian work, and is a graduate of a well known Christian college.

He was pastor of a home mission work in Quebec and in Youth for Christ work, and was assistant to the pastor of a leading Presbyterian church in Cincinnati.

Mr. Klemm is working with Mr. Camp, promoting the development program through contacts with business and industry and individuals interested in Taylor, and speaks in churches and to civic groups. He has already proved to be a valuable addition to the college staff.

Bob and his wife, Eileen and their three children, David (5), Jonathan (3) and Kathy (1), are now living in Warren, Indiana, 20 miles north of Upland, and are anticipating moving to the campus in a few weeks.

Alumni Day Theme and General Plans Announced

Alumni Day and Commencement 1958, the climax to Taylor's 112th year, will be held Friday and Saturday, June 6 and 7.

Alumni Day will include class reunions, the annual business meeting, the alumni banquet and the alumni program.

Class reunions will be held in the morning and over the noon hour, with emphasis on the classes with graduation anniversaries at five year intervals, dating back from 1958.

“By Faith We Build” is the theme selected for Alumni Day by the general committee, composed of John Nelson ('52), General Chairman, Dr. Hazel Butz ('38), Warren Lewis ('52), program chairman; Bonnie (Weaver) Odle ('44), and Alyce (Rocke) Cleveland ('48), banquet co-chairmen.

Rev. Lloyd Willert has been named master of ceremonies for the banquet.

Lives of Alumni Dramatized

The evening program, to be held in Maytag Gymnasium, will feature dramatic portrayals of experiences in the lives of alumni who have exemplified the concept of building by faith in their various fields of service.

Awards to Be Given

The annual presentation of the “Alumnus of the Year Award,” the “Appreciation Awards,” and the new “Alumni Merit Awards” will be a part of the evening program. The recipients of the awards have been selected and will be announced in a later publication.
TAYLOR PARTICIPATES IN FEDERAL SERVICES SEMINAR

Six Taylor University students and Dr. Paton Yoder, professor of History and Political Science, attended the Washington Seminar on Federal Service, February 12-14 in Washington, D. C.

The Seminar began with a guided tour of the White House. During the conference the group heard addresses by several government leaders. A few of the lecture titles and the names of the speakers appearing on the program were: “From Campus to Career” by Dr. Mansel Keene, Chief of the Standards Division, Civil Service Commission; “Politics, Public Policy and Christian Ethics” by Senator Frank Carlson; “The Evangelical Movement and Public Policy” by Dr. George Ford, Executive Director and Dr. Clyde W. Taylor, Secretary of Public Affairs of the National Association of Evangelicals; and “Religious Freedom and Foreign Policy Objectives” by Rev. James C. Moore, Religious Advisor of the Voice of America.

The Seminar, sponsored by the National Association of Evangelicals, is slanted toward evangelical educators and students, with a view to emphasizing the contributions students can make in positions of government leadership. The Federal Seminar is considered significant in lifting up the role of Christian leadership in governmental affairs on the national level.

COMMUNITY LEADERS HONORED ON CAMPUS

The Annual Grant County Day was held February 12 with over 100 business and industrial leaders and other representatives of Marion and other Grant County communities as guests.

The activities began with a dinner in the college recreation hall at 6:15 p.m. Harold Camp, Vice-president in Charge of Development, was Master of Ceremonies, and the Marion Male Chorus presented several selections.

An evening program featuring student talent was presented in Maytag Gymnasium with Don Odle, Athletic Director and General Chairman of Grant County Day, serving as Master of Ceremonies.

The new dormitory for men is now enclosed and the circular eight-foot-high glass wall surrounding the food center is now being installed. The walls of the dormitory are constructed of panels with a styrofoam core covered with fibre glass cloth and have excellent insulating qualities.
The modern language department, under the supervision of Mrs. Helen Greenleaf, Associate Professor of French and Spanish, has developed a promising method of meeting the needs of language instruction, with the completion of a new language laboratory.

The laboratory, consisting of three tape recorders and booths and 24 headsets for private listening, permits an extension of the time spent by the professor with the individual students.

Lessons from the textbook are recorded on the tape by the professor. Students come to the laboratory during free time outside of class hours to review lessons, to practice pronunciation, and to study advanced lessons. The laboratory also permits the more adept student to advance in his studies at his own rate. The recorders also offer the advantage of permitting the students to repeat material as many times as necessary.

