Institutions are the lengthened shadows of men.

The Taylor Program

HISTORICAL DEVELOPMENT

Taylor University was organized in 1846 in Fort Wayne, Indiana, by what was then the Indiana Conference of the Methodist Episcopal Church, and was known as the Fort Wayne Female College. In 1855 it was united with the Collegiate Institute of the same city and became known as Fort Wayne College, a co-educational institution. In 1890 it passed to the control of the National Association of Local Preachers of the Methodist Episcopal Church, and its name was changed to Taylor University in honor of the missionary bishop, William Taylor, called by the historian Hurst, "the modern St. Paul."

In July, 1893, the institution was rechartered and moved to its present location. Rev. T. C. Reade, L.L.D., was president at the time of this change. The gift of a campus of ten acres and $10,000 in cash from the citizens of Upland played no small part in the establishment of the school in its present location. The energy, consecration and self-sacrifice of President Reade and his aides were important factors in the building of a college which had as one of its aims the placing of a college education within the reach of persons of modest means.

After personal visitation and examination of the character and work of the college, Bishop Taylor gave it his hearty endorsement, prayed for it three times every day and assisted it by his influence and with his means. It found a place in his great heart because of its spirituality, its missionary enthusiasm and its interest in students needing financial assistance. All who have become familiar with its product of Christian manhood and womanhood heartily endorse his statement that "this work is of God." The original administration building, which was the first to be erected at Upland, had additional historical significance because Bishop Taylor assisted in the laying of its cornerstone.

In 1921 The National Association of Local Preachers of the Methodist Episcopal Church transferred the institution to the Alumni Association and they, in turn, at a later date conveyed it to The Legal Hundred of Taylor University. Later the William Taylor Foundation was organized and to this body passed the control of Taylor University. This foundation was fittingly named, since Taylor University still emphasizes the same objectives of world evangelism and the spreading of scriptural holiness which were the motivating passions of Bishop William Taylor.

Although today Taylor University is an independent interdenominational liberal arts college, owned and operated by a Board of Trus-
tees numbering twenty-six, The William Taylor Foundation continues as an affiliate body whose purpose it is to receive and hold funds, trusts, bequests and other gifts for the college.

The members of the Board of Trustees of Taylor University are persons of high and recognized Christian character, members of some Protestant evangelical church, and in sympathy with the traditional policies of the institution. These men are sympathetic with Taylor University's missionary and evangelical emphases, and its appreciation of the Holy Scriptures as the Word of God. In selecting the membership of the board, careful thought is given so that every member meets these high requirements.

The purpose of the Board of Trustees of Taylor University is to perpetuate an institution that will be interdenominational in service and firmly committed to the program of Christian higher education. It seeks to make a distinct contribution to the work of the evangelical churches of our country and the world, and it determines to send its students back to their churches to be loyal to the Christ of their faith.

**EFFECTIVELY CHRISTIAN**

It is the aim of the governing board and the faculty of Taylor University to provide an educational experience for students which contributes effectively to intellectual and spiritual development within the framework of evangelical Christianity. Accordingly, the college is committed to the following statement of doctrine:

1. We believe the Bible to be the inspired, the only infallible, authoritative Word of God.
2. We believe that there is one God, eternally existent in three persons: Father, Son and Holy Spirit.
3. We believe in the deity of our Lord Jesus Christ, in His virgin birth, in His sinless life, in His miracles, in His vicarious and atoning death through His shed blood, in His bodily resurrection, in His ascension to the right hand of the Father, and in His personal return in power and glory.
4. We believe that, for the salvation of lost and sinful men, regeneration by the Holy Spirit is absolutely essential.
5. We believe also in the cleansing and empowering ministry of the Holy Spirit for the believer, which enables him to live a godly life.
6. We believe in the resurrection of both the saved and the lost; they that are saved unto the resurrection of life and they that are lost unto the resurrection of damnation.
7. We believe in the spiritual unity of believers in our Lord Jesus Christ.

Taylor University is interdenominational in its service, and a member of any Christian denomination who is in harmony with the doctrine and policy of the college, and who has the necessary qualifications, is eligible for a place on the faculty or the governing board. The historical missionary and evangelistic emphases are maintained,
as well as the attitude toward the Holy Scriptures as the Word of God. The college seeks to cultivate an atmosphere which stimulates spiritual aspiration and the practice of Christian ethics. It fosters an attitude of respect for, and interest in, the organized church.

An institution that has caught the spirit of Bishop William Taylor cannot be provincial in its outlook. Students come to Taylor University from many states and foreign countries, as a result of which the entire campus community enjoys a cosmopolitan atmosphere.

Taylor University was founded upon the Wesleyan interpretation of evangelical Christianity, and it emphasizes the necessity of the spirit-filled life for effective personal living and world-wide service. Students are admitted with a view to their acceptance of these ideals, as well as their contribution to a kind of social and intellectual climate which is conducive to a unique program of Christian higher education.

AIMS

Basic Educational Philosophy: The Taylor program is set within the framework of Christian higher education, and aims to provide liberal arts and pre-professional training in a setting which is vitally Christian, intellectually vigorous, socially wholesome, and physically healthful. It is assumed that sound scholarship and Christian faith and experience are mutually interdependent and meaningful, and that sound education must correlate these in the growing experience of the student. High scholastic achievement is to be combined with Christian faith and culture in the development of citizenship and leadership for family, church, and state in a democratic society.

The college seeks to provide a liberal educational adventure within a Christian community. Objectives, curriculum, counseling and teaching are conceived in this framework. An attempt is made to integrate learning and doing in a pattern of experience which recognizes that man is both a spiritual being with an eternal destiny and a responsible member of a socially interdependent society.

All who work in the organization are expected to combine high academic standards with true spiritual values and so to foster the development of students in harmony with these objectives which, specifically stated, are:

1. To offer an effective liberal arts education fused with a vitally Christian interpretation of truth and life. The first two years of the liberal arts program are designed to provide (a) an introduction to the basic fields of learning and (b) the development of general culture, citizenship in a democracy, Christian ideals and personal qualities.

2. To organize the liberal arts program so as to include adequate pre-professional training in engineering, law, medicine, ministry, business and nursing.

3. To prepare students for teaching in the elementary and secondary public schools.

4. To aid the student to develop and maintain a strong body through the practice of proper health habits.
5. To enrich the cultural experience of the students and develop proper social attitudes.
6. To insure the maximum effectiveness of its program through constant study and improvement in the areas of instruction, curriculum, and personnel services.

ACADEMIC STANDING

Taylor University is accredited by the North Central Association of Colleges and Secondary Schools and by the State Department of Public Instruction in Indiana. Memberships include the American Council on Education, Association of American Colleges and the National Commission of Christian Higher Education of the Association of American Colleges.

Training of Veterans: Taylor University is also accredited by the State Department of Public Instruction for the training of persons who qualify under Public Laws 346, 550, 634, and 16. These provide for Korean veterans, Korean orphans, and the physically handicapped.

BUILDINGS AND EDUCATIONAL EQUIPMENT

The grounds of Taylor University total one hundred sixty acres, one-half mile in either direction, beginning at the south edge of Upland and fronting an extension of Main Street. The campus proper occupies the north half of this acreage. In addition, a considerable number of city lots are located north of this part of the campus on which are dormitories, residential and other properties which form a part of the educational plant.

_H. Maria Wright Hall_ is the name of the old administration building which was destroyed by fire on January 16, 1960.

_Helena Memorial Music Hall_ was made possible by the bequest of Mrs. Helena Gehman of Urbana, Ohio, and by a substantial supplementary gift from Mr. and Mrs. Israel B. Shreiner. The main and ground floors of the building accommodate teaching studios, rehearsal rooms and private practice rooms. The second floor is Shreiner Auditorium which is equipped with an Allen organ.

_The Ayres-Alumni Memorial Library_ contains two large reading rooms, stack space for 50,000 volumes, record listening rooms, and facilities for the use of audio-visual aids. The present holdings total 36,000 volumes and 350 periodicals.

Since the administration building was destroyed by fire, administrative offices have been located temporarily on the ground floor of this building.

_Sickler Hall_, known as the Education Building, contains lecture rooms, laboratories and offices for the education department, and a faculty research laboratory.

_The Prayer Chapel_ is located in Sickler Hall and is appropriately furnished for individual and small group devotional experiences.
The Science Building contains lecture rooms, physics and biology laboratories and faculty offices.

The Chemistry Building was constructed to replace chemistry teaching facilities which were lost when the old administration building was destroyed by fire. It contains chemistry laboratories and classrooms for chemistry, mathematics and psychology courses.

The Education Annex consists of four units, each of which includes at least one classroom and two faculty offices.

The A. E. C. Research Laboratory was equipped with funds from a grant by the Atomic Energy Commission and is used in the conduct of research projects sponsored by grants from that commission.

Maytag Gymnasium stands near the entrance of the athletic field. It is three stories high, and is equipped with a regulation-size basketball floor and balconies. The basement contains dressing rooms for both men and women, showers, and an auxiliary gymnasium.

Magee-Campbell-Wisconsin Hall is a residence for women. The north unit is Stanley Magee Memorial; the middle unit, the John D. Campbell Building; the south unit, the Wisconsin Building. There are one hundred seventy rooms with running water in each, a lounge, several large lounges, a laundry and a student center.

The Health Center is located on the first floor of Wisconsin Hall in the west wing. It consists of a dispensary, a unit of beds for men and a unit of beds for women.

Samuel Morris Hall is a men's residence with eighty-eight double rooms, a public lounge on the first floor and student lounges on each of the four floors. It was constructed during the year 1957-58 and is occupied by one hundred seventy-six students. The building is named for Sammy Morris, a former student from Africa who is featured in the film, "Angel in Ebony."

Swallow-Robin Hall, a three-story brick building, is an additional residence for women. This building was made possible by the gift of Dr. S. C. Swallow of the Central Pennsylvania Methodist Conference, and was named Swallow-Robin in honor of Dr. Swallow and his wife, whose maiden name was Robin. The rooms of this hall are named for those who contributed.

The Storer Food Center is a central food-service building which includes a dome-shaped, glass-enclosed dining room with a seating capacity of six hundred, a private dining room known as the Kerwood Room, and a complete food preparation area.

Fairlane Village consists of thirty-nine two- and three-bedroom units for married students.

The Trailer Court offers accommodations for nineteen house trailers. A modern utility house is located on the court and all utilities are available for each house trailer.

Bookstore and Varsity Grill is a frame structure which houses
the college bookstore and snack shop. Several student organization offices are located on the second floor. A post office is located in a separate annex east of this building.

The Central Heating Plant is located just off the campus proper and supplies heat to all of the university buildings.

The Clippinger Observatory, named in honor of Dr. Charles L. Clippinger, former dean of the college, is located on the south side of the campus. A five inch refractor, the gift of the late Rev. Edgar S. Robinson, is mounted on a tripod and may be set up for observation in any convenient place.

LOCATION

Taylor University is located at Upland, Indiana, and near cities that have the following bus, railroad or air service:

**UPLAND:**
- **Bus:** Indiana Motor Bus Co.

**HARTFORD CITY:**
- **Bus:** Trailways.

**HUNTINGTON:**
- **Railroad:** Erie, Wabash.

**MARION:**
- **Bus:** Greyhound, Indiana Motor Bus Co.
- **Airline:** Lake Central

**MUNCIE:**
- **Bus:** Indiana Motor Bus Co.
- **Railroad:** New York Central, Nickel Plate.
- **Airline:** Lake Central

**FORT WAYNE:**
- **Bus:** Trailways, Greyhound
- **Railroad:** Pennsylvania, Wabash, Nickel Plate.
- **Airline:** TWA, United, Delta
Perhaps the most valuable result of all education is the ability to make yourself do the thing you have to do, when it ought to be done, whether you like it or not. —Thomas Huxley

Student Personnel Services

The student personnel services program aims to reach the interests, needs, and purposes of all students and to make available qualified assistance for superior educational, social, vocational, and spiritual attainments. Reaching these goals involves the united efforts of numerous university personnel including the deans, the registrar, faculty advisers, head resident counselors, nurses and others.

A student personnel services committee, composed of faculty and students, meets regularly to discuss areas of particular concern such as orientation, housing, health, student employment, academic guidance and personal counseling, student activities and student conduct.

ORIENTATION

The first week of the fall semester is devoted to assisting new students in their initial adjustments to the college environment. Through the use of group discussions, films, tests, and individual conferences, new students are assisted in gaining information and relating themselves to the college program.

HOUSING AND BOARD

The college provides housing for women and men. The college reserves all rights concerning the assignment and reassignment of rooms, or the termination of their occupancy. Any change of room during the semester made at the request of the student entails a charge of $1. The college reserves the right during the college year to make any changes which are deemed advisable in the rules or regulations.

All single students not commuting from their own homes are expected to live in university housing. Exceptions may be made by the personnel staff upon application in writing by the student to his head resident counselor. Only cases of great need, such as medical cases which require a menu not offered in the dining hall, are approved. Unmarried students who live out of the dormitories and not at home are expected to observe the same general rules and regulations as apply to dormitory residents. Men are responsible to the assigned head resident counselor of men, and women are responsible to the head resident counselor of Magee dormitory.
All rooms are furnished with window shades, bed, mattress, desk, chairs and dresser. Each week the college provides and launders four pieces of laundry, which include a sheet, pillowcase, towel, and wash cloth. Students are required to furnish all bedding not mentioned above.

Meals are furnished in the dining hall at a flat rate, consecutive meals to the same person and payable in advance. The Taylor food service has a reputation for excellent food. Because of rising costs of foods and services, the administration reserves the right to increase the rate for room and board at any time. Students rooming in the college residence halls are expected to board at the college dining hall.

HEALTH SERVICE

Each full time student and each resident student is required to subscribe to the student insurance plan and each resident student to the Taylor health service fee. Coverage is effective on and off campus and for a period of twelve months.

The health service fee is used to provide the services of registered nurses in caring for minor ailments, and the ordinary drugs and medicines necessary in such care. The counsel service given by the staff physician on his regular visits to the campus is included. It is understood that his work is to consist only of the treatment of minor ailments and diagnosis of more serious conditions.

For non-resident students, who do not pay the regular health service fee, a small charge will be made for clinic calls and medications.

The college provides infirmary rooms where the student may be cared for by the nursing staff for a period of three days each semester without charge. The student insurance program operates from this point.

Before admission, each student is required to present a statement from a licensed physician showing that he has been vaccinated within the last seven years against smallpox or has had smallpox. The college health blank, filled out by a licensed physician, must also be presented before admission is completed.

The college is not responsible for injuries received by students on or off campus, except those covered by institutional workman's compensation and the student insurance plan. The student insurance program provides both accident and medical benefits on and off campus.

COUNSELING

The dean of students is director of the student personnel services program, and his office is open to every kind of student problem. If he cannot meet the particular need, he will know where the qualified aid is. Academic matters may be discussed with the deans, registrar, and faculty advisers. Vocational problems are the concerns of the deans, faculty advisers, and head resident counselors. Personal
problems may be taken to the deans, faculty advisers, head resident counselors, nurses, and other appropriate individuals.

Upon being admitted to the university, each student is assigned a faculty adviser by the director of admissions on the basis of the student’s expressed interests. The adviser assists the student in selecting his course of study and in interpreting the requirements in their proper sequence. The student is expected to contact the adviser regarding his academic and social progress.

SPECIAL SERVICES

These services are available to all students needing or seeking help in the areas of the basic skills or in the areas of personal or academic guidance.

Testing: General testing programs are administered for the purposes of classification and appraisal of academic progress. Special individual aptitude and achievement tests are given, either at the request of the student himself or his adviser. Other tests for the identification of special interests or personality traits are also available.

Reading Improvement: A non-credit course of two hours per week during each semester is available to those students who desire to improve their reading skills. The course is open primarily to incoming freshmen during the fall semester and to students of advanced standing during the spring.

English Proficiency: One of the basic requirements for graduation is the attainment of a certain level of proficiency in the use of English. Students found to be deficient are referred to a faculty committee which guides them in their efforts to attain the necessary level of proficiency. The approval of this committee is required for removal from the deficiency list.

Tutorial Aid: For students who may be seriously deficient in certain subject matter areas, the services of able upperclassmen may be secured for tutorial help.

STUDENT AID POLICIES

Scholarships, awards, grants-in-aid, loans, and campus employment must be formally applied for by all students. New students should obtain and return application forms at the admissions office. Returning students should apply to the dean of students’ office. Application for scholarships by new students must be completed not later than the first of April preceding the semester during which the scholarships will be effective, unless stated otherwise. Financial aid applications go to the Student Aid and Scholarship Committee for consideration. Applicants will be notified when their applications are approved or disallowed.

The primary purpose of the financial aid program is to provide assistance to qualified students who otherwise could not enter or continue in college. Special recognition for academic accomplishments
is made possible by the admission status granted and not primarily by the financial aid program.

Taylor University is a member of the College Scholarship Service, an organization which assists applicants and colleges in financial aid considerations. All students seeking scholarships, loans, and grants-in-aid must provide, in addition to the Taylor application form, the Parents' Confidential Statement of the College Scholarship Service. Information concerning this service may be secured from the high school, or from College Scholarship Service, Box 176, Princeton, New Jersey, or from College Scholarship Service, Box 27896, Los Angeles, California.

All scholarships, awards, loans, grants-in-aid, and student employment are granted and continued on the basis of financial need, academic standing, potential, and sympathy with the moral and spiritual purposes of the college. Entering students are eligible for only one scholarship, award, or grant plus employment. Those receiving financial aid may be asked to assist the college on special occasions as hosts and hostesses or in other capacities.

To continue a scholarship, the student must be in continuous attendance, consecutive by semesters and years. However, permission may be granted for a break in the continuity of attendance provided the reason for the interruption is worthy of such consideration. If the student should withdraw from college because of his inability to continue his education, the amount of the scholarship used will be a gift to him. Should he transfer to another institution to continue his education, the amount of the scholarship used may become due and payable to the university before a transcript of credits will be furnished. Should withdrawal occur within a semester, the scholarship will not be effective for that semester.

The Student Aid and Scholarship Committee will evaluate annually the conditions upon which a scholarship continues in effect. All decisions of this committee are considered part of the financial aid policies.

SCHOLARSHIPS

Selective Honor Scholarships: Selective Honor Scholarships are awarded to students of superior academic attainment on the basis of financial need, character, and promise of future usefulness. Ten scholarships of $800 each ($200 each year for four years) are available to first-semester freshman students. They are continued for four years by maintaining a 1.0 average through the freshman year, a 1.5 average through the sophomore year, and a 2.0 average through the junior year. Recipients must room and board in college facilities. Four years of study at Taylor University are expected.

President's Scholarships: Qualifications are the same as for Selective Honor Scholarships. Ten scholarships of $400 each ($100 each year for four years) are available to first-semester freshman students. Recipients may be commuters.

I. N. Reitenour Scholarship Fund: In 1955 a bequest was made
to Taylor University by I. N. Reitenour of Union City, Indiana. The interest from this bequest provides scholarships for entering freshmen of $1000 applied at the rate of $125 per semester. The scholarships are initially awarded and continued through four years on the basis of scholarship, need, character, and promise of future usefulness. The recipients of this scholarship are selected from among the applicants for the Selective Honor Scholarships.

The Reader's Digest Scholarships: Four scholarships of $250 each for one year are provided by the Reader's Digest Foundation to entering freshmen who meet the qualifications stated for Selective Honor Scholarships.

The Presser Foundation Scholarship Grant: The Presser Foundation Scholarship Grant of $400 is divided between two or more students. Only students of good character and satisfactory standing, who without the help provided by the Presser Foundation could not carry on their studies, may be made recipients of these scholarships. Preference is given to those who expect to become teachers of music.

Dr. L. Monroe Vayhinger Memorial Music Scholarships: Three scholarships of $150 each are offered annually to new students who major or minor in music and who give promise of superior accomplishment in this field. The scholarships are applied at the rate of $75 a semester for the first year. Recipients will be nominated by the faculty of the music department and must be approved by the Student Aid and Scholarship Committee no later than the first of September. These scholarships are given in memory of Dr. L. Monroe Vayhinger, president of Taylor University from 1908-1921.

The M. Lee Wilson Memorial Scholarship: A scholarship of $100 is given annually by Mrs. Melvina Wilson and Mr. and Mrs. Richard Turner as a memorial to the Reverend M. Lee Wilson. Qualifications include preparation and potential for the ministry or mission field, financial need, and a B average. Preference is given to a Methodist young man.

Frase and Shy-Fleser Scholarships: Each scholarship provides $200 at the rate of $100 per semester for one year to one male student who shows promise of contributing to Taylor University through the physical education department. Each states that the candidate must be fully in sympathy with the ethical, moral, and spiritual emphasis of Taylor University, and give evidence of financial need. Nominees will be selected by the faculty of the physical education department and submitted for approval to the Student Aid and Scholarship Committee no later than the first of September. One scholarship is sponsored by Bruce Frase '51, Wayne Frase '52, and Stuart Frase '55, and one is sponsored by Edward Shy '50 and Calvin Fleser '48.

