ABOUT THE COVER

Dr. Elmer Nussbaum, Head of the Department of Physics, and scientist in radiation biology, is pictured in the new research laboratory with some of the equipment purchased under a recent grant from the Atomic Energy Commission.

The apparatus in foreground, designed especially for the current research project, was custom-made for Nussbaum from his specifications.

Dr. Nussbaum is seeking to determine the diffusion rate of radon through semi-permeable materials. Radon is a radioactive gas present in mines, in uranium and radium industries and in some laboratory installations. Results of this experiment will permit scientists to measure more accurately the amount of radon or other radioactive gases which may pass through certain rubber products such as gas masks, laboratory apparatus and connecting hose.
HOMECOMING DAY SET OCTOBER 4

Lowell Townsend '51
Named General Chairman

Plans are under way to make October 4 Taylor's most gala Homecoming, under the leadership of Lowell Townsend, '51 Homecoming Chairman, and Taylor Hayes, '47 Assistant Chairman.

Festivities will include the first Alumni banquet in the new dining room, the football game against the powerful Anderson Ravens, when alumni will see the Trojans in action under the coaching of All-American Bob Davenport, and the evening concert by Jerome Hines.

Adding color to the day will be the displays, parade of floats, and Taylor's new marching band under Prof. Dale Shepfer.

Townsend is the Associate minister of Main Street Methodist Church, Kokomo, and is currently Dean of the Kokomo District Youth Camp at Epworth Forest. For the past four years he has been Youth Director of the Kokomo District. He was a member of the Taylor Varsity Quartet for two years.

Hayes, a former Taylor basketball star, has been coaching high school basketball for 11 years. At Eaton, Indiana, he compiled a record of 66 wins and 29 losses, at Albany his teams won 45 and lost 31. At Sweetser, where he has been Head Coach the past two years, he has won 30 and lost only 13.

Jerome Hines Scheduled
For Evening Concert

Homecoming guests will have opportunity to hear one of the finest Lyceum programs in Taylor's history, with Jerome Hines, star American Basso of the Metropolitan Opera Company scheduled to present a concert at 8:00 p.m. in Maytag Gymnasium.

Now in his twelfth season with the "Met," Hines is the first American artist in four decades to star in the great basso roles here and abroad. He is also well known to television and radio audiences for appearances on such programs as "The Voice of Firestone." Arturo Toscanini selected him as soloist for his recording of Beethoven's "Missa Solemnis."

New Alumni Scholarships Established by Shy-Fleser And Frase Brothers

Two new alumni-sponsored scholarships are being given at Taylor for the 1958-59 school year. The Frase Scholarship is sponsored by Bruce Frase '51, Wayne Frase '52, and Stuart Frase '55. The Shy-Fleser Scholarship is sponsored by Edward Shy '50 and Calvin Fleser '48.

The purpose of the scholarships is to encourage attendance at Taylor University by prospective male students who show promise of contributing to Taylor through the program of the Physical Education Department. The amount of the scholarships to be $200.00, payable at the rate of $100.00 per semester for a period of one year.

Candidates must qualify by meeting all requirements for admission to Taylor and be in the upper one-half of their high school graduating class. They also must be in harmony with the ethical, moral, and spiritual emphasis of the College.

CLASS OF 1958 NAMES OFFICERS, SETS GOAL OF 100% PARTICIPATION

The spirited class of 1958, headed by Bob Jordan, President, announced at the Alumni Banquet on June 6 that the new graduates had pledged 100% participation in the current 1958-59 Alumni Fund Drive. This backing will provide a tremendous boost to the college and the Alumni program this year.

Gene Rupp has been named Class Agent, Anna Newhard, Class News Letter Editor, and Norma Richards Class Reunion Chairman.

The scholarships will be awarded on the nomination of the faculty of the Physical Education Department and the approval of the Scholarship Committee.
The Kresge Foundation has offered to pay the final $25,000 needed for construction costs and furnishings for the new Dormitory and Food Center. The balance needed is $49,400.10. This means that when another $24,400.10 is raised, the college will receive the final $25,000 from the Foundation.

The college hopes to become eligible for the gift by December 31.