The laboratory also includes a collection of records with classical and lighter music, poetry and drama, some in English and some in the language being studied. The students are thus exposed to the culture of the country in addition to learning the language.

A separate recording booth is maintained for each language, French, Spanish, and German, with eight headsets attached to each recorder. Eight-five students are now enrolled in the French and Spanish classes and 30 in the German classes.

Final Plans for Youth Conference Set

Students and faculty of Taylor University are looking forward to the 25th Annual Youth Conference, scheduled for April 18-20, with Reverend Paris Reidhead '45 and Reverend Dick Hillis as speakers.

Paris Reidhead is pastor of the Gospel Tabernacle Church near Times Square, New York, and Dick Hillis is one of the founders of the Orient Crusaders Missionary Society.

Keller Receives Award
For Community Service

Paul D. Keller, Business Manager at Taylor, was awarded a citation for successful chairmanship of the County-Towns division of the united fund drive conducted last fall in Marion and Grant County.

The citation was presented at a dinner meeting of united fund officials held January 27 at the Marion Y. M. C. A. Mr. Keller has served as Chairman of the County-Towns division since the united fund was organized three years ago. Both years his division over-subscribed its goal. Mr. Keller is also a member of the Board of Directors of the united fund as a representative of Upland.

He has also been elected to the Board of Directors of the Mental Health Association of Marion and is Chairman of their Public Education Committee, seeking to inform ministers, teachers, and others in public service of the need for and services of the Mental Health Clinic. Mr. Keller is also a member of the Marion Male Chorus.

Loan Fund Program
Assists Students

Many people are not aware of the Taylor University Student Loan Fund, although it has been in operation for many years.

A number of persons who desire to assist deserving students have given gifts to this fund, over which the school acts as trustee. Some donors may set up specific requirements for applicants, such as sex, vocation or area of residence. However, most of the loans work under a basic policy outlined below.

The applicant must be in at least his second semester at Taylor and should have a satisfactory academic record and a good citizenship record. Application for a loan should be made to Mr. Keller in the Business Office.

When the loan is granted, the borrower signs a promissory note. Maximum amounts which may be borrowed per year are $100 for freshmen, $200 for sophomores, $300 for juniors and $400 for seniors. The maximum cumulative total for the four-year period is $800.

Interest per year is 1% while the student is in school and 4% after graduation, payable annually on the anniversary date of the loan. The first payment on the principal is due not later than four months after the student graduates or leaves Taylor University. In loans up to $300, payments are 10% of the total per month. For amounts over $300, 5% is paid per month.

STUDENTS REPRESENT MANY STATES, DENOMINATIONS

A report on enrollment for the first semester reveals that Taylor students came from 32 states and 10 countries and represent 34 denominations. Leading denominations are the Methodist with 179 students and the Baptist with 107.
Excerpts from the Second Report of the President’s Committee on Education Beyond the High School

“Our colleges and universities are expected by the American public to perform something close to a miracle in the next ten to fifteen years. They are called upon to provide education of a continually improving quality to a far larger number of students—at least 6 million by 1970, compared to 3 million now. The sharp rise in births which began in the 1940’s and which has already overcrowded the schools, will shortly begin to strike the colleges.

The idea of borrowing for an education should be encouraged. Students and their families are daily urged in our society to incur debts for far less important purposes.

In the next ten years, colleges and universities will require an enormous expansion of funds from all customary sources—besides tuition and fees—from alumni, corporations, and other private donors.

A recent study found that from 1940 to 1956 real income (measured in buying power after taxes) increased 29% for lawyers, 64% for industrial workers, 96% for physicians, but only 12% for college teachers as a whole. The modest increase for college teachers was entirely in the lower ranks; full professors suffered a net decrease.”

High-powered recruiters descend upon campuses these days for nearly every career but teaching. The search for tomorrow’s teachers must be intensified, and the best recruiters are today’s teachers.

The most critical bottleneck to the expansion and improvement of education in the United States is the mounting shortage of excellent teachers. Unless enough of the nation’s ablest manpower is reinvested in the educational enterprise, its human resources will remain underdeveloped, and specialized manpower shortages in every field will compound. Unwittingly, the United States right now is pursuing precisely the opposite course. Demands for high quality manpower have everywhere been mounting, but colleges and universities have found themselves at a growing competitive disadvantage in the professional manpower market.