International Student Scholarships: Two scholarships of $600 each are granted each year to qualified students from foreign countries. Recipients must room and board in college facilities and maintain satisfactory progress toward graduation. Each scholarship may be continued for four years by action of the committee on scholarships. The deadline for a completed scholarship application and admission to
the college is the January first preceding the semester during which the scholarship will be effective.

Mrs. R. R. Weed Memorial Scholarship: An award of $100 is given annually by Reverend R. R. Weed as a memorial to his wife. The recipient must be an upperclassman who is preparing for some type of full-time Christian service and who had a B average at the end of the sophomore year of college.

All-College Scholarship: An expense scholarship in the amount of $200 is awarded to the student who earns the highest scholastic standing during the academic college year. The winner is selected from the junior, sophomore, or freshman class, and the scholarship is effective during the academic year following the commencement season at which the award is made.

Alumni Scholarship: The Taylor University Alumni Association provides a scholarship of $100 to be given to a junior student who has shown evidence of Christian character, leadership qualities and a scholarship point-hour ratio of 2 or above. This is an expense scholarship applied to the student's account in the college year following the commencement at which the award is made. A committee appointed by the Alumni Association nominates the candidate to the Student Aid and Scholarship Committee. (The winner of this scholarship must be other than the winner of the All-College Scholarship).

The Shilling Scholarship for Excellence in Science: This scholarship of $100 is given by Doctor C. W. Shilling, of the class of 1923, in memory of his parents, Reverend and Mrs. John H. Shilling. It is awarded to a junior majoring in chemistry or biology, whose point-hour average for his junior year is at least 2.3. The faculty of the division of science makes nomination to the Student Aid and Scholarship Committee.

Lange Scholarship Fund: This scholarship fund has been given by Mr. and Mrs. Fred M. Lange of Dallas, Texas, and has been established in perpetuity with the income to be awarded to worthy students at the discretion of the Student Aid and Scholarship Committee. Grants shall be given on the basis of need and academic attainment along with character qualifications and promise of leadership in their chosen profession. For each two dollars of earnings of this fund given in scholarship, one dollar will be used for the operating fund of the college.

GRANTS-IN-AID AND LOANS

Grants-in-Aid: Aid to a limited number of upperclassmen is available through contributions made for this purpose by friends of the institution. Application is made to the dean of students.

Taylor Student Loan Funds: The Taylor Loan Fund has been formed from monies sent in by alumni and friends for this purpose. Loans are made after the first semester of attendance and only to a student having a satisfactory academic and citizenship record.
The following amounts are available annually: not more than $100 to a freshman, $200 to a sophomore, $300 to a junior, and $400 to a senior. The maximum loaned to any one student is $800 over a four-year period.

Interest is payable on each anniversary date of the loan and is at the rate of 1% per annum while the student is in attendance and at 4% per annum thereafter until the note is paid in full. The first payment on the principal is due not later than four months after the student leaves the college. Interest is computed on the unpaid balance and loans may be paid in full at any time. Payments are made monthly and are in the amount of 10% of the principal on loans up to $300 and 5% on loans over this amount. Application is made to the business manager.

**Methodist Student Loan Funds:** Methodist students who are registered as full-time degree candidates and who maintain at least a C average may apply for a Methodist Student Loan. Applicants must be recommended by both the church and college as dependable Christians showing promise of usefulness to the church and society. Application is made to the dean of students.

**National Defense Student Loan Program:** The Federal Government sponsors a student loan program which enables a full-time student to borrow money. Preference is given on the following factors: evidence of financial need on the part of the student and the parents, superior academic achievement and potential, and preparation for teaching. Application is made to the business manager.

**Other Loan Programs:** Many good plans for meeting educational expenses are available through banks and specialized companies. Education should be regarded as an investment and, like many good investments, it may be necessary to purchase it on an installment plan. Information is available through the director of admissions.

**Vocational Rehabilitation Aids:** Students from Indiana, as well as those from a number of other states, having vocational handicaps are eligible for aid in varying amounts.

**STUDENT EMPLOYMENT**

**General Policies:** The primary obligation of the student is to his studies. Employment policies attempt to define the usually effective balance and limits of academic and non-academic concerns. Freshmen may not engage in more than fifteen hours of employment without the special permission of the dean of students; upperclassmen, not more than twenty; and, no student may accept off-campus employment without permission. Additional work hours mean fewer academic hours.

**On-Campus Employment:** Students may work in the kitchen, dining room, residence halls, library and academic buildings. Opportunities for secretarial and instructional assistance are also available. Campus work is intended to aid the student in relation to those incidentals which are an inevitable part of life at college.
Off-Campus Employment: A limited number of young people work in nearby communities. Not many part-time jobs are available, since most of the factories insist upon a forty-hour week. It is recommended that resident students should not take off-campus jobs because of the long hours and time spent going to and from work.

Application for Employment: Application forms for on-campus employment are obtained by entering students from the director of admissions. Completion of a work application does not guarantee a place on the working staff. The applications permit work supervisors to select new students tentatively. Hiring is done after a personal interview during freshman week. Applications for off-campus employment may be obtained from the dean of students after the student's arrival on campus.

CONTESTS AND AWARDS

Homer and Annabel Speech Award: This award of $50 is given annually by Homer and Annabel Chalfant, classes of 1914 and 1915. The contest centers around the life of some historically significant character, selected annually by the university faculty, whose contribution to society has reflected the aims and objectives of Taylor University.

McLennan Oratory Award: This award is given annually by the Rev. Ross McLennan in memory of his brother. First prize, $60; second prize, $40. Subject matter must deal with control of the liquor traffic, with special emphasis on prohibition.

Shilling Art Award: This award is made possible by friends and the two sons, Commander John H. and Doctor Charles W. Shilling, in honor of Mrs. Mary O. Shilling. Mrs. Shilling was on the staff in the art department of the university for many years. She promoted an appreciation for art throughout her life. The contest will be conducted by the art department during the second semester of each college year. Prizes of $15 and $10 will be given in both water color and oil painting.

Truman Psychology Award: The Truman Psychology Award, sponsored by the Rev. and Mrs. Lee Truman, was created to encourage students interested in the field of psychology. Two awards, one of $15 and one of $5, are given annually for research projects approved by the psychology department.

Coburn Track Award: An award of $100 is given to a young man, on the basis of need, who has distinguished himself during the preceding season as a track man and has demonstrated satisfactory social, academic and spiritual qualities. Recipients are nominated by the faculty of the physical education department and approved by the Student Aid and Scholarship Committee. The name of the winner is inscribed on a bronze plaque in the gymnasium. This award is sponsored by Maurice Coburn, '49.

The Gates-Howard Award: This award consists of a bronze name
plate attached to a plaque, the gift of J. B. Gates and Arthur W. Howard, both of the class of 1934. It is given upon faculty recommendation to the upperclassman having brought the greatest honor to the school through athletics, combined with Christian character and scholarship.

Granitz-Nelson Football Award: An award of $100 is given in the sophomore year to a young man, on the basis of need, who has distinguished himself during the freshman year in football and has demonstrated satisfactory social, academic and spiritual qualities. Recipients are nominated by the faculty of the physical education department and approved by the Student Aid and Scholarship Committee. The name is inscribed on a bronze plaque in the gymnasium. The award is sponsored by John Nelson, '52, and Don Granitz, '52.

Jackson-Lindland Basketball Award: An award of $100 is given to a young man, on the basis of need, who has distinguished himself during the preceding season as a basketball player and has demonstrated satisfactory social, academic and spiritual qualities. Recipients are nominated by the faculty of the physical education department and approved by the Student Aid and Scholarship Committee. The name of the winner is inscribed on a bronze plaque in the gymnasium. The award is sponsored by Herman Lindland, '52, and Forrest Jackson, '54.

COLLEGE COMMUNITY LIFE

Cultural Activities: The university conducts a regular lyceum course consisting of lectures and musical concerts. Several major dramatic productions are given under the direction of the speech and music department. These departments sponsor numerous public recitals, concerts, and programs.

Social Activities: Throughout the year the university and student organizations sponsor social functions of an all-campus nature, such as the student-faculty reception, the fall homecoming, and banquets. A faculty-student committee is responsible for scheduling activities for each Friday and Saturday evening.

Religious Activities: All students are expected to attend the church of their choice within the community and the campus Sunday evening service.

Chapel services are scheduled for Mondays, Wednesdays, and Fridays, and class and faculty prayer meetings are held on Thursdays. All students are expected to attend the regular chapel worship services. Occasionally, general assemblies are announced instead of the regular chapel worship, and these come within the same regulations.

Other annual activities include a fall and spring spiritual emphasis week, a missionary conference, and a youth conference. Students may participate in gospel teams following the first semester and a few student pastorates are open to upperclassmen.

Athletic Activities: The purpose of the athletic program at Taylor University is to give the students who possess an above-average degree
of athletic ability an opportunity to develop physically, mentally, socially, and spiritually. Taylor's athletic program places a strong emphasis on the highest type of sportsmanship and Christian living. The athletic program also provides an opportunity for the physical education professional students to gain experience and insight into this one phase of their chosen profession.

Taylor participates in the following intercollegiate sports: basketball, football, baseball, track, cross country, golf, and tennis. The college maintains active membership in the Hoosier College Conference, the Indiana Intercollegiate Athletic Association and the National Association of Intercollegiate Athletics.

The opportunity is offered for all to take part in athletics. A complete intramural program is afforded for all those who wish to participate. Students are encouraged to take part in any of the following sports: basketball, touch football, softball, track, volley ball, golf, archery, table tennis, shuffleboard, horseshoes, bowling, and fencing. Other sports are included in the program from time to time as interest and facilities justify them.

Women have an opportunity to participate in athletics at Taylor University. A strong emphasis is given to the intramural program. There is a limited intercollegiate schedule which includes six to eight basketball games. No women's games are played at night, and no interstate travel is allowed.

The men's intercollegiate contests are scheduled as follows:

Cross Country—eight meets plus the conference and state meets.
Football—not more than nine games.
Basketball—not more than eighteen games during the regular college year plus games during vacation or between semesters. When a team is outstanding, it is permitted to participate in the NAIA play-offs.
Track—seven meets plus conference and state meets.
Baseball—not more than fifteen games plus games during spring vacation.
Golf—not more than eight meets plus conference and state meets.
Tennis—not more than eight matches plus conference and state meets.

Student Conduct: General student conduct is governed by the student handbook, which is published by the Student Personnel Services Committee. By enrolling in the college, each student agrees to observe these standards of conduct. Any student who becomes antagonistic to the spirit and policy of the institution, or who fails to accomplish the true purposes of college life on a Christian campus, may forfeit the privilege of continuing as a student. Dancing, card playing and the use and/or possession of tobacco and intoxicants are not permitted, on or off campus, while the student is associated with Taylor University.

Non-commuting freshman students are not permitted to have or use automobiles on the campus or in the area. Others may have a car
if they register it with the dean of students on registration day, maintain satisfactory academic and citizenship status, obey all car regulations of the university, have a driver's license, and provide evidence of liability insurance.

One form of campus discipline is citizenship probation. Citizenship probation is an aid to help one overcome bad social habits, lack of respect for other people and property, and undue carelessness. Living in a closely-knit community, one is expected to regard the rights of others. The highest social and ethical standards are to be observed. Cheating, untruthfulness, and any other form of dishonesty or undesirable social conduct will be a cause for probation.

GOVERNING BODIES

The Councils: Three councils, the Advisory Council, the Faculty Council, and the Student Council, provide channels of communication and operation for their representative groups.

The Standing Committees: Faculty-student committees formulate policies and programs in important areas of the campus community. These committees are as follows: Athletic, Campus Activities, Fine Arts, Library, Public Relations, Religious Services, and Student Personnel Services. The primary student committees are as follows: Executive, Social, Finance, Service, Student Organizations, and Academic Affairs. Faculty committees are as follows: Academic Affairs, Admissions, and Student Aid and Scholarship.

Other Governing Bodies: Other major governing bodies are Student Judiciary, Residence Hall Councils, Inter-Class Council, and Academic Class Cabinets.

STUDENT ORGANIZATIONS

Academic Classes: Each class meets for business at the call of the president, and engages in various social events during the year.

Divisional Clubs: The general purpose of these clubs is to give to students majoring and minoring in the various divisions an opportunity to participate in study and research which correlate course material, and to obtain thereby an overall view of the field of study. Taylor University has clubs for the various divisions and in some departments within divisions. Majors are expected to hold membership in their divisional or departmental club. The student may also participate in the club activities of the division in which he is minoring, provided there is no conflict with the activities of the club in his major field. Divisional clubs are as follows: English Club, Language Club, Music Club, Science Club, Social Science Club, and Student Education Association.

Organizations of General Interests: The following organizations have been developed to permit expression and promote understanding in areas of particular interest: Alpha Pi Iota (pre-medical and dental club), Ambassadors for Christ (missionary), Chi Alpha Omega (scholarship), Collegiate Christian Business Men's Committee, Gamma
Delta Beta (cultural), Holiness League (Christian experience), International Student Fellowship, Soc-Psy-Ely, (sociology and psychology), Symposium Dialecticum (discussion), T-Club (athletics), and Women's Recreation Association.

Student Publications: The Echo, the student bi-weekly paper, reports the news of the institution, carries editorials and exchanges, and aims to assist in molding a proper college spirit. The Gem is the traditional name of the college annual, edited and published each year by the students. The Tower is the literary magazine published annually which features the original works of students and faculty.

ABOUT THE PICTURES ...

1. Students enjoy both cafeteria and family-style meals in the spacious Camp Memorial Dining Hall. 2. The academic "hub" of the campus is the 40,000-volume Ayres Alumni Memorial Library. 3. The dining hall adjoins the new Morris Residence Hall for men. 4. The Magee-Campbell-Wisconsin Residence Hall houses 313 women. 5. (top) A biology professor describes her research program during filming for a telecast. Two radiation research projects are sponsored by the United States Atomic Energy Commission. 5. (bottom) The Taylor Student Council in session. Taylor has a progressive student government which includes the honor system, a student judiciary, faculty-student committees, and a student leadership training program. 6. (top) The Taylor-Marion Civic Symphony is one of several musical groups which provide training and experience for student musicians. 6. (bottom) The prayer chapel is a haven for quiet meditation and prayer, and symbolizes the centrality of Christ in Taylor's campus life.
The price of ignorance is greater than the cost of education.

Student Expenses

The cost of education at Taylor University is kept as low as possible. The college reserves the right, however, to advance rates if and when necessary.

ESTIMATED COST FOR ONE SEMESTER

A full-time boarding student taking a regular load of twelve to sixteen (12-16) hours will find the semester's expenses, exclusive of any special fees, to be as follows:

Tuition, Board and Room (2 in a room) ......................... $750
Tuition, Board and Room (3 or 4 in a room, and Fairlane Village) ....................................................... 740

Included in the above is regular tuition, laboratory fees, incidental fee, health service, board and room (linen rental charge and weekly laundry of sheet, pillow case, wash cloth and towels).

Tuition—The tuition charge for 12-16 hours is $400. (This includes laboratory fees and incidental fee.) The charge for less than 12 hours is $32 per hour. The charge for more than 16 hours is $25 per hour. Persons not registered as students may attend courses as auditors without credit upon authorization of the academic dean and the payment of $12 per hour.

SPECIAL FEES

Student Insurance: $18 for single students and $58 for a family. This is charged each resident and full-time student not already covered by Blue Cross-Blue Shield. It is an annual fee and covers the student from the time he arrives on campus until his return the next Fall. The charge for those entering second semester is $12 (single) and $39 (family).

Incidental: $16 per semester (included in tuition charge for 12 hours or more). This is charged each student carrying 9 hours or more for college credit. (Athletic activities, Echo, Gem, lyceum series, post office, recreational facilities and student government are included). Permanent employees and their wives or husbands are exempt from the incidental fee. In the registration of both student husband and wife, the payment of the fee is optional for the second member. (Anyone not paying the incidental fee will be charged the regular student rates when using the specific benefits covered by the fee.)
Special Examination: $4. This fee is charged for all special examinations and make-up tests unless written exemption from it is issued by the academic dean. The professor will require a receipt from the business office showing that the fee has been paid.

Graduation: $20. This fee is paid by all who expect to receive a degree, and is included in the cost for the last semester of the senior year. It includes the diploma, rental of cap and gown, and other graduation expenses.

Late Registration: $10 per week after the designated registration days of any semester.

Change of Registration: $2 for each change made after the regular time of registration.

Supervised Student Teaching: $8 per hour. This includes the cost of applying for certification, and placement service for three years.

Supervised Social Case Work: $25 per semester.

Reading Improvement Service: $25 per semester.

Private Music Lessons, per semester: (1 lesson per week)
- Organ (includes 5 periods per week practice) .......... $70
- Piano (includes 5 periods per week practice) .......... $50
- Instruments (includes 5 periods per week practice) .... $44
- Voice (includes 5 periods per week practice) .......... $50
- Voice and Piano Class (5 in a class)
  (includes 5 periods per week practice) ........... $15 each

Instrument rental: $9 per semester.

PAYMENT OF BILLS

A 1% discount is allowed if the semester's bill is paid in full at registration time or before.

Payment of the amount due for each semester may be made in one of the following ways:

a. Payment by mail in advance of registration.

b. A minimum payment of $400 for full-time boarding students and $200 for full-time non-boarding students (in addition to advance deposit) must be paid before registration is completed. Part-time students must pay at least one-half of the semester bill. The balance for the first semester is due by November 15th, and for second semester the Wednesday following the resumption of classes after Easter vacation. Class attendance is not permitted if a student's account is not current.

c. Extreme hardship cases may be worked out in advance with the business manager.

Workbill credit will automatically be applied to the account if not paid in full when second half is due. A minimum charge of $2 or 10% of the bill, whichever is greater, will be made for collection
of overdue bills. All accounts must be paid in full before academic credit is granted.

WITHDRAWALS AND REFUNDS

Withdrawals from the college must be approved by the academic dean before any refunds are made. Fees are not refundable. Any student who must withdraw because of citizenship will not receive a refund.

Refunds are based on the total semester bill and on the date the official withdrawal form is completed (not on the date the student stops attending classes). A service fee of $25 is charged students who complete registration but must withdraw before attending classes. Any unusual deviations from the above are at the discretion of the business manager.

There is no refund of tuition if a course is dropped after the first week of the semester.

Tuition and private instruction fees, which are refundable upon consent of the academic dean, are on the following basis:

- Withdrawals from college up to the end of the 3rd week .... 60%
- Withdrawals for the next three weeks .................. 40%
- Withdrawals during the third 3-weeks' period .......... 20%
- Withdrawals any time after the end of the 9th week .... None
- Board: unused portion (full weeks only) .............. 90%
- Room ................................................ None

ADDITIONAL INFORMATION FOR VETERANS

Veterans should apply promptly to their nearest veterans office for an original or a supplemental certificate of eligibility. The Veterans Administration will make no subsistence payments to GIs, nor will it assume any obligation to pay for tuition, fees, etc., to the college, until the veteran's certificate of eligibility is approved, processed through the college, and forwarded to the nearest regional office of the Veterans Administration. Delays may occur in the receipt of subsistence checks, and veterans coming to college should so finance themselves that they can pay their college bills when due, as the college cannot defer individual student payments until receipt of subsistence checks. If any payments are disallowed by the V. A., for any reason, the veterans are expected to settle their accounts with the college promptly upon notification of such disallowance.

Veterans should check the regulations concerning the time limits for beginning training under their GI Bill. Information may be had at the Veterans Administration.
Financing college education calls for advance planning. It begins with laying funds aside for the child’s education while he is yet young. Parents whose children have reached college age, but who have not made this provision, may need to explore various modern methods of educational financing. An intelligent approach to the problem is as important as early planning. This may include a willingness to borrow funds for education as most American families borrow for automobiles and home appliances. A college education costs about an automobile and a half, a luxury which few people deny themselves during a four-year period equivalent to a college course.

A number of savings-loan programs which spread the cost of a four-year college education over six years are available from various corporations or agencies. These combine the factors related to family resources and the student’s earning power into effective and efficient financial plans for continuous education.
Admission, Eligibility and Records

Students are selected with a view to a correlation of their interests with the aims of the college and their ability to pursue the Taylor program.

ADMISSION

All candidates for admission must give satisfactory evidence of good character and declare a willingness to abide by the standards of Taylor University. The basic academic requirements are: graduation from an accredited high school, rank in the upper one-half of the class and presentation of scores from the Scholastic Aptitude Test of the College Entrance Examination Board. The application is made on forms provided by the university and must be accompanied by a non-refundable application fee of $10. These credentials include a high school transcript, an application, a brief autobiography, a record for the personnel office, a pastor’s recommendation, and a health report. An instruction sheet accompanies the forms.

High School Credits: A suggested program of high school studies in preparation for admission to Taylor University is as follows: English, 4 units; foreign language, 2 units; social studies, 2 units; science, 2 units; mathematics, 2 units. Algebra is strongly recommended as one of the units in mathematics. No credit is allowed for less than 2 units in any foreign language. Students who contemplate earning the bachelor of arts degree are urged to include at least two years of the same language. If no laboratory science is presented for admission, 16 hours (2 years) will be required.

