**A WOMAN'S COMPLEXION.**  
It is rank foolishness to attempt  
to remove sallowness or greasiness  
of the skin by the use of cosmetics,  
or "local" treatment, as advocated  
by the "beauty doctors." The only  
safe and sure way that a woman  
can improve her complexion is by  
purifying and enriching the blood,  
which can only be accomplished  
by keeping the liver healthy and  
active. The liver is the seat of  
disease and blood pollution. Green's  
August Flower acts directly on the  
liver, cleanses and enriches the  
blood, purifies the complexion. It  
also cures constipation, biliousness,  
nervousness, and induces refreshing  
sleep. A single bottle of August  
Flower has been known to cure the  
most pronounced and distressing  
cases of dyspepsia and indigestion.  
New trial size bottle, 25 cents; regular  
size, 75 cents. T. M. Smith & Co.

A letter from John Boyer states  
that he has accepted a position as  
switchman for the Erie R. R. at  
Huntington at a salary of \$85. per  
month.  
In the case of the state against  
Harvey Phillips for allowing Guy  
Hardy, a minor, in his saloon, the  
jury at Marion Monday found for  
the state. There will be a motion  
for a new trial.  
Dan Cain reports that the Brack-  
ney Oil Company expects to drill  
in No. 1 on James Boles Saturday.  
Carl C. Giles has bought a lot  
on South Main street and will pro-  
ceed to erect a dwelling.  
There is a likelihood of Railroad  
street being closed when the brick  
street is completed as the Railroad  
company does not propose to leave  
any of their ground open to public  
use at that place. There is only an  
eight foot alley at that point—Main  
street—and the side walks and stair-  
ways occupy most of it. There is a  
way to prevent this street from  
being closed and the way should  
be employed.  
Cliff Shoemaker has sold his bar-  
ber shop at Gas City and is again  
located in Upland.  
Stirring times—making apple  
butter.  
South siders are talking of pre-  
sents a petition to the town  
board praying the court house at  
the Main street viaduct be remov-  
ed. They say it obstructs the view  
down street and that it is an un-  
sightly object at best.  
Frank Alexanders coon hound  
has been put out of commission by  
an encounter with one of James  
Johnsons fighting dogs and sever-  
al weeks of the early coon season  
will be lost.

A new girl is reported at the  
home of Chas. Coats in Monroe  
township.  
Ezra Covault, formerly sheriff of  
Blackford county is now Marshal  
of Warren and had a lively scrap  
with some toughs there Saturday  
night. Several shots were fired and  
one of the toughs was shot in the  
leg.  
J. W. Lyon reports a radish in  
his garden 2 3/4 inches in circum-  
ference and still growing.  
Mrs. Harriet Ewen has return-  
ed to her home at Winchester.  
Kelley Johnson is a new reader of  
the Monitor this week.  
Warren Shrock of Toledo was  
in Upland this week.

west side barber shop cordially  
invites you to his place for a shave  
or hair cut. Your laundry solicited.  
For the next twenty days I will  
pay 8 1/2 cents per pound for chick-  
ens. E. Jones, Upland, Ind.  
King & Teeter have succeeded  
in getting a nice lot of logs to  
their factory and the whistle will  
likely be heard Monday morning.  
Goff cloth, something swell, 89  
cents per yard at Cartwrights.

**Notice of Final Settlement of Estate.**

No. 1631 Notice is hereby given to the creditors, heirs and legatees of Elizabeth Shoemaker Deceased to appear in the Grant Circuit Court, held at Marion Indiana, on the 9th day of November 1903, and show cause, if any, why the final settlement account with the estate of said decedent should not be approved; and to file a notice to them and there a true proof of heirship, and receive their distributive shares. Witness, the Clerk of said Court, this 12 day of October 1902.

N. M. Walker  
Clerk Grant Circuit Court,

Who killed Laura Mayhugh  
The Chronicle says, in part, "It seems that a germ of titanus has gained entrance through the open wound of the vaccination and become seated in the system.

The doctors say the bacillus was not contained in the virus, but probably came from the barn where the child had played or was in some dirt that came in contact with the arm after the vaccination.

This silly stuff is put forth to show that vaccination did not kill Miss Mayhugh. But even if this statement was true, vaccination made the "open wound," through which the "titanus germ" entered and killed her. So after all vaccination killed her. For if this vaccination would had not been made this "titanus" germ would not have entered her system and killed her. But I pity that poor barn and that innocent dirt, they each have to bare some of the blame for killing this child to let these doctors out.

Further on it is stated that, "other children in other families who were vaccinated the same day and the same virus used as that used on the arm of Miss Mayhugh have not suffered from any infection. This statement is made to show that Miss Mayhugh was not killed by vaccination.

If the fact that all the children were not killed who were vaccinated the same day, with the same virus, is proof that none were killed by this vaccination; then none are killed by smallpox. For all who have the smallpox are not killed by that disease. And the same is true of every other disease. Some are killed and some are not killed. And the same is all so true of vaccination with cowpox.

This cowpox vaccination must make us sick or we are not vaccinated. And every degree of sickness weakens our life power, and not only deprives us of the full enjoyment of life, but makes us less able to resist disease, and thus leads us to death.

When our vital forces are all in complete order, we are not sick, and cannot be sick as long as our vital forces are in complete order. But disease disorganizes our vital forces, and thus weakens our life. Every degree of disease weakens our life a little. One grain of sand is not a sea shore, and one atom of matter is not a mountain, but every grain of sand, and every atom of matter helps a little. So every disease no matter how small helps to weaken our life a little. And thus helps to deprive us of the full enjoyment of life, and leads us sooner to death, God has given our children life, and has given them health that they may enjoy life. Let us not make them sick. Let us remember poor Laura Mayhugh and others who have suffered and died with this cowpox. We may well ask who killed poor little Laura Mayhugh. If the blood of Able cried to God does not the suffering and death of this innocent child cry to every man who has a human heart.

J. B.

Irvin Mulkins took a slice out of his hand with a butcher knife the other day.

Mrs. Allie Zeek has returned from South Dakota.