The committee recommends “that institutions seek greatly increased income from gifts, particularly from their own alumni and from the industries which employ their graduates and which profit from their research.”
Taylor's second annual Pastors Conference, featuring Dr. Clovis Chappell as the Thaddeus C. Reade lecturer, proved to be a very enjoyable occasion for the 150 ministers and their wives who attended as guests.

In addition to the stimulating addresses by Dr. Chappell, four workshop sessions were held including one for ministers' wives led by Mrs. Evan Bergwall.

The ministers also enjoyed a display of audio-visual equipment and vacation Bible school materials which was arranged in the library.

Answers to questionnaires distributed among ministers requesting their evaluation of the activities of the day indicated that the Conference proved to be much appreciated.

Homecoming to Feature Jerome Hines

Jerome Hines, star bass of the Metropolitan Opera Company, has been re-scheduled for a Lyceum concert next fall, Homecoming Day, October 4.

Mr. Hines was originally scheduled to appear on campus last fall on Homecoming Day. However, the concert and other Homecoming activities were cancelled because of a flu epidemic. Hines appeared earlier this month on the Voice of Firestone telecast as guest soloist.

COLLEGE ENROLLMENTS SET NEW RECORD

College enrollments have set a new record this year for the sixth year in a row and will climb substantially with the opening of the second semester, the Office of Education has announced. A total of 3,068,000 students enrolled in 1,890 colleges and universities early last fall, an increase of 4.1 percent over the 2,947,000 who enrolled in the fall of 1956. Last fall's enrollment was 45 percent above fall enrollments in 1951, the year of lowest enrollments since World War II, and 25 percent above 1949, the peak year for enrollments in the immediate post-war years.

U. S. Commissioner of Education Lawrence G. Derthick said that during the remainder of the school year, college and university enrollments are expected to climb to an all-time high of approximately 3,460,000. The 45 percent increase in college enrollments since 1951 compares with an increase of only about 2 percent during the same period in the number of persons 18-21 years old.

Due to an unprecedented increase in the number of births during the mid 1940's the number of college-age persons in the population will start to climb steeply in the early 1960's, Dr. Derthick pointed out. In the next decade, the number of young people seeking enrollment in college is expected to double.

Taylor's 40 voice A Cappella Choir, Professor Burton P. Mahle, conductor, has announced the following schedule for their spring tour:

- March 7 Memorial Hall, Lima, Ohio
- March 8 Toledo Gospel Tabernacle, Toledo, Ohio
- March 9 McCoy Memorial Baptist, Elkhart, Indiana
- March 10 Grace Methodist Church, Milwaukee, Wisconsin
- March 11 First Methodist, Antigo, Wisconsin
- March 12 To be confirmed
- March 13 First Baptist Church, Sycamore, Illinois
- March 14 Groveland Evangelical Mennonite Church, Groveland, Illinois

Coach Earl Craven Resigns Football Post

Officials of Taylor University have received notice from football coach, Earl Craven, that he has accepted a job to coach at William Penn College in Iowa next year. He will succeed a Taylor University graduate, Charles Micklewright.

Coach Craven has served as head football coach and physical education director at Taylor for three years and has compiled an overall record of twelve wins, fourteen losses and one tie. His teams have steadily improved and this year the squad had the best record in the history of Taylor football—seven victories, one loss and a tie. He has also aided in the development of the Taylor track program. The track team finished second and third in the Hoosier Conference under his leadership during the past two seasons.

At the present, Coach Craven serves on the rules committee for the National Association of Intercollegiate Athletics, and is president of the Coaches of the N. A. I. A.

Mr. Craven came to Taylor from Friends University in Kansas where he served as head football coach for six years.

William Penn is a church-related college of the Friends denomination, of which Coach Craven is an active member.

EVANGELIST'S SCHEDULE

The winter-spring schedule of meetings for Taylor's evangelist, David Le Shana, is as follows:

- Mar. 5-16 Methodist Church, Middlebury, Ind.
- Mar. 19-30 Methodist Church, Mentone, Ind.
- Apr. 2-13 Methodist Church, LaRue, Ohio
- Apr. 20-27 First E.U.B. Ch., New Castle, Ind.
- May 14-25 First Friends Church, Urbana, O.
VENTURE FOR VICTORY PLANS MADE, PLAYERS NAMED

Tour Through Orient Is Scheduled

The directors of the Venture for Victory program have announced plans for another basketball team to tour through the Orient during the summer of 1958. This will be the fifth trip to the Far East, where the college athletes will tour Korea, Japan, Formosa, Hong Kong, South Viet Nam, Singapore, Indonesia, and the Philippines. One summer was spent in South America. The purpose of these trips has been to help spread Christianity and promote the cause of freedom through the channel of sports. In five years of this work, over two million people have seen these teams play and heard the Gospel message between halves of the games. The squads have accumulated a phenomenal record of 376 wins and 4 losses against Olympic teams, college teams, Army quintets, and national champions.