College Entrance Examination Board Tests: Each applicant seeking admission to the freshman class is required to present the scores of the Scholastic Aptitude Test, to be taken during the senior year of high school. Scores from the August test will be accepted from those applicants who are midyear graduates. The scores must come directly from Educational Testing Service, Princeton, New Jersey. A Bulletin of Information concerning this test is available from high school principals or guidance counselors, or from College Entrance Examination Board, Educational Testing Service, Box 592, Princeton, New Jersey. It contains registration materials, the exact test dates, the location of the testing centers and the amount of the fee. The application for the test should be mailed to this address. Those living in the far western states, Alaska and Hawaii, far western Canada, Mexico, Australia, Pacific Islands (including Japan & Formosa) should
send their applications to College Entrance Examination Board, P. O. Box 27896, Los Angeles 27, California.

Taylor University reserves the right to ask each applicant to take the College Entrance Examination Board's essay exercise known as the Writing Sample, and/or one or more of the achievement tests. The applicant will be specifically notified if he is required to take these tests.

Advanced Placement: To seek advanced standing or college course credit, the applicant must take the Advanced Placement Examination of the College Entrance Examination Board in the field of study for which he may qualify by having taken a college-level course, by tutorial assistance or by independent study. Advanced Placement Examinations are offered in May of each year in the following fields: Literature and English Composition, American History, European History, French, German, Latin, Spanish, Mathematics, Biology, Chemistry, and Physics. A Bulletin of Information for Students is available at the high school or through College Board Advanced Placement Examinations, Educational Testing Service, Box 592, Princeton, New Jersey.

Transfer Student Admission: A transfer student must present the credentials required of high school students and, in addition, a transcript (with honorable dismissal) of the academic record and a personnel report (Form A-4) from each college attended. Normally, a cumulative B-average in college studies is required. The College Board test is not required of transfer students who have successfully completed one year of college.

Taylor University will accept in transfer only courses in which the record shows a grade of C or above, except in the case of sequence courses in which the second semester shows definite improvement over the first, these exceptions to be made only at the discretion of the registrar and dean. They are not to exceed a total of ten semester hours. Credit granted for work accepted in transfer is provisional, subject to the completion of one semester of satisfactory work in Taylor University.

Transfer students must take in residence at Taylor University a minimum of one-half the credit hours required in the major field of study.

Admission to Taylor University does not automatically grant admission to the teacher education program. Each student, after a minimum of one semester of study in residence, must apply to the Teacher Education Committee for formal admission to this program.

Acceptance: Applicants will receive notice of the Admissions Committee's decision within eight weeks after the date the College Board test is taken, if all other credentials are in order. All acceptances are validated by the submission of a satisfactory transcript upon graduation from high school. The supplementary transcript must include the listing of subjects and grades for courses completed since the submission of the first transcript, and the final rank in class. Transfer students must submit satisfactory supplementary transcripts for work completed subsequent to application for admission.

Advance Payment: When the applicant receives the notice of
acceptance an advance payment of $100 becomes due. Of this payment, $10 covers the refundable admission deposit (upon termination of work at Taylor University, and the condition that there are no bills outstanding) and $90 is applied to the student’s first-semester bill. Students accepted before February 15 for September enrollment must pay $100 by March 15. Those accepted on February 15 or after pay within thirty days from date of acceptance. Students accepted for second semester admission before June 15 must pay $100 by July 15. Those accepted for the second semester on or after June 16 pay within thirty days from date of acceptance. Late acceptees must make the advance payment by one week before registration day.

The advance payment is refundable according to the following schedule if notice of withdrawal is received by:

<table>
<thead>
<tr>
<th>Second Semester</th>
<th>First Semester</th>
<th>Refund</th>
</tr>
</thead>
<tbody>
<tr>
<td>May 31</td>
<td>September 30</td>
<td>$95</td>
</tr>
<tr>
<td>June 1-July 14</td>
<td>October 1-November 24</td>
<td>$50</td>
</tr>
<tr>
<td>July 15 and after</td>
<td>November 25 and after</td>
<td>None</td>
</tr>
</tbody>
</table>

Failure to make the advance payment means the new student will not have a place reserved for him. Late payment can be accepted only if space is available.

Returning students must make the advance payment for September admission by July 15; for second semester admission, by September 30. The $100 is applied to the first semester account if the $10 admission deposit is intact. Former students re-admitted after these dates must make the advance payment within thirty days from the date of acceptance or by one week before registration day, whichever comes first.

REGISTRATION

Registration for all students will be held on the first day or days of each semester. Entering students will be assigned to faculty advisers for conference and approval of registration. Advanced students who have chosen major fields must have their registration approved by their major professors.

Late registration is permissible only by the consent of the academic dean. A late registration fee of five dollars per week, or fraction thereof, must be paid by the student unless excused by the dean. After two weeks of classes, students may carry only twelve hours of work. There will be no enrollment after three weeks of classes.

Residence work is defined as work taken in regular course for which the student registers at the beginning of a regular semester. Residence status for all matters pertaining to student personnel services is interpreted to include students living in the college dormitories, college-operated apartments and trailer courts, or in the university addition of Upland.

ELIGIBILITY

Co-curricular Activities: A student must be a regularly enrolled undergraduate carrying and passing a minimum of twelve semester
hours and earning at least one quality point per hour. Above twelve hours and points, the student must not fall below the scale of satisfactory progress toward graduation. He must not be on academic or citizenship probation. If a student fails to meet these requirements, he is ineligible for the whole of his next semester.

Intercollegiate Athletics: In addition to general eligibility requirements, Taylor University observes the regulations of the Hoosier College Conference.

Musical Organizations: Eligibility for musical organizations is determined on a year's basis, provided the student is enrolled in the musical organization for academic credit. A student may not join such an organization in the first semester if he is admitted on probation or is ineligible, and he may not be permitted to enroll for the second semester if he becomes ineligible or is on probation as a result of first semester grades. However, if he becomes ineligible or is on probation at the beginning of the second semester, having been in the organization for the first semester, he may then continue for the second semester provided he makes other adjustments in the use of his time and energy in order to balance this responsibility.

Restrictions: As an aid in overcoming academic deficiencies, the student who is ineligible or is on academic probation is expected to observe the following: no unexcused absences from classes or chapel, and no employment on or off campus without the permission of the dean of students. A resident student on probation may not have or use an automobile.

TRANSCRIPTS OF RECORD

An official transcript of the student's academic record bears the registrar's signature and the university seal. An unofficial transcript does not have the seal. Taylor University assumes no responsibility for the accuracy of a transcript after it leaves the registrar's office.

A transcript of an academic record normally includes a list of all courses attempted, the grades and quality points earned, and the credit received. Most transcripts also bear the high school graduation date. Credits accepted in transfer are a part of the record. Because of the January 1960 fire which destroyed the administration building, certain exceptions exist, especially in the records of nongraduates.

Requests for transcripts must be made in writing. Normally, official records are not sent without the student's written authorization.

Two weeks must be allowed after the close of a semester for the issuance of an up-to-date transcript.

Each student is entitled to one free transcript. Additional copies cost $1 each. No transcript will be issued unless all bills to Taylor University have been paid or are current according to agreement with the business office.

GRADE REPORTS

At the close of each semester, the registrar sends the grade report to each student's parents or guardian. In the case of married students, the grade reports are sent directly to the student.
It is an important part of the discipline of education to cultivate interest in subjects which are uninteresting to us.

**Academic Regulations**

Academic policies and regulations are administered by the offices of the academic dean and the registrar.

**STUDENT CLASSIFICATION**

The school year is divided into two semesters. The student may enter at the beginning of either semester, but it is advisable that he register in the fall.

A student cannot be classified until he has met the entrance requirements and has no greater deficiency than one unit of high school work. The classification of students is made at the beginning of the school year on the following basis:

**Freshmen:** Students who are carrying twelve or more semester hours of college work.

**Sophomores:** Students who have no entrance condition, have completed twenty-two semester hours and have earned twenty-two quality points.

**Juniors:** Students who have completed fifty-four semester hours and have earned at least an equal number of quality points.

**Seniors:** Students who have completed eighty-eight semester hours and have earned at least eighty-eight quality points.

**Special:** Non-degree students admitted on the basis of maturity and ability, but who fail to meet regular-standing requirements or who plan to study for personal improvement only. They may qualify for regular standing by removing entrance deficiencies and by earning a minimum C (1.0) average. Normally, there is a 30-hour limit. Credits earned as a special student may apply toward a degree when regular standing is attained.

A student's classification is, in any given semester, based on the total number of credit hours and quality points earned to date. Status in academic classes relative to the holding of offices and participation in social functions is to be determined with reference to these classifications.

**CLASS ATTENDANCE**

Regular attendance is required in all classes. Excuses for absences which are obviously beyond the student's control are to be obtained from the academic dean, the dean's secretary, or if due to illness, from the director of health services. Excuses must be registered with
the professors concerned within one week after the absence or the last consecutive absence. Students are expected to arrange with their professors for make-up work. If work is not made up within a reasonable time there will be a deduction from the semester’s grade.

For students whose standing meets eligibility requirements, unexcused absences equal to the number of class meetings per week are permitted during a semester without penalty. A laboratory period is equivalent to a regular class period and absences from lectures and laboratories are not interchangeable.

These permitted absences are not vacations from class attendance, but may be used for such activities as conferences, engagements related to outside work, job interviews, etc. Absences for officially scheduled and faculty-approved activities will consume these cuts, but in such cases the student is not limited by the number of class meetings per week. For each unexcused absence beyond the number permitted, one-half hour of credit and a proportionate number of quality points, figured to the nearest half, will be deducted from the cumulative total of credit hours and grade points. The same regulation applies to chapel attendance.

Absences from classes during the twenty-four-hour period immediately preceding or following a school holiday count double. Three tardies count as one absence.

Absences because of approved late registration or because of changes of registration are excused, but they consume cuts for which the student would otherwise be eligible.

If a student has absences in any course exceeding one-sixth of the total class periods of the course, credit is withheld unless exception is made by special action of the Committee on Academic Affairs.

GRADING SYSTEM

The letter marking system is as follows:

A—Superior  F—Failure
B—Better than average  W—Withdrawal from college
C—Average  WP—Withdrawal while passing
D—Passing  WF—Withdrawal but failing
E—Condition  Inc.—Incomplete

An incomplete is given when a student, because of illness or other circumstances beyond his control occurring during the last month of a semester, is unable to complete his work by the end of the semester.

In case of withdrawal from a course, the quality of the student’s work will be indicated as either passing or failing, provided the withdrawal occurs after the period during which changes of registration are permitted.

A condition, or an incomplete mark, lapses into a failure if not removed the following semester. Any variation from this rule must be taken up with the Committee on Academic Affairs. When a condition is removed, the mark attained may not be higher than C.

Quality points are given with the marks as follows: 3 per credit hour for A, 2 for B, 1 for C, 0 for D, -1 for F.

In order to maintain the minimum graduation standard of the college, a student is required to earn a scholarship rating equivalent
to at least one quality point for each credit hour for which he is registered. The average scholarship rating in terms of quality points is found by dividing the total number of hours for which the student is registered into the total number of quality points earned. For example, 15 scheduled hours and 15 quality points indicate a scholarship rating of 1.0, i.e., an average of C.

GRADUATION HONORS

In recognition of superior scholarship, the college awards honors of three grades at graduation, namely, Cum Laude, Magna Cum Laude and Summa Cum Laude.

Cum Laude is awarded those students who have an average of quality points of not less than 2.3 for each credit hour of academic work. To be eligible for this honor, the student must have been in residence at Taylor University during all of his junior and senior years and have earned a minimum of sixty semester hours of credit.

Magna Cum Laude is awarded those students who have an average of quality points of not less than 2.7 for each credit hour of academic work. To be eligible for this honor, the student must have been in residence study at Taylor University throughout the entire four-year course.

Summa Cum Laude is awarded those students who have a standing of 2.85 in all of their college work. This is also based on a full course of study at Taylor University.

Chi Alpha Omega is a scholastic honor society, election to which is limited to not more than 10% of the senior class.

HONORS PROGRAM

In most of the departments, opportunities are offered to superior students for independent work under the direction of the department head. Honors courses are open to seniors and juniors in the major and minor fields of study on the condition that a B average has been maintained in all work done in that field.

JUNIOR YEAR ABROAD

To students who give evidence of superior achievement, opportunities are open to spend the junior year studying in France under the sponsorship of the Institute for American Universities. Applications must be made to the Academic Affairs Committee during the sophomore year, and students will be recommended by that committee on the basis of individual qualifications.

ACADEMIC PROGRESS TOWARD GRADUATION

A freshman is on probation unless his point-hour ratio for the first semester is .6 or above. He will not be permitted to register at the beginning of the sophomore year unless his point-hour ratio for the entire freshman year is .7 or above.

A sophomore is on probation unless he has, at the end of the
first semester of that year, a scholarship standing of .8 or above. He will not be permitted to register at the beginning of the junior year unless his average is .85 or above, this standing to be based on all work done since entering Taylor.

A junior is on probation at the end of the first semester of that year unless his point-hour ratio is .9 or above based on all courses pursued up to that time. He will not be permitted to register at the beginning of the senior year unless his point-hour average is .95 or above, this average to be based on all work done since entering Taylor.

A senior must have earned at least 108 quality points and a scholarship standing of 1.0 at the end of the first semester of the senior year in order to be considered a candidate for graduation in June.

The case of any student who falls below these minimum levels may be presented to the Academic Affairs Committee for consideration for an extension of probation, which may be granted if the record is near the minimum requirements. Students on probation may be advised to limit co-curricular activity and are ineligible for class cuts.

These point-hour ratios are to be understood as minimum requirements for remaining in college. Other scholastic standings as they relate to major fields of study, teacher education curricula, et cetera, are listed in the statement of general requirements for graduation.

STUDENT HOUR LOAD

Twelve to sixteen credit hours per week constitute a normal load of academic work. Freshmen who have campus work are not permitted to carry more than the normal student load, except in the case of music ensemble groups, and no student who holds a forty-hour off-campus job may carry more than the minimum normal load. Permission to carry seventeen hours may be granted, provided the student's scholastic standing is C or above. In order to carry eighteen hours, the student's cumulative scholastic standing must be at least 2.0, for nineteen hours it must be 2.3 and for twenty hours it must be 2.6. Approval for eighteen or more hours is secured by petition from the academic dean.

COURSE NUMBERS AND LEVELS

The curriculum is divided into junior and senior college levels, with more significant distinctions between the sophomore and junior years than between the levels within the lower and upper divisions.

Hyphenated numbers represent sequence courses, both parts of which must be taken in order to receive credit.

Freshmen are not permitted to take courses above the 200 level. Seniors who may be permitted to register for 100-level courses must present one additional hour for each three toward the total for graduation.

The college reserves the right to withdraw any scheduled course for which enrollment is insufficient to warrant the organization of a class
CHANGES OF REGISTRATION

Changes of registration may be made during the first week of the semester with the approval of the adviser and the academic dean. After this, no changes of registration may be made except withdrawal from a course with official permission. Such permission will be granted only on the basis of conditions beyond the student’s control, and which justify a reduction of hours to less than a normal load.

GENERAL GRADUATION REQUIREMENTS

Residence—The student must have been in residence for at least one entire school year, and must have completed a minimum of thirty semester hours. He must also have been in residence study during the entire senior year unless special permission has been given in advance by the Academic Affairs Committee to take work elsewhere in order to make up a slight deficiency in required credit. (The regulation with respect to senior residence study does not apply to the affiliation programs.)

Credit Hours—At least one hundred twenty-four semester hours of credit in college courses. (Credits are not counted toward graduation for courses in which the mark falls below D.)

Quality Points—Quality points at least equal to the number of credit hours earned in Taylor University. (Transfer credits accepted from other colleges are not included in the computation of scholastic index.)

Major Field—The student must have earned an average of at least 1.25 quality points for each semester in the major field of study, and no letter mark of D made above the 100 level is applicable to the major. In addition to these minimum standings, the student in teacher education must have the approval of the Teacher Education Committee.

Upper-Division Hours—A minimum of forty semester hours in upper-division courses, preferably taken during the junior and senior years, must be presented to meet the graduation requirements.

English Proficiency—In the case of deficiencies in the proper use of English, the candidate for graduation must have secured the approval of the English Proficiency Committee by the end of the junior year.

Comprehensive Examination—A candidate for a degree must pass a comprehensive examination in his major field of study. This examination is given near the close of the senior year. Students in the affiliation programs whose residence study is completed at the close of the junior year are required to take the comprehensive examination at the end of that year. A candidate for the Bachelor of Science in Education degree must pass a comprehensive examination in his comprehensive teaching field.

Time of Graduation—A student may complete his requirements at the close of a first or second semester of the academic year or at the end of a summer session. Formal announcement of graduation is made at the end of each school year and all students completing the
conditions for graduation in the preceding January or the following August may participate in the commencement activities.

DEGREE REQUIREMENTS

The departments of the university are organized into six divisions, in each of which there is a minimum requirement for graduation.

For Bachelor of Arts and Bachelor of Science in Education degrees:

Division I—Philosophy and Religion
Five semester hours of Biblical literature, normally Religion 120, and Philosophy 350. (Religion 461-462 and Philosophy 272 may be substituted for Philosophy 350.)

Division II—Education
Four semester hours of general physical education.

Division III—Fine Arts
Fine Arts 230.

Division IV—Language and Literature
Twelve semester hours of English, including English 101-102 and six hours of literature.

Division V—Natural Sciences
A minimum of eight semester hours of laboratory science. A student who does not offer a laboratory science for entrance must take an additional eight hours. (The survey of natural and biological sciences is open only to elementary education students and those taking a first sequence in a sixteen-hour requirement.)

Division VI—Social Sciences
Six semester hours of history.
Psychology 200.

For the Bachelor of Arts only:
Two years of a foreign language, unless four or more units of high school language study are offered for entrance. Any language begun in college must be continued through the second year, and no student may receive credit for the first year of any language in which he has more than one year of high school credit.

Four semester hours in economics, political science or sociology.

A major, chosen not later than at the beginning of the junior year, of at least twenty-four semester hours, and a minor of at least sixteen hours. (Specific departmental requirements are indicated in the departmental sections of the catalog.) The student shall in every case select his major and minor in consultation with his adviser. No student will be permitted to change his major after the sophomore year without consultation with the academic dean.

For those preparing to teach:
Professional education courses and teaching fields (comprehensive and restricted) as outlined in the program of teacher education at Taylor University.
Nature and books belong to the eyes that see them.

The Curriculum

The curriculum offerings of Taylor University are grouped according to the six major divisions. Their objectives are:

Division of Philosophy and Religion (departments of Philosophy and Religion): to provide training in Biblical literature, Christian education, philosophy, and related subjects, taught in such a manner that the student's personal faith will be strengthened and his fellowship with God made richer. The departments in this division present their work so that the students of all evangelical groups can be prepared in a thorough and scholarly manner for Christian service in the home, land and abroad.

Division of Education (departments of Education and Physical Education): (a) to assist the prospective teacher in the development of insights and skills necessary for entrance into the teaching profession; (b) to aid the student in developing and maintaining good physical and mental health; (c) to encourage and assist students to develop leisure-time activities which will be beneficial while they are attending Taylor and after they leave the campus.

Division of Fine Arts (departments of Art and Music): (a) to provide avenues of appreciation and artistic expression for the general student body through group or individual participation; (b) to develop substantial skills for the professions which employ the arts in total or in part.

Division of Language and Literature (departments of English, Greek, Modern Languages and Speech): to integrate its subject fields and to aid in the development of Christian character. The aims of instruction are sixfold: (a) to develop in the student a command of correct usage in both spoken and written language; (b) to develop speed, comprehension and critical ability in reading; (c) to give such knowledge and appreciation of the literary inheritance as shall be standards by which literature may be evaluated and enjoyed throughout life; (d) to guide the student into an understanding of the literature, art and institutions of foreign peoples; (e) to provide prospective teachers in subject fields within the division with the essential elements of their profession; (f) to provide a background for English study, linguistic and general research in the various fields of knowledge.

Division of Natural Sciences (departments of Astronomy, Biology, Chemistry, Mathematics and Physics): to correlate the work of the various departments of science so that the student may: (a) become more fully acquainted with the physical and biological aspects of
God's creation; (b) be trained to understand and to use the scientific method; (c) if he plans to teach, gain a comprehensive understanding of these subjects; (d) develop that intellectual and moral integrity and steadfast purpose in life that is so characteristic of the true scientist and true Christian. As these purposes are being pursued, the division hopes that the work of the majors from other divisions may be supplemented and their view of life broadened, and that those majoring in some phase of science may be inspired to continue that study throughout life. The division also attempts to meet the needs of students preparing for engineering, nursing and medicine.

Division of Social Sciences (departments of Business and Economics, Geography, History, Political Science, Psychology and Sociology): to study and interpret the institutions of society and to understand the problems of a constantly changing and increasingly interdependent social order. The different fields of social study deal, according to their special purposes, with present institutions and their problems or with the historical development of present day civilization. The objective and scientific attitude is maintained as far as possible with the hope that the student may secure an unbiased, critical and judicial interpretation of society. It is the fundamental purpose of the division to aid in laying the foundations for Christian citizenship and to develop in the students attitudes of mind and standards of judgment and ideals that will enable them to play an effective role in building a better social order.

