Dr. Bergwall and General Harrison prepare for Commencement Procession

In This Issue:
111th Commencement
Alumni Fund Record Set
Dorm Construction Begins
THE PRESIDENT SPEAKS

Our annual Board of Trustees Meeting is over as is Commencement and we pause to thank God for a good year at Taylor. Although a more detailed account will be given after the fiscal year ends, I do have a few observations to share with you.

The 111th year of service at Taylor has had many high points and many reasons for thanksgiving. We had a fine student body of 560 students with a strong faculty that maintained a good "Taylor family" spirit. A spirit of "community government" prevailed with advances that help build a sense of responsibility and achievement among the students. There were mountain-top spiritual experiences during the revival periods, Missionary Conference and Youth Conference.

Alumni support this year has exceeded that of any previous year, both in amount of money contributed and in percentage of alumni participating. This is good and we are grateful. We are, however, in a period when voluntary support to a Christian College is harder to secure. Our over-all giving is down somewhat this year. This is a problem when our expenses in operating are up. We ask of you as friends of Taylor to make this an object of prayer.

Work is underway on our new dormitory and food service center. How greatly these are needed! It will be a great thrill when they will be completed and dedicated to God for Christian service to our American youth and in turn to our country. We feel God is leading us and we are prepared to work hard for this project. There will be a financial drive this fall to raise $100,000 for it. Again we solicit your concern, both in prayer and cooperation, in work and giving. You will hear more from us later. We trust that much giving will be undertaken as memorials to our departed loved ones.

It now appears that our enrollment will be up again in the fall. We want to serve as many young people as we can but there are physical limitations beyond which we cannot go.

Many more items of interest will be shared with you in a later bulletin. In the interim we ask you to join us in a prayer covenant that God’s will shall be accomplished at Taylor.

Evan H. Bergwall
General W. K. Harrison Gives Commencement Address

Ninety-seven Taylor graduates were told during the June 8th Commencement exercises at Maytag Gymnasium that right choices as far as the good of the world is concerned “should be based upon the principles of morality and Christianity as taught in the Bible.”

The Commencement speaker was Lt. General William K. Harrison, who was chief United Nations Command, delegate at the Korean truce talks, and served as chief of staff of the Far East command. He is now the executive director of the Evangelical Welfare Agency.

Speaking on the subject of “Choices,” Gen. Harrison in referring to his 40 years of service in the U. S. Army, declared that war was one of his principle studies. “Of course everyone, after every war, speaks of an enduring peace. This period of time is no exception. Everyone has hoped for peace but war is an obvious danger, even now.”

In his concluding remarks, Gen. Harrison suggested that choices, in order to be right, must be in harmony with the will of God.

Dr. Evan Bergwall was in charge of the Commencement exercises. The invocation was presented by John Shilling, senior Chaplain in the U. S. Navy and a graduate of the class of 1927. Later he was awarded the honorary degree of Doctor of Divinity, in recognition of his outstanding ministry as a chaplain. At present he holds the post of Head Chaplain of the Naval Hospital in Bethesda, Maryland, and is now on leave of absence writing a manual for Naval chaplains.
Dr. B. W. Ayres Honored on Alumni Day

Dr. Ayres at reception on Alumni Day.

The 1957 Alumni Day activities highlighted a tribute to Dr. B. W. Ayres in the form of a "This is Your Life" program. Dr. Ayres is the beloved 91 year old Vice-president Emeritus of the college.

The Alumni Banquet used the life of Dr. Ayres as its theme. Three hundred guests fellowshipped together in the dining hall and enjoyed the program under the direction of Rev. Hazen Sparks ('31) who acted as master of ceremonies.

At the banquet several awards were presented. Ed Dodge received the Alumnus of the Year award on the behalf of his father, Bishop Ralph E. Dodge ('31); and Alumni Appreciation awards were given to Hugh Freese (x'31) and the Freese Printing Company, and to Sherman Spear ('40) of Waverly, Iowa.

Following the banquet, the program, "This is Your Life, Dr. Ayres" was presented in Maytag Gymnasium. Included among the many friends and well-wishers present was Dr. John Paul, former Taylor president.

