## The Campus Awaits Your Arrival for the Homecoming Celebration

The administration has combined Matriculation Day ceremonies with the Homecoming Day program set for Friday, September 24. The main event in the morning will be the Matriculation Day address by Dr. V. R. Edman, President of Wheaton College, scheduled for 9:20 in Maytag Gymnasium. Dr. Edman received an honorary degree from Taylor University at the June Commencement.

### Dedication of Science Hall

The new Science Hall will be dedicated at 4:00 o'clock in the afternoon with appropriate ceremonies. This new building houses laboratories, classrooms, and offices for Biology, Physics, and Botany. It has been fitted with modern equipment, and it is a step forward in the history of the school. Dr. Clinton J. Bushey, '17, heads the work in this building. Dr. William Tinkle resigned because of failing eyesight.

### Alumni Banquet

Recreation Hall will be the scene of the Alumni Banquet at 5:15. The time for this has been set early in order that guests may have ample time to attend the football game to be played in Marion. Reservations for the banquet may be made by mailing the blank on the back cover to the Business Office. The program will be brief but will include Taylor musical talent. Arrangements can be made for special tables for classes present in large numbers.

### Football Game

The football game pitting Don Odle's Trojans against the Foresters from Huntington College will climax the festivities. This is to be a night game played on the Marion gridiron, and the kickoff will be at 8:00 o'clock. The school band will play before the game and during the half. The Homecoming Queen, to be chosen from the student body, will be presented at half time. Alumni can expect a tough battle according to the coach. Taylor has the weight and speed of many big time schools and this should overcome much of its lack of experience.

# Your Alumni Association At Work

## The Library Fund Drive

The Alumni drive to secure \$30,000 in funds by June 1, 1949, is now underway. It will be on a regional basis rather than by classes. Letters have been sent to prominent Alumni requesting their leadership. In some localities this work can be done through existing chapters while in others new chapters must be formed to carry out the project. Supervision and coordination of the program will be from the campus with the personal contacts to be made by the regional directors. The Executive Secretary will contact by mail those Alumni who are not in a location where a chapter exists.

To date the following have consented to act as regional directors: Rev. Jesse Fox, Ft. Wayne area; Maurice Berry, Muncie; Harold Lanman, Maryland; Mrs. Marjorie Bill, New York City; Alva Beers, Cleveland; Rev. D. V. Whitenack, Toledo; Rev. Van Ness Chappell, Indianapolis; Rev. Lyle Thomas, Philadelphia; Rev. E. W. Hamilton, Kokomo; Rev. John Mabure, Buffalo; and Rev. George Anderson, Lafayette.

The Alumni Association is confident that \$30,000 is not too high a goal to set. If all Alumni whose names are in our file were to contribute, they would need to give only about one per cent of their income for a year. It is certain that the Association cannot gain 100% participation, so many will need to give more.

The fund remains intact. Alumni must do their part to see that the Library is built during the lifetime of that great personality for whom it is named.

## Elect New Officials

At the meeting of the Alumni Board of Directors on Alumni Day, Ted W. Engstrom, '38, was re-elected president. Other officers are James Alspaugh, '39, vice-president; Eloise Fenstermacher, '24, secretary; and Dorothy Knight, '40, treasurer.

At the meeting of the Association, members elected Miss Irma Dare, '25, North Manchester, Indiana, and Dr. Wallace Scea, '38, Elwood, Indiana, to the Board for terms of three years. Dr. Milo A. Rediger was re-elected. Captain Charles Shilling was chosen as the Alumni Member on the Board of Directors of the William Taylor Foundation. Captain Shilling is from Arlington, Virginia.

## Meet At Lake Webster

The Alumni Board met at Lake Webster, Indiana, July 17, for its quarterly meeting. The group voted to give its whole-hearted support to the Homecoming Day program, and Dr. Milo A. Rediger, James Alspaugh, and Sherman Spear were appointed to the Program Committee for this event.