Courses are numbered according to the following plan:

100-199, primarily for freshmen
200-299, primarily for sophomores
300-399, primarily for juniors
400-499, primarily for seniors

THE BACHELOR OF ARTS DEGREE

Following is the suggested arrangement of courses by years. Students are expected to observe this arrangement unless there is good reason for change. General physical education must be taken during the first two years.

DIVISIONAL AREAS AND COURSES

Some of the divisions offer area majors and courses that aim to deal with materials related to all of the departments of which the division is composed.

DIVISION OF FINE ARTS

230—SURVEY OF THE FINE ARTS 3 hrs. cr.

A course designed to integrate the studies of music, sculpture, architecture and painting with the times that produced them. An attempt to understand the artistic principles by which we evaluate aesthetic and cultural qualities. Offered annually both semesters.

DIVISION OF NATURAL SCIENCES

222—PHYSICAL SCIENCE SURVEY 4 hrs. cr.

This course presents astronomy, physics, chemistry and geology as a unified field of knowledge. Three hours lecture and two hours laboratory per week. The laboratory experience includes projects and methods in the teaching of elementary school science. Open only to elementary education majors and to students offering less than one unit of high school science. Offered annually.

DIVISION OF SOCIAL SCIENCES

322—GENERAL STATISTICS 3 hrs. cr.

An introduction to the elementary principles and techniques for analyzing numerical data. Includes a study of central tendency, dispersion, correlation, inference from random samples, graphical presentation, and interpretation. Offered 1961-62.

Major in Social Science: In order to permit students to cross departmental lines and take courses related to, but outside of, the department of their special interest, a major in social science is offered. Requirements for this major are as follows:

Sociology 101-102 ....................... 4 semester hours
Political Science 201, 202 ................... 4 semester hours
Economics .................. 6 semester hours
Geography 201 or 212 .................. 3 semester hours
History 121, 122 or 221, 222 ............ 6 semester hours
Concentration (chosen in a department within the social science division) .......... 16 semester hours
Electives within the division ............... 6 semester hours

45 semester hours

No minor is required.
A minor for the A.B. program consists of 18 hours and must include Art 322. A restricted teaching area (24 hours) is available.

101—ART ESSENTIALS 3 hrs. cr.
The course is designed to give the student a knowledge of the fundamental principles of art through actual experience with such media as charcoal, pencil, tempera, watercolor, etc. Offered annually.

110—ART FOR TEACHERS 3 hrs. cr.
The course is designed to provide the prospective teacher with a knowledge of the fundamental principles of art through actual experience with such media as charcoal, pencil, tempera, and fingerpaint. Easily available materials are utilized for crafts. Lettering, pictorial art, design, and the history and appreciation of art are emphasized. Methods applicable to elementary grade students are introduced. Offered annually both semesters.

202—GRAPHIC ART 2 hrs. cr.
A course dealing with the historical and present-day methods of printing for the reproduction of pictorial art and lettering. Design and form are stressed in fine and commercial art. Offered annually.

211—POTTERY 3 hrs. cr.
Pottery-making from moist clay to fired piece including free form, coil, slab, pouring methods, and potter’s wheel. The student is introduced to ceramic sculpture. Slip painting, graffito decoration and glazing are the finishing methods used. Offered annually.

221—LETTERING AND POSTER MAKING 2 hrs. cr.
Principles of design applied to lettering and posters with emphasis upon commercial lettering. Media and techniques include showcard paint, ink, brush, pen, applique, airbrush, silkscreen, etc. Practical projects are introduced. Offered annually.

231—DRAWING 3 hrs. cr.
A course utilizing pencil, charcoal, pastel, pen and ink, scratchboard and felt pen techniques. The principles of art are stressed. Through practice the student becomes proficient in pictorial representation in still life, landscape, and figure drawing. Offered annually.

242—PAINTING: WATER COLOR 3 hrs. cr.
Still life, landscape and human figure as subject matter. The student learns to paint quick sketches, observing certain principles of painting, developing the technique to produce larger, finished works. Offered annually.
302—DESIGN
3 hrs. cr.
A course in the principles and elements of design with emphasis on the development of individual creative expression and the application of design to specific problems. Problems relative to two and three dimensional design are introduced. *Offered annually.*

312—PAINTING: OILS
3 hrs. cr.
Still life and landscape as subject matter with the employment of oils as media. Prerequisite, Art 231 or special permission of the instructor. Class meets two double periods per week. *Offered annually.*

322—HISTORY OF ART
2 hrs. cr.
The purpose of this course is to develop in the student a basis for an understanding of art history from ancient to modern times. The student learns to recognize styles and techniques as employed by artists in each period. *Offered annually.*

**ASTRONOMY**
**Division of Natural Sciences**

302—GENERAL ASTRONOMY
2 hrs. cr.
A descriptive course taking up the study of the stars, planets and other heavenly bodies. A cultural course for which no advanced mathematics is required. Lectures, demonstrations, outdoor work with the telescope. *Offered 1961-62.*

**BIOLOGY**
**Division of Natural Sciences**

Poe, Wood

Three majors are offered; one in zoology and one in botany, consisting of twenty-four hours each, and one in biology, consisting of thirty hours. All majors are required to take 211-212.

A minor in zoology or botany consists of sixteen hours and a minor in biology consists of twenty hours, or twenty-four hours if no high school science is presented for entrance.

Students who intend to do graduate work must take at least two semesters of chemistry.

211-212—LIFE SCIENCE
4 hrs. cr.
A comprehensive study of the field of biology with emphasis on the major biological principles, cellular structure of plants and animals, and a brief survey of the plant and animal kingdoms. Three hours lecture and two hours laboratory each week. *Offered annually.*
221—BIOLOGICAL SCIENCE SURVEY
A survey of the field of biology. Three hours recitation and two hours laboratory a week. This course does not count toward a major or a minor. Open only to elementary education majors. Offered annually.

231—CONSERVATION
A survey of the conservation problem related to water, soil, minerals and plant life. Emphasis is given to the needs and protection of wild life. These problems are studied in relation to social organization. Offered annually.

301—ADVANCED BOTANY
The structure and functions of plants, beginning with the lower forms and proceeding to higher forms of plant life. Emphasis is on morphology, physiology and classification. Three hours lecture and four hours laboratory each week. Prerequisite, Biology 211-212. Offered annually.

302—PLANT AND ANIMAL ECOLOGY
A study of the habitat of animals and the economic relationships involved in the interrelationships of plants and animals. Laboratory work in the field. Prerequisite, Biology 211-212.

312—SYSTEMATIC BOTANY
A course introducing the classification of the general local flora. One hour lecture and four hours field or laboratory work each week. Prerequisite, Biology 211-212. Offered 1961-62.

322—ORNITHOLOGY
A study of the anatomy, classification, life history and migrations of birds. Individual observation is required. Biological principles are illustrated well by this class of animals. Laboratory work in the fields. One hour lecture and two hours laboratory. Offered annually.

331—COMPARATIVE ANATOMY
Classification, distribution, and comparison of typical chordate animals with emphasis on the vertebrates. Two hours lecture and four hours laboratory a week. Prerequisite, Biology 211-212. Offered annually.

332—EMBRYOLOGY
The development of the chordate embryo is studied, the principal basis being frog, chick, and pig. Both prepared slides and living embryos are employed. Designed principally for pre-medical students and majors. Two hours lecture and four hours laboratory a week. Prerequisite, Biology 211-212. Offered annually.

341-342—HUMAN ANATOMY AND PHYSIOLOGY
A course covering the structure and functions of the human body. The subject matter is divided into systems. Three hours lecture and one two-hour laboratory period each week. Offered annually.
The Curriculum

351—ENTOMOLOGY 3 hrs. cr.
Insects are collected in the field and classified. Good practice is afforded in taxonomy. Life history and economic importance are stressed. Principles of ecology are illustrated. Two hours discussion and two hours laboratory or field work a week. Prerequisite, Biology 211-212.

362—GENETICS 3 hrs. cr.
The principles which govern heredity and variation in plants, animals, and man. Sufficient cytology is included to explain the physical basis of heredity. Prerequisite, Biology 211-212. Offered 1962-63.

371—BACTERIOLOGY 4 hrs. cr.
A study of bacteria, viruses and molds that cause disease. The course deals with the fundamental principles underlying the activities of bacteria and with the preparation of slides and cultures. Two hours lecture and four hours laboratory work per week. Prerequisite, Biology 211-212, or permission of instructor. Offered annually.

452—SEMINAR IN BIOLOGY 1 or 2 hrs. cr.
Assigned problems designed to supplement, correlate, and emphasize the former courses of the student.

462—PARASITOLOGY 3 hrs. cr.
The study of animal parasites affecting the human, both external and internal. Classification and life histories are stressed and some attention is called to prevention and treatment. Recommended for pre-medical students. Two hours lecture, and two hours laboratory a week. Prerequisite, Biology 211-212.

BUSINESS AND ECONOMICS

DIVISION OF SOCIAL SCIENCES
Van Valkenburg, Walradth

The Department of Business and Economics aims to prepare students for creative participation in the business life of society, and for positions as business education teachers in secondary schools. A major leading to the A.B. degree consists of 45 hours, with no minor field required, distributed as follows:

Economics courses ........................................... 9 hrs.
Business Administration courses .......................... 21 hrs.
Statistics (Social Science 322) ............................ 3 hrs.

The remaining hours are to be approved courses from the following fields, so chosen that there will be included in the student's total major program a minimum of one course from each: mathematics, political science, sociology, business administration, and economics.

A minor in Business Administration consists of 20 hours and must include 101. Ten hours must be upper division courses. A minor in Economics consists of 16 hours.

### Senior Year

Students interested in pursuing advanced studies in business may refer to page 101 for details concerning the affiliation program with Indiana University.

### Business Administration

101—INTRODUCTION TO BUSINESS  
3 hrs. cr.

An introductory course to the general field of business. A background is given to the student for a proper understanding of business. The course deals with ownership, physical factors, personnel, marketing, finance, management and government as they are related to a small or large business, and the interrelations of these in an organization. Offered annually.

241-242—FUNDAMENTALS OF ACCOUNTING  
3 hrs. cr.

A study of accounting terminology and of business records in single proprietorship, partnership and corporation accounting. This course covers the processes of journalizing, posting, preparation of work sheets and the construction and analysis of financial statements. It includes also the organization, operation and dissolution of partnerships and of corporations. Offered annually.

311—BUSINESS LAW  
5 hrs. cr.

The nature, development and substance of business law are covered in this course. A study is made of the laws of contracts, agency, negotiable instruments, business organization, property, and sales. Offered 1961-62.

331—PRINCIPLES OF MARKETING  
3 hrs. cr.

A survey of the institutions and processes involved in the flow of goods from producer to consumer. Offered 1962-63.

342—OFFICE MANAGEMENT  
3 hrs. cr.

A study of the principles and importance of office management in present-day business. Such topics as the organization of office work, standardization of equipment, choosing personnel, and methods of control will be discussed. Offered 1961-62.
351—PRINCIPLES OF MANAGEMENT 3 hrs. cr.
A course designed to prepare students in the fundamentals of all phases of administrative and operative management. Successful management principles and techniques are given for all fields of business. These principles include business objectives, policies, functions, executive leadership, organization structure and morale, operative procedures, and control procedures. Offered 1962-63.

352—BUSINESS FINANCE 3 hrs. cr.
A study of methods of financing both small and large businesses through short-term and long-term financing; includes working capital management, corporation finance, and all problems relative to financing all sizes of business. Offered 1961-62.

401—INTERMEDIATE ACCOUNTING 3 hrs. cr.
An extensive treatment of partnership and corporation accounting, including such topics as statements from incomplete data, liquid assets, inventories, fixed assets, investments, liabilities, reserves and net worth. Prerequisite 241-242. Offered 1961-62.

441,442—HONORS COURSE 1 or 2 hrs. cr.
Open to senior majors and minors who have a B average in the field of study, and with permission of the head of the department.

451, 452—SEMINAR IN BUSINESS 1 or 2 hrs. cr.
In this course an integration is made of the work of the department, through directed research, reading, or solving of business problems.

Business Education

The business education courses are designed for students choosing business as a teaching area on a Bachelor of Science degree. These courses may not be counted toward the required 45 hours for a business major on the A.B. program, although a maximum of 6 hours may be counted as electives toward the total credit-hour requirement on such programs. No credit for these courses may be applied toward a Bachelor of Arts degree for non-business students.

111-112—FUNDAMENTALS OF TYPING 2 hrs. cr.
A course in which emphasis is placed on correct typing technique, accuracy and speed, with special attention given to letter writing, tabulation and arrangement and stencil cutting. Offered 1961-62.

121-122—FUNDAMENTALS OF SHORTHAND 3 hrs. cr.
This course gives students instruction in the elementary principles of Gregg Shorthand. Emphasis is given to dictation and transcription of shorthand forms and phrases. Offered 1961-62.

212—ADVANCED TYPING 2 hrs. cr.
To develop greater typewriting speed, efficiency, and skill; teaches the typographical organization, punctuation, and composition of statistical tabulations, charts, tables, reports, and business forms. Prerequisite, 111-112 or permission of instructor. Offered annually.
The Curriculum

221—ADVANCED SHORTHAND 3 hrs. cr.
A dictation and transcription course with a continued development of skill in writing, reading and vocabulary building. Attention is given to letter set-up, English mechanics, and the development of transcribing speed. Prerequisite, 121-122 or permission of instructor. Offered 1962-63.

231—SECRETARIAL TRAINING 3 hrs. cr.
Training in secretarial work. Emphasis is placed on the development of personality, resourcefulness, initiative and independent action on the part of the secretary. Prerequisite, 111-112, 121-122, or permission of instructor. Offered 1962-63.

232—OFFICE PRACTICE 3 hrs. cr.
An introduction is given to the use of various machines found in business offices with a sufficient amount of instruction to enable a student to operate these machines. A study of the principles of filing and of the major filing systems is included also. Offered 1962-63.

332—SALESMANSHIP 2 hrs. cr.
The course stresses the fundamental techniques of selling and other factors underlying success in the selling field. Offered 1962-63.

341—BUSINESS CORRESPONDENCE 2 hrs. cr.
A study of types of business letters and techniques for writing more effective letters. Offered 1961-62.

Economics

201, 202—PRINCIPLES OF ECONOMICS 3 hrs. cr.
A study of the basic principles and institutions in the functioning of economic society, designed to acquaint the student with a knowledge of his economic environment. First semester (201) is prerequisite to second semester (202). Offered annually.

302—LABOR PROBLEMS 3 hrs. cr.
A survey of the history and the legislation of labor up to the present day. An analysis is made of the causes and manifestations of unrest, the economic significance and major attempts to remedy this unrest by means of legislation. Prerequisite 201. Offered 1961-62.

361—PUBLIC FINANCE 3 hrs. cr.
A survey of the field of government finance; expenditures, revenues, and debt management; and the effects of these governmental activities upon other segments of the economy. Offered 1961-62.

422—MONEY AND BANKING 3 hrs. cr.
A survey is made of the history of money and banking and of the various monetary systems, including the Federal Reserve System, investment and commercial banks. This is followed by an analysis of the relationships among money, bank credit, foreign exchange, interest rates and prices. Prerequisite 201. Offered 1962-63.

432—ECONOMIC HISTORY (See History 432) 3 hrs. cr.
CHEMISTRY

DIVISION OF NATURAL SCIENCES

Krueger, J. Lee

A major in this department requires at least twenty-four semester hours of chemistry including courses 201-202, 301, 302, and 311, 312. Mathematics, physics or biology are satisfactory minors.

Mathematics 111-112 is required for chemistry majors as a prerequisite to (or taken concurrently with) Chemistry 201-202. Two years of college mathematics, including 341 and 342, Physics 211-212 and a reading knowledge of German (usually interpreted as two years of college instruction) are strongly recommended for a chemistry major.

A minor consists of at least sixteen hours.

201-202—GENERAL INORGANIC CHEMISTRY 4 hrs. cr.

This course is an introduction to the broad and useful field of chemistry through an elementary study of its principles and interesting applications. Some of the new applications of chemistry for better living are illustrated and the modern views of the structure of the atom are emphasized. Three hours recitation and two hours of laboratory a week. Offered annually.

301—QUALITATIVE ANALYSIS 5 hrs. cr.

A study of those theories of chemistry and those properties of the metallic salts which are useful in their separation and identification. The laboratory work consists of the systematic semi-micro qualitative analysis of "known" and "unknown" compounds and mixtures in solution and in the solid state. Two hours recitation and six hours laboratory a week. Prerequisite, Chemistry 201-202. Offered 1961-62.

302—QUANTITATIVE ANALYSIS 5 hrs. cr.

An elementary course in quantitative analysis including the theory and practice of gravimetric and volumetric analysis. The laboratory work is preceded by a detailed study of the methods to be used. Two hour recitation and six hours laboratory a week. Prerequisite, Chemistry 301. Offered 1961-62.

311, 312—ORGANIC CHEMISTRY 5 hrs. cr.

A study of the chemistry of carbon compounds. The methods of preparation, the distinctive characteristics and reactions of the various types of aliphatic compounds and carbohydrates are studied the first semester. In the second semester a similar study is made of the aromatic compounds with an introduction to special classes of compounds, such as the proteins, terpenes, alkaloids and dyes. The laboratory work consists of preparation of various types of organic compounds, a study of their distinctive reactions and an introduction to qualitative organic analysis. Three hours recitation and four hours laboratory a week. Prerequisite, Chemistry 201-202. Offered 1962-63.
58

The Curriculum

411, 412—PROBLEMS IN CHEMISTRY

This course is designed to give the student an insight into the methods employed in research work. An individual semi-original problem is chosen and library and laboratory work are conducted in this field. Prerequisite, junior standing, 20 hours in chemistry, and consent of instructor.

431-432—PHYSICAL CHEMISTRY

451, 452—SEMINAR IN CHEMISTRY

This course is designed to correlate and integrate the work in the various fields of chemistry and to introduce the student to some of the problems and methods of research, as well as to assist the student in the preparation for the comprehensive examination.

EDUCATION

Hayes, Andrews, Chapman

The education department works in cooperation with other departments to prepare students for teaching in elementary and secondary schools. The objectives of the department are:

(1) to provide guidance for the Taylor University program of teacher education

(2) to provide professional education which is needed to develop the insights and skills of a professional teacher

(3) to assist the students completing the teacher education program to obtain the teaching position for which they are best qualified.

Students desiring to prepare for teaching should follow the steps described below:

(1) Enroll in Ed. 220, Orientation to Teaching, during their sophomore year.

(2) Submit an application for admission to the teacher education program prior to the completion of the sophomore year.

(3) Upon approval of the application for admission to the teacher education program, the student preparing to teach in secondary schools will select two teaching fields—a comprehensive area of at least forty semester hours and a restricted area of at least twenty-four semester hours. Comprehensive and restricted areas have been planned, and listed requirements may be obtained from the office of the director of teacher education. Comprehensive and restricted areas are to be selected from the following:
COMPREHENSIVE

Biological Science
Business Education, including shorthand
Business Education, not including shorthand
Foreign Language and English
General Science
Health and Physical Education
Language Arts
Music
Physical Science and Mathematics
Social Studies
Speech

RESTRICTED

Arts and Crafts
Biology
Bookkeeping and Typing
Chemistry
English
French
General Business
General Science
Health and Safety
History
Instrumental Music
Mathematics
Physical Education
Physics
Shorthand and Typing
Social Studies
Speech
Vocal Music

The student preparing to teach in elementary schools must follow the program as outlined by Taylor University for prospective elementary teachers.

(4) Near the end of the third year of preparation an application for student teaching must be filed.

Admission to and continuation in the teacher education program is subject to approval of the Committee on Teacher Education. In determining a student's fitness for the teaching profession, the Committee considers academic potential, scholarship, health, communication skills, personality, and character.

Experiences with children and youth are considered a vital part of the preparation of the teacher. Beginning in the sophomore year and continuing through the senior year planned experiences are provided for each prospective teacher. The culmination of these experiences occurs in the senior year with nine weeks of full-time student teaching. During this final experience the student is expected to live in the community in which he teaches and to assume as much as is possible the total responsibilities of a teacher. During the remaining nine weeks of the semester in which the student enrolls for student teaching, he will return to the campus and complete courses which accompany student teaching.

220—ORIENTATION TO TEACHING 1 hr. cr.

An introduction to the work of the teacher, an analysis of the competencies necessary for this work, and an assessment by the student of his fitness for this work. Attention is focused upon the student's plans for entry into the teaching profession. Offered annually both semesters.

240—EDUCATIONAL PSYCHOLOGY 2 hrs. cr.

The nature of the learning process and factors that influence learning efficiency. Prerequisites, Psychology 200 or 330. Offered annually both semesters.
320—METHODS FOR SECONDARY SCHOOL TEACHERS 4 hrs. cr.