Four members have been chosen to date and three more will be chosen in the near future. Among those selected are Ed Beck from the University of Kentucky. Last season he was named the “MOST VALUABLE PLAYER” in the Sugar Bowl, elected as honorary co-captain of the Wildcats, and was named to the first squad of the Southeastern Conference Defensive Team. He is president of the Senior Class, the K-Club of Varsity lettermen and received the Governor A. B. Chandler trophy for highest qualities of scholarship, leadership, character and ability. He was named to the ALL STATE TEAM three years in a row in High School.

“Tink” Van Patton, 6’8” center on Temple University’s team, that has been running rough shod over most of the opponents in the East, will also join this team. “Tink” was a sophomore sensation with the “Owls,” but a broken hand kept him from action all last season. He has turned to form this year and was one of the outstanding players in the Holiday Tourney in Madison Square Garden. These two boys played against each other recently at Lexington in a thrilling triple overtime won by Kentucky.

Jack Mount, playmaker on Southern California’s team this season, will again accompany the team after touring with Venture for Victory during the summer of 1955. His accurate shooting, playmaking, and all-around defensive ability have helped him capture a starting berth with the Trojans of Southern California. Taylor University’s most valuable player last season, Jack King, will also accompany this year’s squad. Jack is averaging 14 points per game and is the team’s leading rebounder. His high school team at Alexandria was undefeated until Crispus Attucks eliminated them in the semifinals in 1953. The team will leave the states about the 8th of June, under the direction of Coach Don J. Odle of Taylor University.

Lyceum Program Features String Quartet

The Chicago Arts Quartet, an ensemble composed of four members of the Chicago Symphony Orchestra, presented a Lyceum Fine Arts program at Taylor University, Monday, Feb. 3, at 8:00 p.m. in Shreiner Auditorium. The ensemble was organized several years ago to explore the lighter music for string quartet.

The program presented was:

The ensemble played two encore numbers following the program.
FORMER "QUIZ KID" NOW TAYLOR STUDENT

Sally Wilhelm

Sally Wilhelm, former “Quiz Kid,” and now a sophomore at Taylor, had, by the age of 16 answered more questions on current events, literature, opera, sports and other varied subjects than almost any other radio or television participant.

Sally, who holds the record for girls for the number of radio and television appearances on “Quiz Kids,” with 175 programs, began her broadcasting career at the age of 11 and continued with the series regularly until nearly 16 years of age.

At the age of 9 she took part in the local quiz kid program in Elkhart, Indiana, her hometown.

Sally graduated from Elkhart High School in 1956 and chose Taylor for three reasons. She wanted to attend a small Christian college, she desired to come to a school comparatively close to her home, and was influenced in the direction of Taylor by a close friend, Jan Huffman, also a sophomore, who is the granddaughter of Dr. J. A. Huffman, former Taylor professor.

Sally is majoring in English and is vitally interested in dramatics. She feels that there is a great undeveloped ministry in the field of Christian motion pictures. She had a part in the Christian film, “Seventeen.”

Her tentative plans following graduation are to teach English and dramatics or to enter the field of Christian dramatics.

Sally is the daughter of Mr. and Mrs. Oliver S. Wilhelm and is a member of the McCoy Memorial Baptist Church in Elkhart.

Basketball Team Suffers Injuries, Losses

The Taylor basketball Trojans, after suffering the loss of veterans George Glass and Dave Townsend, have had rough sledding in recent games. The Trojans returned home from the William Penn Tournament with a record of 10-5 and then defeated Manchester at home 81-74. Since then the Trojans have been without the services of George Glass due to a back injury and Dave Townsend with bursitis. The team has been dealt successive losses to Anderson 93-54, Huntington 82-74, Wheaton 104-73, and Wilburforce 72-66. The remaining games on the schedule are February 22, Hanover, here; March 1, Calvin, there.

Sophomore Oris Reece continues to lead Taylor’s scoring with an average of 16½ points per game through the Wheaton encounter.
