General Information

Fort Wayne Bible College is an accredited college that specializes in the preparation of men and women for various forms of Christian service at home and abroad. It is owned and controlled by the Missionary Church Association, but operates interdenominationally. Several denominations are officially represented on the Governing Board, and twenty-five or more are represented in the student body.

STATEMENT OF FAITH

The college is committed to the conservative and evangelical interpretation of the Christian faith. It holds to the divine inspiration of the Scriptures, the trinity of the Godhead, salvation through the death of Christ, the universal sinfulness of man, the necessity of regeneration, the filling with the Holy Spirit subsequent to conversion for purity in life and power for service, the personal and imminent return of Jesus Christ, etc. While stressing the basic tenets of the Christian faith, it also emphasizes the place of Christian experience and life. It is convinced that the first need in this period of spiritual crisis is for men of Christian character as well as competence—men who are filled with the Spirit, motivated by divine love, imbued by faith and vision, and ready for sacrificial service.

OBJECTIVES OF THE COLLEGE

In preparing students for their life's work, the college seeks to achieve the following objectives:

1. To lead the student into a working knowledge of the Bible and an understanding of the Christian faith.
2. To help the student acquire a Christian world view that integrates all knowledge and experience.
3. To acquaint him with the world around him through a general study of the natural sciences, the social sciences, and the humanities.
4. To help him acquire a reliable sense of values, and the ability to think critically.
5. To stimulate an appreciation of his spiritual and cultural heritage.
6. To awaken in him a clear sense of mission and a dedication of himself to Jesus Christ in the service of mankind.
7. To develop, by study and practice, those particular skills that are needed in his chosen life's work.
8. To enable the student, through the total training program of the college, to become a well-rounded, wholesome Christian personality.

The college is entirely an undergraduate school with programs leading to bachelor's degrees. While most programs are terminal, yet several are designed to prepare students for graduate studies in seminaries and universities.
CAMPUS

The city of Fort Wayne, with a population of 150,000, is near the center of the industrial Middle West. The college occupies an eighteen-acre campus in an exclusive residential area in the southwest part of the city. Stately oaks and elms lend beauty and charm to a spot that is sacred to many an alumnus. In this ideal environment for school life, the college nevertheless has ready access to the business and industrial sections of the city with their numerous opportunities for Christian service and employment.

The school plant, valued at upwards of a million dollars, is for the most part modern. Six major buildings occupy the north section of the campus. Schultz Hall, now used as a men's dormitory, was built in 1904. The interior was modernized in 1937 and the exterior in 1953. Bethany Hall, the central building, was constructed in 1929-30. Founders' Memorial, a spacious school building that has acoustically built practice rooms and studios, a chapel seating 500, a gymnasium, classrooms, and dining department, was erected in 1941-42. Providence Hall, a women's dormitory, was built in 1945. A 1948 addition is Residence Hall, a fine apartment building that also houses the school dispensary. The latest acquisition is Leightner Hall, a beautiful building for staff and students. Supplementing these facilities are several apartment buildings for college personnel.

A part of the south campus is used for recreation, with soccer and baseball fields. A major building development for the south campus has been initiated. Funds are now being raised for a library and an administration-classroom building.

LIBRARY

The Library occupies a well-lighted wing in Schultz Hall, and is organized according to modern library principles for study and research. Volumes are most numerous in the fields of theology, Biblical literature, pastoral leadership, education, and missions. A branch of the Fort Wayne Public Library, located only one block from the college, as well as the main library downtown, is used by students.

An audio-visual aid department with a special audio-visual room supplements the educational program. This division of the library handles materials owned by the college and provides information regarding services by the recognized audio-visual aid centers. The college has standard equipment such as 16mm. sound projectors, projectors for film strips and slides, phonographs for music and language courses, and tape recorders.

EDUCATIONAL PROGRAM

Course instruction has a threefold content and purpose: first, intensive and systematic Bible study to give the student the Christian world view, to acquaint him with the gospel message, and to enrich his life spiritually; second, general education to broaden his knowledge of man, of society, and of the universe, and to integrate that knowledge with Christian theism; third, applied work through which skills are developed for Christian service.
A major in Bible and theology is required in all courses. Study begins with survey courses and progresses to expositions of books. For the most part the direct method of Bible study is followed. The task of the instructor is conceived to be that of leading the student into apprehension of truth rather than that of confirming him in a special point of view or a particular school of theology. The aim of such study is to develop ability to discover and to interpret the concepts of the Word of God, to enrich life through a personal and growing experience of God's love and grace, and to establish habits and techniques of study that will be useful throughout life.