Procedures in the secondary school classroom which will promote creative thinking are stressed. Attention is given to a variety of methods of teaching in secondary schools. Objectives, methods, materials, trends in teaching, and curriculum planning for specific subjects are studied. A student planning his program should check with the director of teacher education to determine in which semester he may enroll for this course. Prerequisites, Ed. 220 and 240. Offered annually both semesters.

330—HUMAN DEVELOPMENT (See Psychology 330) 3 hrs. cr.

340—TESTS AND MEASUREMENTS 2 hrs. cr.

A study of basic principles of measurements as they apply to instructional problems; includes the construction of tests for use in the classroom and a survey of standardized tests; introduction of basic statistical procedures. Prerequisite, Ed. 240. Offered annually both semesters.

350—METHODS FOR ELEMENTARY SCHOOL TEACHERS I 5 hrs. cr.

Includes the study of materials and methods used in teaching the language arts. Materials in the curriculum laboratory are studied, evaluated, and demonstrated. Prerequisites, Ed. 220 and 240. Offered annually both semesters.

360—METHODS FOR ELEMENTARY SCHOOL TEACHERS II 5 hrs. cr.

Includes the study of materials and methods of teaching arithmetic, science and social studies. Development of units for teaching, construction of devices to be utilized in teaching arithmetic, demonstration teaching and work in the curriculum laboratory are emphasized. Prerequisites, Ed. 220 and 240. Offered annually both semesters.

380—CHILDREN'S LITERATURE 3 hrs. cr.

This course is an intensive study of the reading interests of children from five years old to fifteen. It stresses criteria for selection of materials and effective methods of story-telling, dramatization, and choral speaking. Much attention is given to reading and evaluating various types of children's books. Offered annually both semesters.

412—AUDIO-VISUAL AIDS (See Religion 482) 2 hrs. cr.

420—SUPERVISED STUDENT TEACHING 8 hrs. cr.

Nine weeks of full time off-campus laboratory experiences are provided in cooperating schools. Prerequisites: a. Approval of the Committee on Teacher Education; b. Senior standing; c. Completion of methods courses. Offered annually both semesters.

431, 432—SUPERVISED STUDENT TEACHING 1-4 hrs. cr.

An elective course in student teaching for the student who needs or desires additional experience in student teaching. Prerequisite, completion of Education 420 or with the permission of the supervisor this course and Education 420 may be taken concurrently. Offered annually.
441, 442—HONORS COURSE 1 or 2 hrs. cr.
The primary objective of this course is to provide for maximum educational growth through the stimulation of initiative and the promotion of independent research. Offered annually.

450—THE AMERICAN EDUCATIONAL SYSTEM 2 hrs. cr.
An introduction to the development, present status and trends in education in the United States. School organization and the role of the teacher are emphasized. Offered annually both semesters.

460—CURRICULUM AND CLASSROOM ORGANIZATION 2 hrs. cr.
Emphasis is placed on the development of the child through a well-planned curriculum and proper classroom organization and control. Instruction in the preparation of records and reports is also given. Offered annually both semesters.

472—SEMINAR IN EDUCATION 1 or 2 hrs. cr.
A course designed to correlate the subjects studied in the education curriculum. The student reads more widely in the specific fields in which he has a need or interest. He is led to evaluate his own development as a prospective teacher. Careful attention is given to plans for administering his work in the classroom of the public school. Offered annually.

481—GUIDANCE AND COUNSELING 2 hrs. cr.
A survey of the foundations of modern guidance. Includes a study of guidance programs utilized by public schools, and counseling methods which can be used by the classroom teacher. Prerequisite, 5 hours in psychology. Offered annually.

ENGLISH

DIVISION OF LANGUAGE AND LITERATURE

Butz, Davis, Hayes, Lee, VanTil

Twelve hours in English are required of each student, six of composition and six of literature. English 101 is prerequisite to English 102.

On the Bachelor of Arts Degree a major in English consists of at least thirty semester hours and a minor of twenty, both in addition to English 101. The following courses are required in the major: 102, 200, 221-2, 321 or 322, 371 or 372, and 421. The minor must include 102, 200 (or 221-2), and two of the following: 321, 322, 371, 372, or 421.

Students majoring in English are urged to take courses in speech, English history, philosophy, and foreign language. Speech 222 or 341 may be presented for the major in English. One semester of advanced composition is highly recommended for both the major and minor.

The following programs are offered for students qualifying to teach in the secondary school.
Comprehensive Area in Language Arts (45 hrs.): This includes composition and grammar—Eng. 101-102, 301 and 311; literature—Eng. 200, 221-2, 321 or 322, 362, 371 or 372, 421, 451, and 331 or 342 or 412; speech—100, 201, 211 and 222.

Restricted Area in English (24 hrs.): This is open only to students whose comprehensive area is speech. It includes the following courses: 101-102, 221-2, 301, 321 or 371, 322 or 372, 362, and 342 or 412 or 421.

Restricted Area in English (25 hrs.): This is open to all students except those whose comprehensive area is language or speech. It includes Eng. 101-102, 221-2, 311, 362, and 321 or 322 or 372; Speech 100 and 201.

Students who pursue a comprehensive area in language arts are urged to take their restricted area in speech or history or French.

Composition

To qualify for graduation, all students must demonstrate the ability to read and write the English language acceptably. Any student who does not pass the English proficiency test in the sophomore year, or whose subsequent class work indicates a serious deficiency in English, will be required to correct the deficiency under the direction of the English Proficiency Committee.

101-102—FRESHMAN COMPOSITION 3 hrs. cr.
A course designed to develop clarity, correctness, and effectiveness in written expression. Weekly themes and readings in the modern essay. Research paper in second semester. A prerequisite to all other courses in the department of English. Offered annually. This course is also offered for selected students as 101-2, 5 hrs. cr.

231, 232—ORAL COMPOSITION (See Speech 222, 341.) 3 hrs. cr.

301—GRAMMAR FOR TEACHERS 2 hrs. cr.
A course primarily for prospective teachers of English but open to other students. No credit is allowed toward the A.B. degree. Offered annually.

302—CREATIVE WRITING 2 hrs. cr.
This is a course in writing, conducting the student through many types of writing from the level of freshman compositions to the plot story. Offered 1961-62.

311—PRINCIPLES OF JOURNALISM 2 hrs. cr.
A course in practical reporting, including news evaluation, the writing of various types of news and feature stories, news editing, editorial policy-making, and newspaper make-up. Emphasis is given to the practical aspects and methods of modern journalism. Offered annually.
Literature

200—WORLD MASTERPIECES 5 hrs. cr.
A study of selected literary masterpieces from classical Greek to the twentieth century. Works by Homer, Plato, the Greek dramatists, Dante, Spenser, Chaucer, Marlowe, Shakespeare, Chekhov, Milton, Swift, Voltaire, Maupassant, Ibsen and Steinbeck. Offered annually both semesters.

221, 222—AMERICAN LITERATURE 3 hrs. cr.
A survey of the writings of the important figures in American literature from Colonial times to the present. Offered annually. Also offered each semester as 221-2, 5 hrs. cr.

321—ROMANTIC LITERATURE 3 hrs. cr.

322—VICTORIAN LITERATURE 3 hrs. cr.
A study of English poetry and prose from 1832 to 1890. Much attention is given to Tennyson and Browning. Representative works of Carlyle, Macaulay, Mill, Newman, Thackeray, Ruskin, Arnold, Huxley, and Pater are included. Offered 1961-62.

331—MODERN DRAMA 2 hrs. cr.
A study of European, English, Irish, and American drama since Ibsen. Offered 1962-63.

342—CONTEMPORARY POETRY 2 hrs. cr.
Significant English poets since Thomas Hardy and American poets since Walt Whitman. Offered 1962-63.

362—SHAKESPEARE 3 hrs. cr.
A careful study of about twelve of Shakespeare's histories, comedies, and tragedies, with a more rapid reading of other plays. Offered 1962-63.

371—ENGLISH RENAISSANCE 3 hrs. cr.
A study of the English non-dramatic literature from 1485 to 1660. Offered 1962-63.

372—ENGLISH NEO-CLASSICAL LITERATURE 3 hrs. cr.
Literature of the Restoration and the eighteenth century, centered around Dryden, Addison and Steele, Pope, Swift, Johnson, minor neo-classical writers, and the pre-romanticists. Interpretation of the literature of the two periods against their social, political, and philosophical backgrounds. Offered 1962-63.

401—MILTON 3 hrs. cr.
A chronological study of the poetry and prose of Milton with emphasis upon Paradise Lost. Offered 1961-62.
412—AMERICAN NOVEL  
Reading and analysis of nineteenth and twentieth century American novels. Offered 1961-62.

421—ENGLISH LITERATURE TO 1500  
A survey of Old and Middle English literature with emphasis on Beowulf and Chaucer's works. Offered 1962-63.

441, 442—HONORS COURSE  
Open to senior majors and minors who have a B average in the field of study, and with permission of the head of the department.

451—SEMINAR IN ENGLISH  
A course designed to correlate and integrate world, English, and American literatures by means of the investigation of special problems requiring individual research.

GEOGRAPHY
DIVISION OF SOCIAL SCIENCES

Haines

201—PHYSICAL GEOGRAPHY  
A study of the nature and elements of the physical environment, such as topography, meteorology, climatology, soils, natural vegetation, mineral resources, and population distribution. Offered 1962-63.

212—POLITICAL GEOGRAPHY  
A study of the world's economic activities and the interrelationship between geography and the world's political functions. Offered 1961-62.

GREEK
DIVISION OF LANGUAGE AND LITERATURE

Rupprecht

Students who expect to major in religion or to prepare for seminary will find it advisable to take Greek as the language requirement for graduation. A minor consists of three years of Greek.

201-202—ELEMENTARY NEW TESTAMENT GREEK  
The acquisition of a vocabulary, mastery of the forms and fundamental principles of grammar, and practice in reading the Greek New Testament are emphasized. Prerequisite: sophomore standing or permission of the instructor. Offered annually.
301-302—SYNOPTIC GOSPELS (Greek)  
A careful study of the synoptic gospels with special attention to the gospel of Mark and those portions of Matthew and Luke not found in Mark. Syntax and grammatical and exegetical principles of Greek are stressed. Prerequisite: Greek 201-202. Offered 1961-62.

311-312—THE EPISTLES (Greek)  
Passages selected from the epistles according to the needs and background of the class will be read. Special attention will be given to the exegesis of certain passages of doctrinal importance. Prerequisite: Greek 201-202. Offered 1962-63.

HISTORY

DIVISION OF SOCIAL SCIENCES

Yoder, Olson, Haines, Valberg

Course 121, 122 is advised as a prerequisite to courses on the higher levels in the European field. As a general rule, course 221, 222 is prerequisite to courses on the higher levels in the American field. All students expecting to continue in the department who do not have a strong background of American History on the secondary level should take course 221, 222 during their sophomore year. Thirty hours constitutes a major and twenty hours a minor.

121, 122—WORLD HISTORY  
This course offers a general survey of the development of western civilization from the earliest times to the present. It begins with a study of the principles and theories relating to the development of civilization, followed by a rapid survey of the European backgrounds of western civilization. The remainder of the course presents an historical study of the social organizations and the institutions of western civilization. Offered annually. Also offered each semester as 121-2, 5 hrs. cr.

221, 222—HISTORY OF THE UNITED STATES  
This course deals with the progressive social, political, and cultural development of the people of the United States from the colonization period up to the present time. The first semester study ends with the close of the reconstruction period following the Civil War, and the second semester study completes the story to the present day. Offered annually. Also offered each semester as 221-2, 5 hrs. cr.

311—HISTORY OF LATIN AMERICA  
A survey of the history of the nations between the Rio Grande and Cape Horn. Particular attention is devoted to their relationship to the United States and to the development of the major Latin American republics since achieving independence. Offered 1962-63.

312—HISTORY OF THE FAR EAST  
A study of the history of the Far East with chief emphasis on China, Japan and India and their international relations in modern times.
Attention will be given not only to the political developments of these countries, but also to the social and economic changes which are taking place. Offered 1962-63.

322—GREEK AND ROMAN HISTORY 5 hrs. cr.

This course begins with the history of the Greeks, including the Aegean civilization, the classic period, the Hellenistic kingdoms and continues with the history of the Romans from their beginnings in Italy to the death of Justinian. Attention is given to the political, economic and social institutions of both peoples and their influences upon modern civilization. Offered 1961-62.

331—MODERN AND CONTEMPORARY EUROPEAN HISTORY 5 hrs. cr.

A study of the political, social and cultural history of modern Europe which begins with a brief consideration of the fundamental transformations that ushered in the modern age and traces the development of the modern states with a view to understanding the problems of the present era. Special emphasis is given to the backgrounds of the World Wars and to the contemporary situation. Offered 1961-62.

341, 342—HISTORY OF ENGLAND 2 hrs. cr.

A survey of the development of the English nation from the earliest times to the present. Emphasis is laid upon constitutional origins and development, the Industrial Revolution, the growth of the Empire, international problems, English achievements in the cultural and intellectual fields. Offered 1961-62.

351—COLONIAL HISTORY 3 hrs. cr.

The colonization of North America by the Spanish, French, Dutch, and English; European rivalries; colonial society; the Revolutionary War. Offered 1961-62.

361, 362—EUROPE IN THE MIDDLE AGES 2 hrs. cr.

This course begins with a background survey of the Roman world and the German invasions, and deals progressively with the papacy, feudalism, monasticism, the beginnings of modern nations, medieval culture, the crusades, the development of commerce and the revival of learning. Offered 1962-63.

371—AMERICAN CONSTITUTIONAL HISTORY 3 hrs. cr.

This course deals with the origins of the United States Constitution, the framing and ratification of the Constitution, the organization and powers of the federal government, the rise of judicial review, doctrines of states' rights and nullification, state police power and federal commerce power, secession and reconstruction, the Supreme Court's interpretation of the Fourteenth Amendment, and the constitutionality of New Deal statutes. Prerequisite: a course in American Government or History. Students may receive Political Science credit for this course. Offered 1962-63.

381, 382—RUSSIAN CIVILIZATION 3 hrs. cr.

Political, economic, and cultural history of Russia from the origin of the Russian state. The Russian Orthodox Church, its origin and
influence, is stressed. In the first semester political history is carried up to World War I. In the second semester attention is given to Russian literature, art and music of the nineteenth century. Twentieth century governmental institutions are examined. Offered 1962-63.

422—HISTORY OF AMERICAN FOREIGN RELATIONS 3 hrs. cr.
A survey of the diplomatic relations of the United States from the beginning of our national history to the present time, which aims to acquaint the student with our foreign policies and diplomatic procedure. Offered 1962-63.

432—AMERICAN ECONOMIC DEVELOPMENT 3 hrs. cr.
A study of the history of the economic development of the people of the United States which begins with a survey of the colonial period and treats the agricultural and industrial progress, the rise of capitalism, and the present economic situation. Offered 1961-62.

441, 442—HONORS COURSE 1 or 2 hrs. cr.
Open to senior majors and minors who have a B average in the field of study, and with permission of the head of the department.

451—SEMINAR IN HISTORY 2 hrs. cr.
Studies in historiography, philosophy of history, and thesis writing. Attention given to bibliographies and research projects in preparation for advanced studies.

MATHEMATICS

DIVISION OF NATURAL SCIENCES

Porter, Green, Roth

The student expecting to major or minor in mathematics must have one unit of high school plane geometry, any deficiency to be made up before the beginning of the sophomore year. In the freshman year, students planning to major in mathematics and those preparing for scientific work, including engineering, should elect course 111-112, provided they have had at least one and one-half units of high school algebra. Otherwise, 101, followed by 112, should be chosen. Usually, a student with two years of high school algebra will not take 111. Courses 112, 131 and 232 may also be waived if equivalent courses have been completed in high school. Individual counseling and a placement test will determine the first course to be taken.

A major consists of at least 24 semester hours, and a minor of 18, including 431. At least ten hours of the major must be upper division. Courses 311 and 431 are required in preparation to teach mathematics. At least one year of college physics is strongly recommended for all majors and minors in the field.

101—BASIC ALGEBRA 4 hrs. cr.
This course is designed particularly for those entering with only one year of high school algebra and who are not properly prepared
to take college algebra. Fundamental procedures of algebra, including operations with signed numbers, fundamental operations with algebraic expressions, exponents, radicals, linear and quadratic equations, special products and factoring will be studied. This course does not count toward a major or a minor in mathematics. Meets five days per week. Offered annually.

111-112—COLLEGE ALGEBRA 2 hrs. cr.
This course begins with a review of the fundamentals of algebra, and includes such topics as fractions, graphs, quadratics, logarithms, progressions, permutations, combinations, probability, determinants, mathematical induction, and partial fractions. Prerequisite, at least 1½ units of high school algebra. Offered annually.

131—PLANE TRIGONOMETRY 2 hrs. cr.
A study of the trigonometric functions, their relations to each other and their application to the solution of right and oblique triangles, trigonometric equations, identities, and logarithms. May be taken concurrently with Math. 111 or 112. Offered annually.

201-202—GENERAL MATHEMATICS 2 hrs. cr.
A course designed for the preparation of elementary teachers. A study of the basic concepts of arithmetic, including historical development, the structure of the number system, and theory of arithmetic procedures, followed by the fundamentals of algebra. Does not count toward a major or minor in mathematics. Offered annually.

221—SURVEYING 2 hrs. cr.
Theory and practice in elementary surveying. Field work in land surveying, profile and topographical leveling. Triangulation in both horizontal and vertical planes. Prerequisite, Mathematics 131. Four hours laboratory each week.

232—ANALYTIC GEOMETRY 3 hrs. cr.
A thorough study of the straight line and the conic sections by the use of the algebraic equation. Prerequisites, Math 111, 131, or their equivalents. Offered annually.

302—INTRODUCTION TO MODERN ALGEBRA 3 hrs. cr.
A development of algebra by the axiomatic method and the theory of sets; a study of vectors, scalar multiplication and lengths as applied in the algebra of the complex plane, in vector geometry and matrix algebra. Offered 1962-63.

311—COLLEGE GEOMETRY 3 hrs. cr.
Advanced Euclidean geometry, with a brief survey of some of the more difficult topics of plane geometry. It is designed principally for the prospective teacher of secondary school mathematics, to endeavor to gain a sufficient knowledge of the subject and the power to make geometric analyses. Offered annually.

341, 342—DIFFERENTIAL AND INTEGRAL CALCULUS 4 hrs. cr.
Derivatives, maxima and minima, partial and total differentials,
single and double integration applied to the finding of areas, length of curves, and volumes. Prerequisite, Math. 232. Offered annually.

401—THEORY OF EQUATIONS 2 hrs. cr.
Complex numbers, determinants, solution of cubic and quartic equations, relations between roots and coefficients of an equation, and related topics. Prerequisite, Math. 341. Offered 1961-62.

431—DIFFERENTIAL EQUATIONS 3 hrs. cr.
Solution of differential equations of the first order and first degree, orthogonal trajectories, linear differential equations with constant coefficients, nonhomogeneous equations by undetermined coefficients and variation of parameters, operational methods, applications to vibration problems and electrical circuits, and an introduction to series solutions. Prerequisite: Mathematics 342. Offered annually.

432—ADVANCED CALCULUS 3 hrs. cr.
Sequences, series, partial derivatives, multiple integrals, convergence, point sets, limits, continuity, differentiability, the Riemann integral, complex variables and functions of several real variables. Prerequisite: Mathematics 342. Offered annually.

451—SEMINAR IN MATHEMATICS 2 hrs. cr.
A course designed to correlate the previous work of the student in the field of mathematics to prepare him for advanced graduate work, and to coordinate his study for the comprehensive examinations in this field.

MODERN LANGUAGES

DIVISION OF LANGUAGE AND LITERATURE

Students qualifying for the Bachelor of Arts Degree must take two years of a foreign language unless they have had four years of a language in high school. One exception occurs in French, in which French 101-102, 201 or French 201, 302 meet this requirement. Students expecting to do graduate work in any university are advised to gain a reading knowledge of French and German, at least two years' study of each. For those specializing in science, French and German are advisable electives.

 Majors and minors in modern languages are offered only in French. A major in French (which also constitutes a restricted area for teachers), consists of twenty-four hours above the freshman level.

 A minor in French consists of eighteen hours above the freshman level.

French
Jantzen

101-102—ELEMENTARY FRENCH 4 hrs. cr.
An intensive course stressing the use of spoken language, including the essentials of grammar, reading, dictation, and an introduction to French culture. Laboratory activities. Offered annually.
201—INTERMEDIATE FRENCH  5 hrs. cr.
Reading of selected texts, grammar review, oral practice, collateral reading. Laboratory activities. Offered annually.

302—FRENCH CONVERSATION AND COMPOSITION  5 hrs. cr.
A course intended to develop facility in speaking, understanding, and writing French. Emphasis upon conversation, composition, and dictation. Conducted primarily in French. Prerequisite to other upper division courses except by consent of the instructor. Offered annually.

331—CONTEMPORARY NOVEL AND DRAMA  4 hrs. cr.
A survey of contemporary French prose, poetry, and novel with an intensive study of one or more of the productions of this period. Offered 1961-62.