A motion was made and passed to set up a budget of at least \$1800 to carry out the work of the Alumni Association for this year. The Board stressed that this will require a vigorous drive to secure paid-up memberships. As an incentive to membership, it was decided that an Alumni Directory should be printed to be mailed free to Alumni who have paid their dues.

## If You Believe . . .

—that the appearance of the campus can't be improved, let its new beauty treatment dazzle you. Never in its 102 years of history has the campus been so attractive. It is a combination of good business, enthusiastic labor, and Mother Nature.

—that things never change in the kitchen, visit the dining hall and see what Robert Harding, the new chef, can prepare in the way of culinary art. Mr. Harding came to Taylor from the Veterans Administration Hospital in Marion.

—that the store is still the same old place, you should see what a miracle Luther and Edith Miller have accomplished. The space has been doubled and a party room added in which chrome tables and chairs have been placed. A new soda fountain and electric grill insure a greater variety of menus. And cafeteria service is a thing for memory now—students will be served by waitresses. The new color scheme is cream and green. The name is Varsity-Grill.

—that football is a dream, take a look at this picture.

—that students still depend on thumbing rides, it may interest you to know that the Dean of Men issued 123 licenses to student automobile owners last year. The problem next fall may require a special parking lot and a campus cop.

—that improvements are not being made, come and inspect the new Science Hall, the new shop going up next door to the Heating Plant, and the plans for the new dormitory to be erected from materials already purchased.

—that Sickler Hall is still haunted by the ghosts of dissected animals, note that it has been remodeled to house the Departments of Elementary and Secondary Education.

—that Taylor is still without a field man, meet Mr. John Lamey, president of the Ohio Gideons, business man, and Christian gentleman, who is now spreading the gospel of Taylor far and wide.

Rev. Van Ness Chappell

## Indianapolis Alumni Elect Rev. Chappell

Van Ness Chappell, pastor of Roosevelt Temple Methodist Church, Indianapolis, was elected president of the Indianapolis chapter of the Alumni Association at a picnic meeting in Noblesville, July 20. Mrs. Rebecca Maxson was chosen as secretary and Mrs. Gail Stein as program chairman. Plans were made for a fall meeting, and the group pledged support to the work of the Alumni Association.

Those present were Rev. and Mrs. Van Ness Chappell and son, Edwin; Mr. and Mrs. Harold Puntenney; Rev. and Mrs. Howard Stein and son, Philip; Mr. and Mrs. Merlyn Grant; Rev. and Mrs. Lowell Wilson; Rev. and Mrs. Wallace Deyo and family; Dr. and Mrs. Gordon Hermann; Mrs. Roy Maxson and son, Vern; Miss Bessie Smith; Mr. Lincoln Smith; Mrs. Frank Cottingham; and Miss Joan Small.

Sherran Spear, Executive Secretary of the Alumni Association was present and outlined plans now underway.

### MICHIGAN GROUP ORGANIZES

The first Michigan Alumni group to formally organize was that centered around Imlay City. Rev. Alfred (Barry) Hunter announced that a formal meeting was held Friday evening, August 27. Mrs. Ross McLennan was in charge of invitations.

This idea grew out of an informal meeting of former and present students at Romeo Camp Meeting, August 5.

R. Edgar May

## May To Return

R. Edgar May will return to Taylor University this fall as Director of Physical Education and head track coach. The new director was at Taylor from 1940 to 1942. Since that time he served as captain in the medical administrative corps in the army and as a worker with the Y. M. C. A. in California.

May, who has his degree of Master of Arts from New York University, is at present director of the May Placamp in Anderson. He succeeds Gilbert Dodd.

## Announce 18 Game Basketball Slate

Coach Don Odle announced recently the 1948-49 Trojan basketball schedule. There will be eighteen games, nine at home and nine away, plus an eight team tourney to be held December 9, 10, and 11.