Dr. Merlyn Grant was the General Chairman for the day's activities and was assisted by Mrs. Edith Miller, Prof. Fred Luthy, and Miss Roberta Kessler.

SENIORS PRESENT CONN ORGAN

The Senior Class of 1957 has presented an electronic organ as their gift to the University. The new Conn organ was presented to the school at the Awards Assembly held in Shreiner Auditorium, May 31, by Delmer Schwanke, class president, and Joan Lloyd, Gift Committee Chairman.

The Conn organ will fill a real need on campus for an electronic organ. It will be used for organ instruction classes and will play a major role in the production of radio broadcasts. The organ will also be used for convocations and programs in Maytag Gym.

The gift was made possible by the assistance of Mr. W. E. Springer, a business man in Canton, Ohio, and Miss Susan Hochstetler, a resident of East Peoria, Ill. The organ was purchased at the Piano Plaza in Canton, Ohio.

CARD OF THANKS

There's mystery to me, at least, on the naming of our Library. I never talked with anyone about the naming, and now, in the age of vanishing memories, can speak with conviction that when my name appeared in its memorial title, I was more surprised than anyone else. But who could object to such company and their successors and their contemporary friends?

Being the only specific proper name in the building's title, it seems only fitting that I should speak for all and to all who so cheerfully responded in "such as they had." Thanks to you who wrote such gracious letters to me. God bless you all!

Construction Begins on New Dormitory and Food Center

Construction on the new dormitory and food service center has started! Bowman Construction Company of Marion, Indiana has already begun to pour the footings for the building.

It is estimated that the $750,000 project will be completed in the spring of 1958.

A total of 176 men will be housed in the four-story dormitory which will be connected with the food service center. The lift-slab method is to be used in the construction of the dormitory.

Eating facilities for 750 persons will be provided by the food center, including a private dining room, which will accommodate 100 persons.

The dormitory will be 40 by 168 feet. The lobby connecting the dormitory to the food center will be 24 by 38 and the kitchen will be 65 by 100 feet. The dining center, circular in shape, will be of laminated wood and glass construction and the diameter of the building will be 100 feet and will have a 25-foot ceiling.

The construction is the first part of a five million dollar development program, which includes plans for the construction of five buildings in all.

Howard Skinner, Muskegon, Michigan, has been selected as Chairman of the committee for raising funds for furnishing the new Dormitory and Food Service Center. There will be memorial opportunities ranging from the purchase of a chair to the furnishing of a student's room, public lounge or the underwriting of the entire construction cost of the building.

New Records Set; Alumni Fund Surpasses Last Year

Taylor alumni have set a new record in giving to the alumni fund for this year.

So far 32 percent have contributed. There have been 820 donors. Last year 30.4 percent had contributed as of June 30, a total of 759 donors.

The Taylor Alumni Fund Goal for 1956-57 is $40,000. The total number of alumni is 2,600. Therefore 40 percent of this number must participate in giving in order to meet the goal. As of a recent date, $31,000 had come in. The alumni fund has been steadily increasing. In 1951-52 the total amount was $12,557.80. The total gifts in 1955-56 amounted to $27,803.65. The average gift per person from Taylor alumni is $32. In most United States colleges the average gift per alumnus is $16.

The alumni fund helps to make provisions for such benefits as scholarships, the expanding building program, up-to-date equipment, and Christian leadership for the future. To keep progressing, Taylor must do in the next ten or fifteen years as much as in all its history.

NATIONAL FUND CHAIRMAN COMMENTS ON DRIVE

It has been a thrilling experience to work with you in providing material blessings for Taylor this year. All of us have experienced a spiritual uplift as we have seen God's Work on the campus progress because so many of you were praying and giving.

Floyd Seelig and all of your class officers have worked together to renew friendships undimmed by distance and time. John Nelson and the alumni groups throughout the world have sought to bring Taylor closer to your local communities. The response has been most gratifying.

Some of you have been too busy to let us know of your present work and well-being. Even a post card would be most gratefully received.

All of us who attended Taylor have something to contribute to its future—whether it be in material, spiritual, or intellectual encouragement.

Many challenges face the Taylor Family in the tomorrows. As a member of the Taylor Family, each of us will have a vital stake in seeing that these challenges are met in true Trojan fashion.