401—FRENCH LITERATURE OF THE NINETEENTH CENTURY  5 hrs. cr.
A survey of the literature of this period with an intensive study of one or more selections. Offered 1961-62.

411—MASTERPIECES OF FRENCH LITERATURE  5 hrs. cr.
A course designed to acquaint the student with some of the classics of French literature, notably the dramas of Corneille, Molière, and Racine. Offered 1962-63.

German

Valberg

101-102—ELEMENTARY GERMAN  4 hrs. cr.
Drill upon connected pronunciation and the rudiments of grammar, conversation, and the training of the ear as well as of the eye. German is used in much of the classroom instruction. During the year several hundred pages of easy prose are read. Offered annually.

201-202—INTERMEDIATE GERMAN  3 hrs. cr.
Grammar review. Intensive and extensive reading. Prerequisite, German 101-102 or two years of high school German. Offered annually.

301—GOETHE  3 hrs. cr.
A brief introduction to the life and works of Goethe. An intensive study of one or more of his works. Prerequisite, German 201-202.

302—SCHILLER  3 hrs. cr.
A brief introduction to the life and works of Schiller. An intensive study of one or more of his works. Prerequisite, German, 201-202.

321—GERMAN ROMANTICISM  3 hrs. cr.
A survey of German Romanticism with an intensive study of several of its chief works. Prerequisite, German 201-202.
322—LATE NINETEENTH CENTURY GERMAN LITERATURE

A study of the rise and character of the naturalistic school with an intensive study of several representative works. Prerequisite, German 201-202.

Russian
Valberg

101-102—ELEMENTARY RUSSIAN

A concentrated course for beginners, consisting of fundamentals, drill in pronunciation and spelling, grammatical construction, and reading of graded texts of a general nature. Laboratory activities. Offered annually.

201-202—INTERMEDIATE RUSSIAN

Spanish
Oliver

101-102—ELEMENTARY SPANISH

Intensive conversational approach. Essentials of grammar are stressed. Oral and written themes are required. One hour per week of language laboratory is obligatory. Offered annually.

201-202—INTERMEDIATE SPANISH

Continued emphasis on conversational Spanish. A reader is introduced. Oral and written themes are required. Idiomatic usage is stressed. One hour of laboratory per week is required. Offered annually.

301-302—READINGS IN THE SPANISH NOVEL

Intensive and extensive reading is required. Notes on lectures given will be necessary. Oral and written reports are obligatory. Class conducted in Spanish. Offered annually.

MUSIC

DIVISION OF FINE ARTS

Dean, Steyer, Shepfer, M. Dean, E. Pease, B. Pease

The music department offers the Bachelor of Arts degree with a major in music, and the Bachelor of Science in Education degree with preparation for teaching music in the public schools.
Bachelor of Arts Degree: This curriculum gives the student training in the history, literature, theory, and performance of music, together with a broad knowledge of general areas of learning. This plan of study offers majors in piano, organ, voice, orchestral and band instruments. Concentration in applied music is suitable for those planning to do private teaching, church music, and for those desiring to pursue graduate applied study leading to public performance or teaching of music at the college level.

Students desiring to become church choir directors, church organists, organist-directors, or music evangelists may select courses from the religion department, as well as courses from other departments applicable to preparation in this field, after consultation with their advisers.

A major in music on the A.B. degree consists of forty-six hours. Music courses include a major instrument (twelve hours for piano and organ majors and ten hours for voice and instrumental majors); four hours of piano for voice and instrumental majors; four hours of ensemble if majoring in voice or an instrument, or six hours if majoring in piano or organ. Other courses required are 141-142, 151-152, 212, 241-242, 341, 361 or 362, 372, 402. One of the following courses is required, depending upon the student’s major instrument: 381, 382, 391, 392. The piano requirement may be waived if the student passes a proficiency examination, in which case ensemble and additional hours on the major instrument may be substituted. The proficiency examination includes the ability to read at sight easy song accompaniments, and, with preparation, to play those of medium difficulty.

Bachelor of Science in Education Degree: The curriculum leading toward this degree prepares students for positions as teachers or supervisors of music in the public schools at the elementary and secondary levels. Students should consult with their advisers and the head of the education department to be assured of meeting certification requirements of the states in which they will be teaching. All students must meet Indiana requirements.

Requirements for the B.S. degree in music education include a major instrument (eight hours); a minor instrument (four hours); ensemble (seven hours if majoring in piano, organ or voice, or six hours if majoring in a band or orchestral instrument). Other courses required are 141-142, 151-152, 212, 221, 222, 231, 232, 241-242, 311, 332, 341, 352, 361, 362, 372, 402. Four hours of piano are required as the minor instrument of those whose major instrument is voice, string, wind or percussion instrument. This requirement may be waived if the student passes a proficiency examination, in which case another instrument will be substituted. Students whose major instrument is piano or organ must take voice as their minor instrument unless waived by a proficiency examination, in which case another instrument will be substituted. One hour of private voice is required of students whose major instrument is a string, wind, or percussion instrument. This requirement may be waived by a proficiency examination, in which case ensemble will be substituted.

Candidates for the Bachelor of Science in Education degree ma-
joring in piano, organ or a band or orchestral instrument, must pass a proficiency test in voice. The vocal requirement includes the ability to sing with a voice of pleasing quality suitable for use in teaching songs in the classroom. Candidates majoring in voice or a band or orchestral instrument must pass a proficiency test in piano. Competence in piano shall be that of playing average accompaniments required for public school use.

Minor Requirements: A music minor in the A.B. program consists of twenty-five hours including a major instrument (six hours); piano for students whose major instrument is voice, string, wind, or percussion instruments (three hours); ensemble (five hours if a voice or instrument major, or six hours if a piano or organ major). Other courses required are 141-142, 151-152, 212, 361 or 362. Organ and piano majors are required to take one of the following: 241, 341, or 402. The piano requirement may be waived with the approval of the student's instructor and the head of the department. In this case, another instrument or ensemble will be substituted.

Restricted Requirements: The restricted music program in a B.S. degree consists of twenty-eight hours with an emphasis either in vocal music or instrumental music.

Courses in the vocal music program include a major instrument (five hours); a minor instrument (four hours); ensemble (four hours); 141-142, 151-152, 212, 361, Education 321 (Special); choice of one of the following: 241, 341, or 402. The major and minor instruments must be voice and piano unless organ is substituted for piano with the approval of the student's instructor and the head of the department.

Courses in the instrumental music program include a major instrument (four hours); two minor instruments (two hours in each), the first one being piano unless student's major instrument is piano, or unless this instrument is waived with the approval of the student's instructor and the head of the department. In this case, another instrument will be substituted. The second minor instrument will be from the family in which the student is majoring. Other music requirements include ensemble (two hours); 141-142, 151-152, 212, 332, 362; choice of one of the following courses: 241, 341, or 402. Three of the following instrumental courses are required: 221, 222, 231, 232. (The student will select courses other than the one which includes his major instrument.)

General Information: Suggested Curricula sheets outlining recommended arrangement of courses by semesters on the A.B. or B.S. program are available during registration or may be secured by writing the admissions office.

Non-music majors are encouraged to elect music courses and to join choral and instrumental organizations.

All ensembles must be approved by the music department before they perform off campus.

The fees for private lessons and for piano and organ rental are listed under "Special Fees."

Special Prerequisites: All prospective students should make ap-
plication well in advance of the fall semester. A personal interview with the members of the music faculty is highly desirable. It is recommended that this be done during the spring semester preceding matriculation. This is especially desirable if a student wishes to apply for a music scholarship. Upon request from the admissions office, music scholarship application forms are available for new students. Returning students should apply to the head of the music department.

Freshmen planning to major in music must audition for placement in their major instruments or voice during New Student Week, which precedes fall registration. Students not demonstrating adequate proficiency in their major instruments or voice must take Preparatory Applied until, in the opinion of the audition committee, they are qualified to pursue applied study at the college level. Freshmen entering second semester should contact the head of the music department for an audition time.

Freshmen are also given a theory placement examination during New Student Week. Students not demonstrating adequate knowledge of music fundamentals are required to take two hours credit of piano as a prerequisite to Basic Theory 141-142 and Sight Singing and Ear Training 151-152.

Music majors transferring from accredited institutions must audition for placement in their major and minor instruments. A placement examination in music theory is required unless two years of basic theory have been completed, in which case theory credits will be accepted automatically. Transfer students from non-accredited schools are required to audition or to take examinations in all music subjects in order to determine the credit transferable.

General Regulations: Attendance at student and faculty recitals, concerts, lyceum programs, and Music Club is required of all music majors. One unexcused absence is permitted each semester. The penalty for excessive unexcused absences or tardiness is the same as that for excessive unexcused absences or tardiness in a class. (See "Class Attendance.") Attendance requirements will be in accordance with the policy used relative to chapel attendance. (See the Student Handbook.) Excused absences due to illness should be submitted to the head of the department. Likewise, if a student has a valid reason for being absent, an excuse for this must be granted by the head of the department in advance of the program, unless there is some emergency or unavoidable reason involved. Students minoring in music on the A.B. degree, or taking the restricted program on the B.S. degree, are also required to attend the various musical programs and Music Club, unless Music Club conflicts with a club requirement in the student's major field. Music minors will be permitted two unexcused absences a semester. Unexcused absences in excess of two per semester will result in the same penalty given music majors.

All music majors taking private instruction for college credit are heard in their major instruments by an examining committee at the close of each semester. Students not demonstrating adequate proficiency to proceed into the next course in credit sequence will be required, upon recommendation of the examining committee, to take
Remedial Applied. Permission to proceed from Remedial Applied into the next credit course will be granted only upon recommendation of the examining committee.

Proficiency tests are given at the close of each semester by the same examining committees that hear the students in their major instruments.

For one hour credit in applied work a student must take one half-hour lesson each week and is expected to practice not less than one hour each day. Each student must have his instructor's approval before taking part in any public performance.

All music majors are required to appear in recitals according to the discretion of the instructor. Bachelor of Arts majors are required to give a full graduation recital in their senior year. Bachelor of Science majors are required to give a half recital in their junior or senior year. A private rather than a public recital may be given on either major when recommended by the student's instructor and approved by the head of the department.

All members of vocal ensembles are required to participate in the Oratorio Chorus. In a few cases, piano accompanying may be substituted as part of the ensemble requirement. This latter exception must have approval of the head of the department. A maximum of seven semester hours in ensemble may be credited toward graduation.

Applied Music

Course numbers for organ, piano, voice, string, wind, and percussion instruments are as follows: First year—1,2; second year—3,4; third year—5,6; fourth year—7,8. Remedial Applied courses 01 through 08 follow the same numbering system.

001, 002—PREPARATORY APPLIED

A course (private study) required of all applicants for the music major not demonstrating adequate proficiency in their major instruments to pursue college-level work. Students taking this course may proceed into credit courses only upon recommendation of the faculty examining committee. (See second paragraph under Special Prerequisites.) Offered annually.

01 to 08—REMEDIAL APPLIED

At the close of any semester a music major not showing sufficient progress in his major instrument may be placed in this course (private study) upon the recommendation of the examining committee. The student may proceed into the next credit level of applied study when, in the opinion of the committee, the student has developed adequate proficiency. Lesson and practice requirements are the same as for a credit course. (See second paragraph under General Regulations.) Offered annually.

1 to 8—PIANO

Applicants for admission to the course which leads to a piano major in music should be able to play with practice the easier sonatas by
Haydn, Mozart, and Beethoven; School of Velocity, Op. 299, Czerny; Two and Three Part Inventions by Bach, or their equivalent, and the major and minor scales and arpeggios.

Work in piano will include the learning of proper practice methods, building good technique, acquiring sufficient repertoire, and gaining a broad knowledge of piano literature and the composers thereof. Students not majoring in piano or music may enroll in piano courses suited to their backgrounds and needs. Offered annually.

1 to 8—ORGAN
1 hr. cr.
This course of instruction is planned to develop technique and to build a repertoire suitable for church playing. Students should consult with the instructor before registering for organ to ascertain whether a sufficient level in piano has been achieved. Offered annually.

1 to 8—VOICE
1 hr. cr.
Attention is given to artistic interpretation, development of good technique, building of correct physical and mental poise. Repertoire includes representative English, French, German, and Italian songs. Beginners with no previous training as well as advanced students may enroll. Offered annually.

1 to 8—BAND AND ORCHESTRAL INSTRUMENTS
1 hr. cr.
Private instruction is offered in orchestral and band instruments. Work in instruments will include the learning of proper practice methods, building good technique, and acquiring sufficient repertoire. The music department has a limited number of instruments for use by students. It is advisable for each student to make provision to secure the instrument to be studied from other sources. Students not majoring in an instrument or music may enroll in instrument courses suited to their backgrounds and needs. Offered annually.

110—CLASS VOICE INSTRUCTION
1 hr. cr.
Designed for general voice development with attention also given to the fundamentals of interpretation and diction for those who possess vocal talent but who do not wish to pay the fee for private lessons. Soloists may be required to register for this course before representing the school off campus. Credit does not count toward graduation if student is minoring or majoring in music. Offered annually both semesters.

120—CHURCH PIANO CLASS
1 hr. cr.
Studies in technique, sight reading, keyboard harmony, transposition, and modulation adapted to the needs of church services, formal and informal. Emphasis on hymn playing and accompaniments for choir and congregational singing. In most cases, accompanists desiring to represent the school off campus are required to take this course at least one semester. Credit does not count toward graduation if student is minoring or majoring in music. Prerequisite: Ability to play hymns as written. Offered annually both semesters.

130—FUNDAMENTALS OF CONDUCTING
1 hr. cr.
A study of fundamental conducting techniques and training in song leadership for church and school groups. Basic procedures in choir
leading. Practical conducting experience. In most cases, song leaders will be required to enroll in this course before being permitted to direct church music off campus. Credit does not count toward graduation if student is minoring or majoring in music. Offered annually both semesters.

361, 362—CONDUCTING 1 hr. cr.
A study of the techniques of conducting. Participation in actual conducting and reading materials of both choral and instrumental materials. First semester, vocal; second, instrumental. Offered annually.

381—ORGAN METHODS AND MATERIALS 1 hr. cr.
For students preparing to teach applied music. Emphasis is placed on the teaching of interpretation and style, memorization, sight reading, technique, lesson procedures for individual and group instruction; survey, analysis, and evaluation of teaching materials. Offered 1962-63.

382—PIANO METHODS AND MATERIALS 1 hr. cr.
A course introducing the methods of teaching piano. Includes study of the problems of teaching, the development of technique, evaluation and selection of materials for different age groups and various stages of advancement for both child and adult beginners, with supervised practical experience. Offered annually.

391—INSTRUMENTAL METHODS AND MATERIALS 1 hr. cr.
For description of course see Music 381. Offered 1961-62.

392—VOICE METHODS AND MATERIALS 1 hr. cr.
For description of course see Music 381. Offered 1961-62.

411, 412—SUPERVISED PIANO TEACHING 1 hr. cr.
Supervised teaching of young children, including scheduled conferences with supervisor for guidance. Prerequisites: advanced piano study and Music 382. Offered annually.

Ensemble

100—ENSEMBLE TECHNIQUES 1 hr. cr.
A study of sacred repertoire for both vocal and instrumental trios and quartets with emphasis on interpretation. Constructive criticism relative to all aspects of artistic and effective performance. Usually small ensembles or students interested in joining such ensembles will be required to take this course before being approved for performance off campus, and they will be strongly encouraged to participate in music organizations. Credit does not count toward graduation if student is minoring or majoring in music. Offered annually both semesters.

251, 252—ORATORIO CHORUS 1 hr. cr.
Open without audition to all students enrolled in the university. This organization, numbering over 150 voices, presents a major portion of
Handel's *Messiah* during the first semester and an additional oratorio in the second semester. *Offered annually.*

261-262—THE TAYLOR UNIVERSITY CHORALE  
1 hr. cr.

This organization is composed of approximately 60 mixed voices, 45 to be selected for the annual spring tour. Students are chosen by audition. The women's section of the Chorale also makes up the Women's Chorus, and the men's section likewise forms the Men's Chorus. Both of these groups perform for campus functions. The repertoire includes a varied program consisting of literature selected from early centuries to contemporary periods, including hymns and spirituals. Members are required to register for Oratorio Chorus. *Offered annually.*

271, 272—CHAMBER ENSEMBLE  
1 hr. cr.

A choice of a small brass, woodwind, or string group which will meet separately and will be under different directors who are specialists in these fields. These groups perform at chapel and in concerts. Open by audition to all students. *Offered annually.*

281-282—THE TAYLOR UNIVERSITY BANDS  
1 hr. cr.

*The Trojan Marching Band* is an organization of 56-64 instrumentalists, plus majorettes and extras, which presents colorful half-time pageants at all football games.

*The Symphonic Band* is a select organization of 60-70 instrumentalists which presents concerts throughout the year and makes a tour in the spring. This organization also serves as host for high school band festivals and clinics during the year. The marching band terminates at the end of the football season, at which time the symphonic band begins. *Offered annually.*

291-292—THE TAYLOR UNIVERSITY SYMPHONY ORCHESTRA  
1 hr. cr.

Composed of instrumentalists selected from the campus and surrounding communities. Performances with choral groups and full orchestral concerts highlight each season. *Offered annually.*

**Music Education**

221—PERCUSSION INSTRUMENTS  
1 hr. cr.

Class instruction for public school teaching. *Offered 1962-63.*

222—BRASS INSTRUMENTS  
1 hr. cr.

Class instruction for public school teaching. *Offered 1962-63.*

231—WOODWIND INSTRUMENTS  
1 hr. cr.

232—STRING INSTRUMENTS  
1 hr. cr.

301—MUSIC FOR THE CLASSROOM TEACHER  
2 hrs. cr.
A course designed to establish the place of music in the elementary school. A review of essentials of music; methods and materials for correlation and integration into the curriculum are studied. Required for the B.S. degree in elementary education. Offered annually.

311—ELEMENTARY SCHOOL MUSIC  
3 hrs. cr.
Designed primarily for the music specialist. Methods, materials, child voice, song repertoire, interpretation, listening, reading, audio-visual and recordings. Required for the B.S. in Education degree. Offered annually.

332—INSTRUMENTAL METHODS FOR SECONDARY SCHOOL TEACHERS  
2 hrs. cr.
A study of the objectives and techniques of the instrumental program in the secondary school, with emphasis on rehearsal procedures, repertoire, and organization. Offered annually.

421, 422—SEMINAR IN MUSIC  
1 hr. cr.
A course designed to correlate work previously studied in music, and to prepare the student for graduate study. Research and projects are assigned, providing practical experience according to individual needs and interests. Offered annually.

Music History and Literature

201—PROTESTANT CHURCH MUSIC  
2 hrs. cr.
This course will include a critical survey of hymnology from its earliest beginnings to the present, a study concerning the proper use of organ, piano and instruments in religious services. Offered annually.

212—MUSIC LITERATURE  
2 hrs. cr.
A study of representative music works from all periods, with emphasis on stylistic characteristics. Lectures, performance, and supervised record listening. Open also to non-music majors who have had some training in music. Offered annually.

372—MUSIC HISTORY  
5 hrs. cr.
This course covers music from the early centuries to the nineteenth and twentieth centuries. Concomitant phases of political history and art are correlated. Illustrations of every era, school, and phase of music history are utilized. Offered annually.

Music Theory

141-142—BASIC THEORY I  
3 hrs. cr.
A coordinated study which includes the basic fundamentals of music, elemental form, melodic construction and chorale harmonization. The entire course is based on a creative and analytical approach to the theory of music beginning with the harmonic techniques of the 18th century. Offered annually.
151-152—SIGHT SINGING AND EAR TRAINING 1 hr. cr.
The various methods of learning sight singing are employed. Ear training consists chiefly of melodic dictation; harmonic dictation is presented as progress and time will allow. Offered annually.

241-242—BASIC THEORY II 3 hrs. cr.
An integrated course in advanced theory, presenting various phases of music through music itself. A correlation of advanced written and keyboard harmony, simple song forms, harmonic dictation, and the analysis of illustrative passages from the music of the 18th, 19th and 20th centuries. The first semester includes a continuation of sight singing and ear training. Offered annually.

341—COUNTERPOINT 3 hrs. cr.
A presentation of the fundamental principles of polyphonic composition, combined with a study of the formal designs and methods of structural treatment used in the harmonic contrapuntal concept of music. Offered annually.

352—INSTRUMENTAL ARRANGING 2 hrs. cr.
Study of band and orchestral instruments with a view to practical and effective writing. Arranging of compositions for various instrumental combinations. Students will be expected to arrange a composition for full orchestra at the close of the semester. Offered annually.

402—FORM AND ANALYSIS 2 hrs. cr.
A study of music style from an aesthetic point of view. Beginning with the simple song form, it leads up to the more complex forms of the classical and romantic period with such modern techniques as time will allow. It will consider not only the form of the compositions, but the harmonic and contrapuntal resources also, with the student analyzing the actual compositions. Offered annually.