The first game at home is November 23 with Giffin. Other home games are November 26, Indiana Tech; December 3, Concordia; January 12, Huntington; 15, Defiance; 29, Tri-State; February 12, Bluffton; 24, Indiana Central; and March 1, Earlham.

Games on the road begin November 29 at Tri-State and follow with games December 1 at Manchester; 16, Wheaton; January 7, Concordia; 22, Indiana Central; February 2, Defiance; 5, Indiana Tech; 9, Ohio Northern; and 19, Huntington.

Last year the Trojans won 11 and lost 9. Most of the players on that team were freshmen and sophomores and will return to school.

## Football Stalwarts Labor For Opener

A football team averaging over 200 pounds per man will be Taylor University's challenge to Huntington, Canterbury, Hillsdale, and other opponents on the gridiron this fall.

Keith Haisley, giant linesman from Fairmount, Indiana, will be one of the Trojans' strong boys. Keith is six feet six inches in height and weighs 235 pounds.

Other men almost sure to make the team are Mal Cofield, guard, 180; Everett Parks, center, 200; Bob Beckett, back, 185; Hal Stow, back, 170; Ed Shy, back, 180; Bill Vogel, back, 160; Ray Herje, end, 175; Maurice Baker, tackle, 230; George Burns, tackle, 220; Wally Good, end, 180; Bob Pieschke, end, 180; Bruce Frazee, tackle, 235; and Norm Cook, back, 175.

Parks formerly played with the Purdue University frosh. Coach Don Odle has lined up men who have played at Mississippi State, Hillsdale, and North Park Junior College.

A seven game schedule opens with the Homecoming game against the Foresters of Huntington College, September 24, at Marion, Indiana. This will be a night game. Other home games are with Ohio Northern, October 9, and Bluffton College, October 29. The Trojans engage Wilmington, October 2; Canterbury, October 16; Bluffton, October 29; and Rio Grande, November 6, away from home.

Although it won't be ready this fall, a gridiron is being prepared on the campus. The old baseball diamond is being seeded, and use of it will make room for a regulation football field. A new diamond is being laid out east of the gymnasium and will be ready for the spring schedule.

## Lash Speaks To T-Men

Don Lash spoke at the Alumni "T" Club banquet held on Alumni Day. The former world's champion built his address around his own experiences on the cinder paths and around the work of the F.B.I. of which he is a member.

At this meeting, Walter Kruschwitz, '42, was elected president for 1948-49; Cecil Hamann, '37, vice-president; and James Alspaugh, '39, secretary-treasurer. Advisors are Chester Farrier, Robert Litten, '41, Jake Seibold, and Noble Swearingen, '41.

Among the members of this year's graduating class initiated into the "T" Club were George Toops and Calvin Fleser, both letter men in baseball. Fleser was awarded the Gates-Howard Trophy this year as the school's most outstanding athlete.

Coach Odle announced that Art Howard, former coach and "T" man, helped with the selection and coaching of the India Olympic team. Art's work on the committee to plan for an All-Indian College of Physical Education has been of great importance.

After holding positions at Wisconsin University and the State College at Whitewater, Wisconsin, Dr. Nelson was called to the Education Department at the University of Arizona in Tucson. Norman L. Rose, 537 Sherwood Ave., Pittsburgh 4, Pennsylvania has this interesting comment: "When I read 'News From the Campus,' I could hardly refrain from wishing that I were back at Taylor now as a student. I am just twenty years too late. We didn't enjoy plays, inter-collegiate athletics, that wonderful gym, radio broadcasts, and many of the other activities which students now enjoy. Some of these things were considered sinful.

"But when we left the cloister, we got out into lines of work where we found these things could be enjoyed without their becoming harmful to the soul. One need not lose his religion because he partakes or enjoys watching participation in these activities. This has been proved right at Taylor, and I'm happy about it.

"How I rejoiced when I read that the enrollment next fall might be 600. When I attended, it was about 300 including the Upland piano students. I would like to see more students go to Taylor who are wanting to become teachers, doctors, and engineers."