General education is given a definite place in all programs of study. Integrated with theological studies are courses in general education from the humanities, the social sciences, the biological and physical sciences, which approximate the basic courses in the lower division of liberal arts colleges.

Specialized training is given in the areas of pastoral work, missions, Christian education, sacred music, teacher education, and speech. Specific courses are offered in radio, journalism, and institutional child care.

Coupled with applied courses is a program of practical Christian service under supervision of the faculty. It is just as important to the Christian worker as the laboratory is to the scientist. Besides providing clinical experience in Christian work it is an expressionual activity that complements and motivates classroom instruction. Specific assignments in field work are made, beginning in the student's second year, in accordance with his training, aptitudes, and needs. The satisfactory completion of an assignment for one semester is considered one unit of field work credit. For graduation from the nursing program, a student must have two units; from a three-year course, three units; and from a four-year course, five units.

The Fort Wayne area offers many opportunities for field work. Among these are church school and child evangelism classes, street meetings, tract distribution, personal evangelism, home and hospital visitation, gospel team work, evangelistic and pastoral ministries. Students also have opportunities to participate in the radio and television programs produced by the college.

Since adequate preparation includes Christian character and spiritual endu-ment, the training program embraces much more than formal instruction. The whole of school life—devotional exercises, household duties, social life, recreation—is included, so that the "man of God may be complete, throughly furnished unto every good work." The varied phases of school life and all student activities, including intramural athletics, are meant to contribute to the enrichment of life and the building of character.

Devotional Culture - - -

Since education of the heart goes hand in hand with the education of the mind, the college provides time for devotional culture. Its aim is to make the school a home with such a spiritual atmosphere that habits of prayer and meditation will be formed. The day is begun and ended with a "quiet hour." Classes are opened with prayer. The mid-morning daily chapel service provides an interim for inspiration and worship. At five o'clock students meet for a half hour of missionary intercession. Usually a period of informal devotions
follows the evening meal. The half day which is set aside each month for prayer has proved invaluable for heart searching, cleansing, and intercession.

**Social Life - - -**

The many opportunities for fellowship are used for the enrichment of Christian personality in an atmosphere of culture and spirituality. Apart from the ordinary associations of dormitory life there are events in which the entire school participates—occasional receptions, outings, and special services. Co-education in the college is meant to promote wholesome relationships and Christian culture.

**Manual Work - - -**

Valuable training also is afforded in the household work performed by students. Boarding students are responsible for the care of their rooms, and many students help defray their expenses by working on campus. All such work is supervised and is a part of the training program. It gives opportunity for training in dependability, industry, co-operation, and courtesy. In the care of their rooms, students are rated on cleanliness, tidiness, pleasing arrangements, and assumption of responsibility.

**Physical Fitness - - -**

To round out training for spiritual, intellectual, and physical development, attention is given to physical fitness. Students are to spend one period each day in either outdoor or indoor recreation. In all programs of study, health and physical education are requirements. Exemptions from physical education are made only to students who submit a physician's statement of ill health or incapacity. A program of intramural athletics is provided for both men and women, as well as a limited intercollegiate basketball schedule.

**STANDARDS OF ADMISSION**

**Christian Character - - -**

It is assumed that young people who come to the college are definitely committed to God's will for their lives and have a firm purpose to prepare themselves to serve Christ. A willingness to learn and a sincere desire for truth are prerequisites to worthy achievement.

Admission to the college is to be considered a privilege, not a right. The college may therefore ask a student who proves unworthy to withdraw at any time.

**Academic Preparation - - -**

Graduation from high school with an acceptable record, or its equivalent, is required for admission. Applicants with questionable records may be asked to take tests before being approved. High school equivalency must be validated by examination before the applicant is admitted.

A few older students who have not had the privilege of a high school education may be admitted as special students if records or tests indicate the capacity to profit from the education offered. Students so admitted will be:
required to carry on the usual assignments although no regular credit will be
given. However, a certificate of achievement may be issued upon termination
of their work.

Transfer credits from accredited institutions of higher learning which are
applicable to programs pursued in the college are fully accepted. Credits from
non-accredited schools must be validated by examination or by satisfactory
achievement during a probationary period of study.

A college preparatory course offers the best secondary education for Bible
college.

All high school graduates are required to take a comprehensive entrance
examination in English. Those who do not pass are required to take Remedial
English (English 011), a non-credit course, to improve their grasp of the
language.