PHILOSOPHY
DIVISION OF PHILOSOPHY AND RELIGION
Carter
A major consists of twenty-four hours, and must include courses 201, 272, and 350. A minor consists of sixteen hours, and must include courses 350, and either 201 or 272.

201—LOGIC 3 hrs. cr.
A systematic study of the principles of reasoning, and the methods of obtaining valid knowledge and correct conclusions. Offered 1961-62.

272—ETHICS 3 hrs. cr.
This is a survey of the principal ethical theories and systems, with application of principles to pressing moral and social problems of the day, Offered annually.
322—PHILOSOPHY OF RELIGION 3 hrs. cr.
A philosophic approach to the problems and conceptions of religion, together with their implications for theism and Christianity. Special attention will be given to the development of religious philosophy in America as it relates to the modern cults. Offered 1961-62.

331, 332—HISTORY OF PHILOSOPHY 3 hrs. cr.
This course considers the development of philosophical thought from the ancient Greeks to modern times. Offered 1962-63.

341—AESTHETICS 2 hrs. cr.
A consideration of the psychology of the aesthetic experience and an interpretation of the philosophy of aesthetic values. This is an excellent cultural course for the general student. Offered 1962-63.

350—PHILOSOPHY AND CHRISTIAN THOUGHT 5 hrs. cr.
This course is an introduction to the basic problems of philosophy and their relation to classical Protestant Christian thought. The course is designed to acquaint the student with the terminology and concepts of philosophy and their relationship to the basic Christian teachings, as also to aid him in the integration of all knowledge and the development of a Christian philosophy of life. Offered annually both semesters.

411—AMERICAN AND CONTEMPORARY PHILOSOPHY 5 hrs. cr.
This course surveys the influence of European philosophy upon American thought and life from Puritanism to the present, with special emphasis upon historical American developments such as pragmatism in education and personalism in religion. Special attention will be devoted to contemporary thought. Offered 1961-62.

431—WORLD RELIGIONS (See Rel. 431) 2 hrs. cr.

432—GREAT PHILOSOPHIES 2 hrs. cr.
A study of the problems and principles of philosophy as found in the major philosophical works of one or more of the great philosophers such as Plato, Aristotle, Immanuel Kant, James. Offered 1961-62.

441, 442—HONORS COURSE 1 or 2 hrs. cr.
Open to senior majors and minors who have a B average in the field of study, and with permission of the head of the department.

451, 452—SEMINAR IN PHILOSOPHY 1 hr. cr.
A course designed to correlate and integrate philosophic problems and principles. Special research problems will be assigned to meet the needs and interests of the major student.
OPPORTUNITY is given for all to take part in the organized physical education program which is carried on throughout the year. A large intramural program offers participation in all sports in season, and leisure-time use of recreational facilities is encouraged. The college promotes a program of intercollegiate athletics in which high standards of scholarship and sportsmanship are fostered for all participants. Intercollegiate contests are held in football, basketball, baseball, track, tennis, cross-country and golf. A physical examination, for which there is no additional charge, is required of all who participate in intercollegiate athletics.

Male students expecting to complete a comprehensive area in physical education resulting in a B.S. in Education degree must have a total of 40 hours of credit in physical education including the following courses: 111, 122, 132, 310, 341-342, 372, 402, 431. In addition to these courses, two of the following four courses must be completed: 261, 312, 351, and 382. Male students who are expecting to complete a restrictive area in physical education must have a total of 24 hours in physical education, including the following courses: 111, 122, 132, 310, 402, and 431.

Girls expecting to complete a comprehensive area in physical education must have 40 hours of credit in physical education including 111, 122, 132, 310, 341-342, 361-362, 372, and 402. Girls expecting to complete a restrictive area in physical education must have 24 hours of physical education credit that includes the following courses: 111, 122, 132, 311, 361, 362, 402.

Students expecting to minor in physical education in the A.B. program should have 18 hours in physical education including the following: 122, 310, 372 and 431.

Physical education 101, 102, 201 and 202 do not apply toward a comprehensive or restricted teaching area or toward a minor in physical education.

General physical education (101, 102, 201, 202) is required of all students. A special fee is charged if these courses are delayed until the junior or senior year. The requirement is optional for women over thirty (30) years of age.

All dress items for physical education classes must be purchased at the campus bookstore. If the student already owns non-marking gym shoes, these are acceptable.

101, 102—GENERAL PHYSICAL EDUCATION FOR MEN 1 hr. cr.
Provides men the understanding and skill necessary to participate in a variety of physical activities which should improve them socially, physically, spiritually, and mentally. Offered annually.
101, 102—GENERAL PHYSICAL EDUCATION FOR WOMEN 1 hr. cr.
Provides women the understanding and skills necessary to participate in various physical activities which should improve them physically, socially, spiritually, and mentally. Offered annually.

111—FIRST AID 2 hrs. cr.
A study of the principles and techniques of recognizing the need for and application of immediate and temporary care to an injured person. Special emphasis is placed on common athletic injuries. Offered annually.

122—ORIENTATION TO PHYSICAL EDUCATION 3 hrs. cr.
A course designed to give the student an understanding of the place of physical education in the world today. This includes the history of physical education, contemporary happenings, and the theories of physical education. Offered annually.

131—ELEMENTARY SCHOOL HEALTH AND SAFETY 2 hrs. cr.
Designed to provide the elementary education student a basic understanding of what should be taught to the elementary school students concerning health and safety. This includes both content and methods. Offered annually.

132—SCHOOL HEALTH EDUCATION AND SAFETY 3 hrs. cr.
Proper health and safety practices with emphasis on the materials that should be taught in a high school health class are studied in this course. Offered annually.

201, 202—GENERAL PHYSICAL EDUCATION FOR MEN 1 hr. cr.
Required of all sophomore men. A continuation of Physical Education 101, 102. Offered annually.

201, 202—GENERAL PHYSICAL EDUCATION FOR WOMEN 1 hr. cr.
Required of all sophomore women. Free exercises, tactics, and recreational games. A continuation of Physical Education 101, 102. Offered annually.

242—ELEMENTARY SCHOOL GAMES AND RHYTHMICS 2 hrs. cr.
A study of games and rhythmic activities that can be used in the public school as well as how they can be taught by the elementary teacher. Offered annually.

261—COACHING OF BASKETBALL 3 hrs. cr.
A study of offensive and defensive play is presented with emphasis on modern trends in basketball. Rules, fundamentals, schedule making, scouting, care and choice of equipment, and techniques of team selection are included in this course. Offered annually.

310—GYMNASTICS AND RHYTHMICS 4 hrs. cr.
This course is designed to give a physical education instructor an understanding of the place for and skills of both gymnastics and
rhythmics in order that they might be used to a greater advantage in physical education. Offered annually both semesters.

312—COACHING OF BASEBALL 2 hrs. cr.
A course aimed at providing the student an understanding of the fundamentals and strategy of both the offensive and defensive sides of baseball. Also included are problems pertinent to a baseball coach. Offered 1962-63.

332—ADVANCED SCHOOL HEALTH EDUCATION 2 hrs. cr.
This course is designed to strengthen the student's understanding of proper health practices. Methods and materials that can be used in teaching a high school health class are considered. Offered 1961-62.

341-342—HUMAN ANATOMY AND PHYSIOLOGY 4 hrs. cr.
(see Biology 341-342)

351—COACHING OF FOOTBALL 3 hrs. cr.
A presentation of modern football including both the advantages and disadvantages. Game fundamentals such as punting, passing, blocking, and tackling are studied. Attention is also given to the care and purchase of equipment, selection of squad, selection of managers, and selection and supervision of assistants. Offered 1962-63.

352—TEACHING OF SWIMMING 2 hrs. cr.
Includes the development and improvement of the student's ability to swim, as well as instruction in techniques of teaching swimming. The nine recognized strokes of swimming, synchronized swimming, and organized water shows will be studied. Offered 1961-62.

361—TEACHING OF WOMEN'S TEAM SPORTS 4 hrs. cr.
This course is designed to give the women's physical education instructor an understanding of women's team sports that should be taught, and the methods and techniques that can be used in teaching them. Offered 1962-63.

362—TEACHING OF WOMEN'S INDIVIDUAL SPORTS 4 hrs. cr.
A survey of women's individual sports and the methods and techniques that can be used in teaching them. Offered 1962-63.

371—TECHNIQUES OF DRIVER EDUCATION 3 hrs. cr.
The purpose of this course is to prepare high school teachers of driver education. Both the classroom phase and the behind-the-wheel techniques are presented. Every enrollee will have an opportunity to teach automobile driving to beginners. Offered 1961-62.

372—RECREATION AND CAMPING 3 hrs. cr.
A study of the place of recreation and camping in our American society. It deals with the planning, promotion, and supervision of all types of recreation and camping programs. Offered annually.
382—COACHING OF TRACK AND FIELD 2 hrs. cr.

All track and field activities are discussed with demonstrations of techniques and proper form for each. Further study is made in the care of injuries, purchase and care of equipment, scheduling, and management of track and field meets. Offered 1961-62.

402—ORGANIZATION, ADMINISTRATION, AND EVALUATION OF PHYSICAL EDUCATION 3 hrs. cr.

A study of methods of organizing and administering a physical education, intramural, and athletic program. It also deals with the methods of testing and evaluation that should be used in physical education. Considerable time is spent discussing budgeting, purchasing, and care of athletic equipment. Offered annually.

431—MINOR SPORTS AND GAMES 3 hrs. cr.

Information important to the teaching of individual sports and games of low organization is studied. Both content and methods are emphasized. Offered annually.

441, 442—HONORS COURSE 1 or 2 hrs. cr.

Open to individuals completing a comprehensive or restricted area or a minor who have a B average in the field of study, and with permission of the head of the department.

PHYSICS

DIVISION OF NATURAL SCIENCES

Nussbaum, Porter

A major consists of 24 hours. Required related courses for a major are Mathematics 431 and Chemistry 431-432. A minor consists of 16 hours and must include Physics 321. Mathematics 341, 342 is required for a minor.

211-212—GENERAL COLLEGE PHYSICS 4 or 5 hrs. cr.

Mechanics, heat and sound are studied in the first semester; and magnetism, electricity, modern physics and light are studied in the second semester. Three class periods, and two or four hours laboratory per week. Prerequisite, one year of college mathematics or permission of instructor. Offered annually.

321—MODERN DEVELOPMENTS IN PHYSICS 4 hrs. cr.

Major topics of consideration in the course are atomic structure, X-rays, radio-activity, quantum theory and other current theories of the structure of matter. Three classroom periods and two hours laboratory each week. Offered 1961-62.

322—ELECTRICAL MEASUREMENTS 4 hrs. cr.

An intermediate course in electricity and magnetism. Three classroom periods and two hours laboratory each week. Prerequisite, Physics 212 and Mathematics 341, or permission of instructor. Offered 1962-63.
331—OPTICS 3 hrs. cr.
A study of geometrical and physical optics, including refraction, reflection, dispersion, interference, diffraction, polarization, and spectrum analysis. The theory of optical instruments is discussed. Two classroom periods and one two-hour laboratory period per week. Offered 1961-62.

332—PHYSICAL ELECTRONICS 3 hrs. cr.
A course dealing with the theory and application of electron tubes. Emphasis is placed on the properties and the electronic circuits which are of special interest to the physicist. Two classroom periods and one two-hour laboratory period per week. Offered 1961-62.

342—ANALYTICAL MECHANICS 3 hrs. cr.
A study of statics, including equilibrium, virtual work, elasticity and gravitational potential followed by an introduction to dynamics including kinematics, oscillations, energy, central forces, planetary motion and collisions. Three lectures per week. Prerequisites: Physics 211-212 and Mathematics 341. Offered 1961-62.

441, 442—HONORS COURSE 1 or 2 hrs. cr.
Open to majors and minors who have a B average in the field of study, and with permission of the head of the department.

POLITICAL SCIENCE
DIVISION OF SOCIAL SCIENCES
Valberg, Haines

A minor in Political Science consists of sixteen hours.

201, 202—INTRODUCTION TO UNITED STATES GOVERNMENT 2 hrs. cr.
This course affords a general survey of the American federal constitutional system. First semester: the foundations of American government and the executive, legislative, and judicial departments of the national government; second semester: the federal government's power and functions, and state and local government. Open to freshmen. First semester (201) is prerequisite to second semester (202). Offered annually.

301, 302—EUROPEAN GOVERNMENTS 2 hrs. cr.
A study of the constitutions, organs of government, public administration, and political parties of the principal European powers. Great Britain and Russia are considered the first semester, and France, Italy, Germany and Switzerland the second semester. Offered 1961-62.

361—PUBLIC Finance 3 hrs. cr.
(See Business and Economics 361)

371—AMERICAN CONSTITUTIONAL HISTORY 3 hrs. cr.
(See History 371.)
411—INTERNATIONAL LAW AND ORGANIZATION  2 hrs. cr.
The purpose of this course is to give the student an understanding of the principles and procedure governing the relations between nations. A study is made of the nature of international law, the organization of the community of nations, the substantive rules of international law and international procedure for the settlement of conflict of claims.

422—HISTORY OF AMERICAN FOREIGN RELATIONS  3 hrs. cr.
(See History 422.)

PSYCHOLOGY

DIVISION OF SOCIAL SCIENCES

Barkman, Cross, Green

Psychology is the science of human behavior. It deals with man's inner experience and motivation, and his relationship with the world outside himself. A knowledge of psychology is important to all occupations in which an understanding of human nature is necessary.

A major consists of twenty-four semester hours, and a minor of sixteen semester hours, both in addition to Psychology 101. Social Science 322 may count toward a major. Somewhat different curricula are recommended for majors who are preparing to be psychologists, social workers, and ministers. Psychology 200 is prerequisite to all other courses in the department.

101—COLLEGE PROBLEMS  1 hr. cr.
A course which focuses on the self-direction and disciplines required in higher education. Attitudes, skills, and knowledge essential to a high level of accomplishment are studied. Required of all freshmen.

200—GENERAL PSYCHOLOGY  3 hrs. cr.
An introductory study in the subject matter and methods of psychology, with some attention to the dynamics of personal adjustment. Offered annually both semesters.

202—APPLIED PSYCHOLOGY  3 hrs. cr.
An introductory study of the various applications of psychological principles and techniques to the experiences of everyday living and working. Special attention is given to the application of psychology to various professional and vocational fields, such as medicine, law, industry, education, etc. Offered annually.

240—EDUCATIONAL PSYCHOLOGY  2 hrs. cr.
(See Education 240)

321—SOCIAL PSYCHOLOGY  3 hrs. cr.
A study of the experience and behavior of individuals in relation to social stimulus situations, including study of group dynamics and of crowd psychology. Offered 1961-62.
330—HUMAN DEVELOPMENT 3 hrs. cr.
A study of human behavior and development from birth through old age. Emphasis is placed on the psychological aspects of development, with particular reference to related biological and social factors. Each student is required to spend one hour per week, or its equivalent, in addition to class sessions, in a situation which applies the principles of the course. Offered annually both semesters.

340—TESTS AND MEASUREMENTS 2 hrs. cr.
(See Education 340)

341—PSYCHOLOGY OF THE ATYPICAL 3 hrs. cr.
The main concern of the course is the study and appraisal of educational methods which make for maximal effectiveness and adjustment in both the retarded and the superior. Offered 1962-63.

351—PRINCIPLES OF LEADERSHIP 2 hrs. cr.
A course designed to introduce the student to the philosophy and methods of leadership. Those enrolled will work with the freshmen in Psychology 101. Prerequisites: three hours in psychology and the consent of the instructor. Offered annually.

362—MENTAL HYGIENE 3 hrs. cr.
A study of the psychology of personal adjustment, the prevention of emotional and mental disorders, and the organized efforts to promote mental health. A laboratory course. Students spend eight two-hour periods per semester assisting or observing in the therapy departments of a mental hospital, in addition to the regular three class sessions per week. Offered 1962-63.

401—PSYCHOLOGY OF PERSONALITY 3 hrs. cr.
The major current systematic psychological theories of personality are studied carefully, with some consideration for their usefulness for research, professional psychology, and the professional interests of those who are enrolled in the course. Offered 1961-62.

402—PSYCHOLOGY OF THE ABNORMAL 3 hrs. cr.
A study of the nature, causes and treatment of major and minor mental disorders. Offered 1961-62.

421—PSYCHOLOGY OF RELIGION 3 hrs. cr.
A psychological analysis of religious experience and behavior, with special emphasis on Christianity. Attention is given to teachings of the Bible which are related to principles of psychology. Offered 1962-63.

432—HISTORY OF PSYCHOLOGY 2 hrs. cr.
A study of the developmental history of psychology as it emerged from philosophy as a distinct discipline, with an increasing emphasis on the scientific approach and method. Offered 1961-62.
441, 442—HONORS COURSE 1 or 2 hrs. cr.

Open to senior majors and minors who have a B average in the field of study, and with permission of the head of the department. Honors scholars may choose either a reading project or an experimental research project. Ordinarily, Social Science 322 is prerequisite to the latter.

452—SEMINAR IN PSYCHOLOGY 2 hrs. cr.

The course is planned to provide for individual interests in the general field of psychology. Research problems are assigned for study and report. Further objectives are (1) to integrate, at the undergraduate level, the various aspects of psychology and (2) to provide an adequate background for graduate study. Open only to seniors who are majoring in psychology.

REVEREND

DIVISION OF PHILOSOPHY AND RELIGION

Thompson, Carter, Green, Haines, Luthy, Rediger, Rupprecht, Wood

E.T.T.A. Church School Teacher's Diploma: Taylor University holds membership in the Evangelical Teacher Training Association. Students who incorporate in their study programs a core of approved subjects will, at the time of graduation, be awarded a diploma by the association. The core of approved courses is as follows:

- Biblical literature, history or geography 10 semester hours
- Missions 2 semester hours
- Personal evangelism Non-credit
- From the Christian education department 10 semester hours

Certificate of Churchmanship: Taylor University offers a basic program in the church skills to train young people for effective, dedicated participation as laymen in their local churches. The certificate may be earned by any student, irrespective of the major field of study. Upon completion of the requirements, the student will receive the certificate at the time of graduation.

Academic requirements:

- Religion 120 5 semester hours
- Philosophy 350 or Religion 461-462 4-5 semester hours
- Religion 201 or 202 2 semester hours
- Religion 381, 382, or 482 2 semester hours
  (Education 320 may be substituted with the approval of the head of the religion department.)
- Religion 252 2 semester hours
- Music 211 2 semester hours
- Psychology 330 3 semester hours

Service requirements: Active participation in a local church, in an approved campus religious activity, or with an approved gospel team.

General Departmental Requirements:

Philosophy 350 is required of all students for graduation, except those who take Religion 272, 461 and 462.
A major in this department consists of a core of concentration of at least sixteen hours in one of the subdivisions of the department and specific requirements as indicated in the subdivision. Not more than six hours of lower division credit may be applied toward the concentration area.

A minor of twenty hours, at least twelve of which should be upper division credit, may be chosen in one or more of the divisions of the department.

452—SEMINAR IN RELIGION 2 hrs. cr.

A course intended to correlate and integrate the subjects of the major field. Special assignments are made for research in particular fields. Recommended for all majors in religion.

**Biblical Literature**

Requirements for major: A minimum of thirty hours in Religion, including the core of concentration in Biblical Literature and 272, 342, 461 and 462.

120—SURVEY OF THE BIBLE 5 hrs. cr.

A survey of each book is made, and the relationship of the individual books to the entire Bible is emphasized. Attention is given to the background and message of each book and to its relationship to God's plan of redemption. Offered annually both semesters.

231—THE HARMONY OF THE GOSPELS 3 hrs. cr.

A study of the four Gospel narratives with a view to discovering the contribution of each to the story of the life and teachings of Jesus. Development of independent powers of Bible interpretation is encouraged through the use of both the inductive and comparative methods of study. There is also a review of the political, geographic, and social world of the time of Christ. Offered annually.

321, 322—OLD TESTAMENT LITERATURE 3 hrs. cr.

The first semester is a study of the Pentateuch with special attention to the Genesis account of the origin of the cosmos, man, sin, salvation, etc. The second semester deals with Hebrew poetry as presented in the books of Job, Psalms, Proverbs, Ecclesiastes, Lamentations and the Song of Solomon. Offered annually.

331—PAULINE EPISTLES 3 hrs. cr.

Attention is given to the life, ministry, and writings of Paul. The Doctrinal, Pastoral, and Personal Epistles of Paul are studied with reference to their geographical and historical settings, the organization of the Apostolic Church, and the development of Christian doctrine. Careful exegesis is made of selected portions of each epistle. Offered annually.

332—HEBREWS, GENERAL EPISTLES, REVELATION 3 hrs. cr.

Attention is given to the problems of the authorship of Hebrews and its relation to the ceremonies of the Old Testament. The authorship, time, and background of each of the General Epistles is studied. The
contribution of each book to the New Testament doctrine is evaluated. A study is made of the place of Revelation in the New Testament canon and its relation to the Bible as a whole. Offered annually.

352—OLD TESTAMENT PROPHECY 3 hrs. cr.
A study of the major and minor prophetic works of the Old Testament with special emphasis given to the historical background, Messianic message, content, and specific theological concepts and teachings which are pertinent to modern times. The critical problems of unity, date, and the like will also be discussed. Offered 1961-62.

