What makes a place home?

Family, Friends, Love, Peace, Safety

Home is torn apart

Family remains close

Friends scatter far and wide

Love tries to continue through glowing screens

Peace being eclipsed by stress

Safety made unstable from fear of disease

What is home now?

Family, Friends, Love, Peace, Safety

These will all unite again.

But what do we do now?

We remember.

We connect.

And we hope that we will unite again soon.