A general financial statement is as follows:

- **Construction costs**: $710,000
- **Furnishings cost**: $73,000
- **Total costs**: $783,000

**Funds received:**

- **Government loan**: $600,000.00
- **Gifts for furnishings**: $31,977.52
- **Gifts for construction**: $24,687.11
- **From Kerwood Estate**: $76,935.27

- **Balance needed**: $49,400.10

**To be raised by Taylor**: $24,400.10
**To be given by Kresge Foundation**: $25,000.00

**NEW FUND DRIVE MAKES GREAT START**

The Alumni Fund for 1958-59, which began July 1, has made a leaping start with a grand total for the month of $5,422.91, from 81 alumni. This not only greatly exceeds the giving for July last year ($1,432.50), but is equal to the total giving from July 1 through October, 1957.

Dr. and Mrs. Wengatz '09, "retired" missionaries to Africa, who are currently on another term of fruitful service in that country, have given $4,450.00 as a memorial to underwrite the construction cost of the main lobby of the New Dormitory-Food Center.

The complete roof and arches, and circular sidewalk are shown in this latest construction photo. Installation of the kitchen equipment is almost completed, and the furnishings have been delivered. The buildings are to be ready for the fall term which opens September 15. Behind the four round windows is the private dining room which will seat 100 guests.

Interest is running high in anticipation of our first Alumni Banquet under the new "Dome."
NEW ALUMNI FUND RECORDS SET

The Taylor University Alumni set a new record in total giving to the college during the 1957-58 fiscal year which ended June 30, Milton Persons '35, National Fund Chairman has announced.

Taylor graduates and former students contributed $36,359.05 to current operating expenses and to the development drive for furnishings for the new Food Service Center and Men's Dormitory.

In addition to the record total, the amount of the average gift was $38.39, the highest since the Alumni Fund program was organized seven years ago.

However, the drive fell short of the goals of $51,000 and 45% participation. The final report shows that 947 or 35.8% of the alumni participated in the drive.

Venture for Victory Draws Large Crowds

The sixth Venture for Victory basketball team, currently on tour in the Orient has now won 42 games against one loss, Taylor University Athletic Director, Don J. Odle, Coach of the team, has announced.

The squad of Christian all-stars lost only their first game, played in Hawaii enroute to the Orient. At that time the group included only five players. Three additional athletes, now missionaries, joined the team when it arrived in Korea.

“The experiences that we are having off the basketball court are making such an indelible impression upon each of our lives that we cannot return to America the same,” reported Odle, from Formosa.

Crowds totaling approximately 100,000 witnessed the American team in action during ten days in Formosa. The squad conducts religious services during half-time of each contest and at the close of the games. Odle reported that about 3,000 persons have expressed their desire to become Christians.

Earlier this month the team was entertained for dinner at the home of the famous Chinese aviator, General ‘Tiger” Wong, who is head of the armed forces of Free China.

In his report, Odle stated that he had seen thousands of refugees from communist-held countries living in such poverty, “that one would believe that existence was almost impossible.”

This year’s team is composed of Ed Beck, University of Kentucky; Tink Van Patton, Temple University; Jack King, Taylor University; Jack Mount, Southern California; Paul Neumann, Stanford University; and Roger Jenkinson, Taylor University. Missionaries Bud Schaeffer and Don Ullrich, graduates of Wheaton College, and Norm Cook, formerly of Taylor, joined the team in Korea. All three were members of former Venture for Victory squads before they became missionaries.

The squad will visit Hong Kong, Viet Nam, Singapore, and the Philippine Islands before returning to the states this month.

EXECUTIVE CITES WORTH OF CHRISTIAN COLLEGES

Since 1636, when John Harvard endowed our first college, the independent, Christian, liberal arts colleges have given America leaders, in numbers out of all proportion to the enrollment of these institutions. Staffed with dedicated men and women, these small colleges have earned the gratitude and obligation of us all. But during the last twenty-five years, with spiraling costs of maintenance, endowments that yield less and less, and with the tremendous increase of vast, tax-supported institutions, many liberal arts colleges are finding it increasingly difficult NOT to close their doors. Many more are facing extinction.

These Christian colleges are irreplaceable. They have a unique contribution to offer our country's youth; they are the conscience of American education, and its last bulwark against socialism. If they die, free enterprise dies with them. They need our personal, devoted support.

They need not die. Let us each stand by them—selfishly, for the sake of our businesses and our children; unselfishly, for the sake of America. For if they live they will furnish the leaders who will keep America free.

Hubert Eaton
President, Forest Lawn Foundation