361—JEWS HIST ORY AND GEOGRAPHY 3 hrs. cr.
The History of the Jewish Nation from its origin until the time of Christ is studied. Attention is given to the geography of the Near East. Recent archaeological finds are given careful consideration. Offered 1961-62.

411-412—THE EPISTLES (See Greek 311-312) 3 hrs. cr.
491-492—SYNOPTIC GOSPELS (See Greek 301-302) 3 hrs. cr.
(A maximum of six hours may be applied toward the Biblical Literature concentration area.)

Christian Education

Requirements for major: Core of concentration, including 441 (or 442) plus 120, 272, 311, 461 and 462.

201—PRINCIPLES OF CHRISTIAN EDUCATION 2 hrs. cr.
An introduction to the field of Christian Education, providing the foundation for continuing studies. The course consists of background materials, emphasizing theological, psychological, and philosophical factors as they bear on present forms and methods. Offered annually.

202—ORGANIZATION AND ADMINISTRATION OF CHRISTIAN EDUCATION 2 hrs. cr.
Beginning with a brief survey of the history of Christian Education, this course deals with the theory and practice of Christian Education in the local church. The purpose is to seek an understanding of the application of the best methods of organizing and administering Christian Education through the Bible school, the Daily Vacation Bible School and weekday religious education. Offered annually.

212—PRACTICUM IN THE CARE OF THE PARISH 2 hrs. cr.
A required course for the first year of a student pastorate. The course deals with the practical concerns of the effective care of a parish. Offered annually.

301—WORK OF THE CHURCH 5 hrs. cr.
A study of the three major emphases of the work of the pastor and director of Christian education: effective pulpit or platform speech,
church management and administration, and counseling. Offered annually.

330—HUMAN DEVELOPMENT (See Psychology 330) 3 hrs. cr.

381, 382—MATERIALS AND METHODS 2 hrs. cr.

During the first semester, available materials for the instruction of young people and adults are examined, with the objectives of wise selection and effective presentation. The second semester materials include the psychology of childhood as applied to Christian experience and training, gradation of materials, and investigation of methods best suited to the instruction of the young. Late in the course a unit is devoted to the subject matter and techniques of the Daily Vacation Bible School. Offered 1961-62.

421—PSYCHOLOGY OF RELIGION (See Psychology 421) 3 hrs. cr.

441, 442—GUIDANCE IN FIELD WORK 1-3 hrs. cr.

Practical work, under the direction of the head of the department, in churches or schools. These activities are to implement theory with directed projects that will increase the skills of professional or voluntary directors of religious education. Prerequisites: 201 or 202 and 381 or permission of the head of the department. Offered annually.

472—RECREATION AND CAMPING

(See Physical Education 372) 3 hrs. cr.

482—AUDIO-VISUAL AIDS 2 hrs. cr.

Evaluation, construction, and use of audio-visual aids in the instruction of children and adults. One hour of lecture will be supplemented by two hours of laboratory work devoted to making models, puppets, flannel-graphs, bulletins, film-strips, and sound tapes. The student should be prepared to pay for the materials used in the laboratory, which will become his own property. Prerequisite: Religion 201 or permission of the instructor. Offered annually.

**Missions and Church History**

A minor in missions consisting of twenty hours of carefully selected courses is provided by this department with the view to meeting the needs for preparation of missionary candidates in any department of the college.

Requirements for minor: Divisional graduation requirements plus courses 252, 311, 391 and 431.

252—CULTURAL ANTHROPOLOGY (See Sociology 252) 3 hrs. cr.

311—HISTORY OF CHRISTIAN MISSIONS 3 hrs. cr.

A historical survey of the missionary activities of the Christian church from their beginning to the present time. Special attention is given to missions in the Middle Ages, their development since the Reformation, the renewed activities of the nineteenth century, the unfinished task, and the contemporary status of the young churches in various mission fields of the world. Offered 1962-63.
341, 342—HISTORY OF THE CHRISTIAN CHURCH 3 hrs. cr.
The progress of the Christian Church from its beginning until the
Reformation is traced in the first semester. The second semester
deals with the growth of the church from the Reformation to the
present. Offered 1961-62.

391—PHILOSOPHY AND METHODS OF MISSIONS 2 hrs. cr.
A survey of the principles and methods of Christian missions from
Christ to the present time, with special attention to the Biblical basis
and the prime motivating factors. Direct evangelistic, educational,
medical, industrial, literary, radio, and occupational missionary meth-
ods are given special attention. The preparation of the missionary for
his task is also considered. Offered 1961-62.

431—WORLD RELIGIONS 2 hrs. cr.
An examination of primitive animism, followed by a careful study
of the world’s great religions with a view to acquainting the student
with their underlying philosophies, principal teachings, and compara-
tive features. Offered 1962-63.

432—MISSIONS SEMINAR (Area Studies) 2 hrs. cr.
This course consists of a specialized study of one of the several great
mission fields, such as Latin America, Africa, India, Japan, or China.
The geography, people, history, economics, sociology, government,
language, religion, and the history and methods of Christian missions
will be considered.

Biblical Philosophy and Theology

272—ETHICS (See Philosophy 272). Required for major. 3 hrs. cr.

350—PHILOSOPHY AND CHRISTIAN THOUGHT
(See Philosophy 350) 5 hrs. cr.

371—THE HOLY SPIRIT 2 hrs. cr.
The personality, deity, and ministry of the Holy Spirit are studied in
Biblical, theological, and experiential contexts. Offered 1962-63.

372—PHILOSOPHY OF RELIGION
(See Philosophy 322) 3 hrs. cr.

461-462—SYSTEMATIC THEOLOGY 2 hrs. cr.
A systematic study of the doctrines of Christianity in light of rev-
elation, reason and experience. Attacks on Christian doctrine will
also be considered. Required for a major. Prerequisite: six hours
of Biblical Literature (besides Religion 120), or Philosophy 350. Of-
fered annually.
SOCIOLOGY
DIVISION OF SOCIAL SCIENCES
Royce, Loewen

Sociology is that discipline which seeks to differentiate and to define the fundamental processes of social interaction resulting in human personality and social organization. It seeks to formulate principles, laws, and generalizations with regard to human nature and society which may have universal validity and applicability. It is concerned with the behavior of humans in group relationships and with organized systems of practices and social rules, as these are expressed in social institutions developed to regulate and to standardize behavior toward recognized group values.

Sociology applied professionally to the problems of living in modern society is known as social work. Courses receiving welfare credit should be included in the curriculum of a student who wishes to meet the undergraduate standards of the National Association of Schools of Social Administration.

A major in sociology consists of twenty-four (24) semester hours, a minor of sixteen (16) hours. The course Social Science 322 may be counted toward a major.

101-102—INTRODUCTION TO SOCIETY 2 hrs. cr.
A general survey of the biological, physical, psychological and cultural factors in the development of human society; the social processes of group life as found in the family, neighborhood, and community of today; social organization and social control. Offered annually. Also offered each semester as 101-2, 4 hrs. cr.

201—RURAL SOCIOLOGY 2 hrs. cr.
The sociology of farm and village life. It seeks to analyze and to describe human groups essentially dependent upon agriculture for a livelihood, and to study the relation of rural life to the character and personality of farm people. It deals with rural institutions, contemporary rural problems and fundamental social phenomena of rural life. Offered 1962-63.

202—URBAN SOCIOLOGY 2 hrs. cr.
The study of human relations, behavior, and organization involved in city life as seen in the phenomena of relatively great population density, more or less permanent communities, great interdependence, high division of labor, anonymity, heterogeneity and impersonality. Offered 1962-63.

241—MARRIAGE AND HOME BUILDING 3 hrs. cr.
A study of marriage and the family from the approach of practical preparation for family living and home building. The customs, mores and practices of contemporary social relationships between the sexes, as in dating, courtship and marriage; the foundations of successful marriage; the prediction of success or failure in marriage. Offered annually.
252—CULTURAL ANTHROPOLOGY

An introduction to the culture of present-day representative pre-literate primitive people of the world. Social and cultural origins, primitive social control, the background of modern folkways, mores and community and institutional life are studied. The findings will be related to contemporary social problems. Designed for sociology majors, and as an orientation course for those interested in missions. Offered annually.

302—LABOR PROBLEMS

(See Economics 302.)

311—AMERICAN MINORITIES

A study of major and minor migrations to America, viewing their distinctive characteristics and contributions to American culture, and observing the basic processes of interaction and reaction in the relations of diverse nationalities and races in the American scene. Offered 1961-62.

312—POPULATION PROBLEMS

A study of the many and diverse relations of man’s numbers to his social welfare, with particular attention being given to early theories and policies of population, the growth of population, vital statistics as social factors, and the socio-economic and biological significance of birth and growth differentials with special reference to contemporary social problems. Prerequisite 101-102. Offered 1961-62.

321—SOCIAL PSYCHOLOGY (See Psychology 321)

331-332—INTRODUCTION TO THE FIELD OF SOCIAL WELFARE

A survey of social theory and practice as applied to current social problems. A study of social and economic factors affecting human welfare in the urban and rural communities. Attention is given to the nature and structure of social welfare services available to rural and urban peoples. It is designed especially for pre-social work majors, teachers, ministers, and other community leaders. (Welfare credit.) Prerequisite: 101-102 or consent of the instructor. Offered annually.

342—CRIMINOLOGY

A study of crime as a social phenomenon, surveying schools of criminology, theories of crime and punishment, causes and costs of criminal behavior, police and the detection of crime, penal institutions, modern treatment of the criminal, and methods and success of rehabilitation and control. Prerequisite 101-102. Offered 1962-63.

351—HISTORY OF SOCIAL THought

A brief introduction to the social philosophies before the time of Comte. The main emphasis will be placed upon the contributions of sociologists since the time of Comte. This will be done by a study of the writings and concepts of leading sociologists both in Europe and America. Offered 1961-62.
401, 402—SOCIAL SERVICE TO INDIVIDUALS  

2 hrs. cr.

An introduction to the history, principles, and processes of social casework, to social welfare administration, and to methods of interviewing pertinent to good casework. The classroom work or theory will be given the first semester and may be taken for two hours credit. The second semester work will give the student an opportunity for practical observation of public welfare agencies in operation. A program of intensive study will be set up under the competent direction and sponsorship of the Grant County Welfare Department. The student will learn through active participation in the work of the department. If the student elects the second semester, welfare credit may be received. Open to majors in sociology or by consent of instructor. Offered 1962-63.

411—THE FAMILY  

3 hrs. cr.

A survey of the history of the family; the psychology of family relationships and adjustments as a social institution; economic and social influences affecting the status of members of the family to each other; changing family folkways, disorganization of the family, factors causing family instability, and some suggestions for the conservation of the family. Offered only to upper level sociology majors or with consent of instructor. Offered 1962-63.

441, 442—HONORS COURSE  

1 or 2 hrs. cr.

Open to majors and minors who have a B average in the field of study, and with permission of the head of the department.

452—SEMINAR IN SOCIOLOGY  

2 hrs. cr.

A course dealing with the major problems of contemporary American society. Intensive reading and investigation by the student of assigned problems. Papers, reports and class discussion. Prerequisite: sixteen hours in Sociology and consent of instructor.

SPEECH

DIVISION OF LANGUAGE AND LITERATURE

Young, Greathouse, Martin, Cross

A major in speech consists of 28 hours, and a minor of 16 hours. Speech 100 is prerequisite to all other courses. The following courses must be included in the major: 100, 201, 211, 222, 311 and 322. The minor must include 100, 201, 211 and 222.

The following programs are offered for students qualifying to teach speech in the secondary school.

Comprehensive Area (42 hrs.): This includes Speech 100, 201, 211, 222, 311, 312, 322, 341, 411 and 412; Eng. 301, 331, 362, and six hours of electives in literature.

Restricted Area (24 hrs.): This includes 100, 102 or 311, 201, 211, 222 or 341, 312, 411, and 212 or 412.
100—FUNDAMENTALS OF SPEECH 3 hrs. cr.
A course designed to develop an understanding of the basic principles of speech and proficiency in their use. The aim is to lay a foundation in the fundamental speech skills which are common to radio, dramatics, public speaking, argumentation, and interpretation, skills which enter into all speaking and reading; the proper use of the voice, bodily action, the selection and organization of materials, and speaker-listener relationships. Offered annually both semesters.

102—VOICE AND DICTION 3 hrs. cr.
A continuation of training in public speaking with emphasis on vocal expression and graphic diction. Laboratory experience. Offered annually.

201—ORAL INTERPRETATION 3 hrs. cr.
A basic course aimed to develop adequate mental and emotional responsiveness to the meaning of literature and the ability to express that meaning through the use of imagery, mood, and theme. Offered annually.

211—INTRODUCTION TO PLAY PRODUCTION 3 hrs. cr.
A study of the entire theatre experience, designed to increase the student's appreciation of drama as an art form. The script, acting, directing design, and theatre history are discussed from an aesthetic and practical viewpoint. Prerequisite to all other theatre courses. Offered annually.

212—ACTING 3 hrs. cr.
A course in the principles of stage technique and characterization. Primary emphasis is upon roles developed in class. Prerequisite: 211. Offered annually.

222—TECHNIQUES OF ORAL PERSUASION 3 hrs. cr.
A course in persuasive speech in which emphasis is placed upon logical development, inference, and other methods of argumentation. Cross-examination will be used frequently. Offered annually.

301—ADVANCED PUBLIC SPEAKING 3 hrs. cr.
An advanced course in public speaking dealing with the composition and delivery of the extemporaneous speech, with emphasis on the analysis of speech models and the preparation of speeches for special occasions. Offered annually.

311—PRACTICAL PHONETICS 2 hrs. cr.
A course dealing primarily with English speech sounds. Study of the International Phonetic Alphabet and its practical use is included, and special emphasis is given to the science of phonics as an integral part of the teaching and learning of reading. Offered annually.
312—SPEECH SCIENCE

A course dealing with the physical, physiological, neurological, psychological, and semantic bases of speech. Special attention is devoted to some of the major speech pathologies. Current theories are studied and some consideration is given to various kinds of treatment and therapy. Prerequisite: Speech 311. Offered 1962-63.

322—RADIO AND TELEVISION

A lecture-laboratory course covering the basic techniques of radio and television production. Opportunity will be provided for actual participation in programs and activities. Offered annually.

341—INTRODUCTION TO DEBATING

A study of the principles of argumentation peculiar to the debate situation and brief drawing. Prerequisite: Speech 222, or permission of instructor. Offered 1962-63.

351, 352—INTERCOLLEGIATE DEBATING

Open only to those who participate in intercollegiate debating and by permission of the instructor. A maximum of eight hours may be acquired for credit. Offered annually.

362—RELIGIOUS DRAMA

A study of the development of church drama and a consideration of its proper place and function in the church program. Available materials, costuming, and other special problems are discussed. Offered 1961-62.

401—ADVANCED ORAL INTERPRETATION

Designed to give advanced study in the oral interpretation of types of literature. Offered annually.

411—PLAY DIRECTING

A study of bases, procedures, and problems of play direction. Laboratory experience is provided. Prerequisite: Speech 211. Offered annually.

412—STAGECRAFT AND DESIGN

A survey of the technical phases of play production. Deals with design, construction, and painting of scenery, costuming, lighting, and make-up. Laboratory experience. Prerequisite: Speech 211. Offered 1962-63.

451, 452—SEMINAR IN SPEECH

A study designed to correlate speech courses previously taken and to lead to research and comprehensive examination.
Pre-Professional Courses

Liberal arts education emphasizes the learning which is desirable for all students who would grow into mature persons and citizens of a democratic society. However, this is also basic preparation for the various professions and vocations. Taylor University offers pre-professional courses in several areas; some of them are affiliation programs with the state universities.

PRE-MEDICAL COURSE

It is assumed that a student entering the pre-medical course has had Latin in high school. Whenever possible, the student should select his medical school at the beginning of the junior year in order that he may meet specific entrance requirements. It is necessary to maintain a B average to qualify for admission to medical school.

PRE-NURSING COURSE

The Bachelor of Arts degree will be granted upon the completion of ninety-five credit hours at Taylor University and the prescribed course in nursing at an approved training hospital. A minimum of thirty hours, including a major of twenty hours, must be earned in residence at Taylor.

This combined course prepares the student to advance in the profession to such positions as superintendent of nurses, instructor in a nurses’ training school, or supervisor of public health.

PRE-MEDICAL TECHNOLOGY COURSE

The registry of medical technologists requires three years of college work as minimum pre-professional preparation. Upon the completion of this program at Taylor University and twelve months of medical technology training at an approved hospital, the Bachelor of Arts degree will be granted. The student will receive a Certificate of Medical Technology after taking the registry examination given by The American Society of Clinical Pathologists.

Chemistry and biology are satisfactory fields from which to choose a major (20 hours) and a minor (16 hours).

PRE-ENGINEERING COURSE

Taylor University participates in an affiliation program with Purdue University. Students will spend three years on the Taylor campus and will normally do at least two years of residence work at Purdue. Upon completion of the course for a degree in engineering at Purdue, Taylor University will grant the Bachelor of Arts degree.

### PRE-LAW COURSE

The best preparation for graduate training in the field of law is a regular four-year college course leading to the Bachelor of Arts degree. The recommended curriculum is listed below. However, if a student maintains a cumulative average of 1.6 or higher, he may be accepted by the Indiana University Law School after completing the first three years of this program. Taylor University will then grant the A.B. degree upon the successful completion of the first year of the Indiana University law course.

For those who complete the four-year program at Taylor University, majors other than social science are possible. They should be chosen in consultation with the chairman of the social science division.

### BUSINESS ADMINISTRATION COURSE

Taylor University offers the liberal arts portion of an affiliation program in business administration with Indiana University's School of Business. It leads to the Master of Business Administration degree. Students spend three years at Taylor, completing ninety-five hours of the Bachelor of Arts course. If the student maintains a scholastic standing of 1.6 or higher and meets all other entrance requirements, he will be admitted to the University for a two and one-half year program. Upon the successful completion of the first year, he will receive the Bachelor of Arts degree from Taylor University, and upon the successful completion of three additional semesters, Indiana University will grant the Master of Business Administration degree.

Another alternative is to spend only one year at Indiana University, receiving the degree from Taylor. A scholastic standing of at least 1.0 is required in this program.

The student who plans to spend only three years at Taylor University should follow the curriculum for the business administration major.
# The Curriculum

## Pre-Theological Course

This curriculum is based on standards which are suggested for seminaries by the American Association of Theological Schools.

The Alumni Association

The Alumni Association is an organization of graduates, former students and recipients of honorary degrees of Taylor University. Parents of alumni and spouses who are not alumni are given associate membership. Its purposes are to unite alumni in closer bonds of fellowship, to stimulate loyalty to the university, and to strengthen the university by disseminating information concerning her service to the church and society.

Activities of the Association are co-ordinated by a Board of Directors, members of which are elected for a three-year term. Alumni also elect five members (one each year for a five-year term) to the Taylor University Board of Trustees.

The program of the Alumni Association includes publication of an alumni magazine, organization of regional alumni groups, the planning of Homecoming, Alumni Day and a Career Conference, and the enlisting of support for Taylor University. This program is carried out by a full-time executive secretary and an alumni office is maintained on the campus.

ALUMNI ASSOCIATION BOARD OF DIRECTORS 1961-63

Term expires June, 1963
  Ernest Shumaker
  Dalton Van Valkenburg

Term expires June, 1962
  Lloyd Willert, Vice President
  Edgar Bolles
  M. Arthur Grant

Term expires June, 1961
  J. Robert Coughenour, President
  Hugh Freese
  Ralph Long
Wills and Memorials

"The American college represents our Westminster Abbey for treasuring the money and the memory of man. The man who gives an adequate gift to a well-equipped American college is more sure of an immortality than any other private citizen. He has given his name into the keeping of an institution which is sure to treasure his memory so long as clear thinking, right feeling, and high character are the best parts of humanity."

—President Thwing

Whenever you are planning to leave certain amounts to Taylor University, whether for memorial buildings, scholarships or whatever purpose you may have in mind, the following items should be in this document:

ITEM 1: Use the following designation: "I give, devise, and bequeath to Taylor University, a corporation organized and existing under the laws of Indiana, with its office and place of business at Upland, Grant County, State of Indiana."

ITEM 2: Be sure to describe accurately how you want the fund used. If it is a memorial building, or memorial scholarship fund, make your description specific as to the use of this fund.

ITEM 3: "I designate the President of Taylor University and the President of The Board of Trustees of Taylor University as my official representatives in carrying out my plans for bequests to Taylor University, giving them the full right to sell any real estate, and any of the personal property, which may be included in said devise or bequest, at the death of the donor, and reinvest the proceeds thereof in the establishment of said Fund, all without any order of any court whatsoever."

If you have been thinking about making your will, do it now. Many put it off too long. Taylor welcomes any questions you may have in mind relative to any wills or memorials.

For complete information or personal conference, write to the

PRESIDENT'S OFFICE
Taylor University
UPLAND, INDIANA