Application for Admission

The first step in seeking admission is to make formal application. A form
for this purpose is available. After mailing or presenting it to the Registrar,
the applicant should wait for notification of acceptance. The student must re-
ceive a favorable reply before coming to the college.

Accepted applicants are advised to enter the school at the opening of a
semester, preferably the first. It is a distinct advantage to begin studies with
the first session of classes. No enrollments are made after the first three weeks
of a semester.

Training of Veterans

Fort Wayne Bible College is approved by the Indiana State Approval Com-
mittee to train veterans. Veterans must apply to the Veterans Administration
for approval of their educational programs. Veterans in training must con-
tinue their education without interruption until it is completed. Transfer from
another school may in some instances be permitted, but the student must first
get the approval of the Veterans Administration and the proper Supplemental
Certificate. A veteran must maintain the required standards of scholarship in
order to continue his education.

ACADEMIC REGULATIONS

Student Load

The normal student load is fifteen or sixteen hours per week. Approval
of loads in excess of this norm may be granted to students of superior ability.
During the first year the maximum load is seventeen hours; after that, eighteen
hours. A student should be able to carry a normal number of hours under
ordinary conditions. A minimum load of twelve hours is required for classifi-
cation as a full time student. Fourteen hours is the minimum for exemption un-
der Selective Service.

Electives

An elective course, offered in any semester, may be withdrawn if it is
selected by fewer than five students.
Transcript of Credits - - -

Each student receives a report of his grades at the end of the semester. Upon graduation he is given one complete transcript of his credits. Additional copies will cost $1.00. Cash must accompany requests for transcripts.

Grading Symbols - - -

A—Superior scholarship.
B—Above average.
C—Average.
D—Below average.
F—Failure.
W—Withdrawal by permission.

Point System - - -

In computing a student's academic standing, point values per semester hour of work are assigned to the several grades as follows: A, 4 points; B, 3 points; C, 2 points; D, 1 point; F, 0 points. The total of points earned, divided by the number of credit hours attempted, gives the point-hour ratio.

Point Requirements - - -

To be eligible to continue in college, a student must have these point-hour ratios as a minimum: after one full year of work, a 1.5 point-hour ratio; after two years, 1.75; after three years, 2. A point-hour ratio of 2 is required for graduation.

Honors - - -

At the close of each semester the Registrar's office publishes the names of all students who were enrolled for at least 12 hours and who achieved a point-hour ratio of 3.35 for the period just ended.

Honors will be awarded at graduation according to the following minimum point-hour ratio for the entire college course. "With Honor" for 3.35; "With High Honor" for 3.65; "With Highest Honor" for 3.95. To be eligible for these honors, a student may not transfer more than one year's credit from another school.

A limited number of seniors may be elected by the faculty to Delta Ep- silon Chi, the honor society sponsored by the Accrediting Association of Bible Colleges. Eligibility is regulated by the rules of the society, and is conditioned by scholastic achievement, Christian character and leadership ability.

Seniors - - -

To rank as a senior, a student must have a point-hour ratio of at least 2 at the start of his final year. Any senior whose point-hour ratio drops below 2 during the first semester of the last year will not be recommended for graduation.

Graduation - - -

Each senior is required to make formal application for graduation at the Registrar's office not later than February 20 of the year in which he plans to graduate.

To qualify for a degree or a diploma, a student must do at least one year
of residence work in Fort Wayne Bible College, and must complete here the final twelve semester hours of work. Christian character is regarded as an essential for a recommendation for graduation.

Seniors whose accounts are in arrears are permitted to graduate only if proper arrangements are made for deferred payments.

Payment - - -

One-third of the semester’s expenses is to be paid upon registration, and the remainder in monthly installments in advance. No student will be permitted to register for a new semester whose account is in arrears.

A deduction of one per cent is made from the above totals for regular boarding students if all is paid in advance.

Arrangements for Board and Room - - -

In order to secure the reservation of a room, each applicant, after receiving a letter of acceptance, must make a deposit of $10.00. No room will be reserved for new or returning students until this deposit has been received. This fee is considered an advance payment and is credited to the student’s account when he enrolls, but is not refunded in case of failure to register.

All single students outside the city of Fort Wayne are to room and board at the college. When dormitories are filled, arrangements are made by the college for students to occupy rooms in nearby residences and to take their meals in the school dining hall. While all such arrangements are made by or through the college, yet such students pay rental fees directly to the home owners. Rental fees in homes are generally a little higher than those charged for dormitory rooms.

Financial Adjustments - - -

The college reserves the right to change board, room, and tuition fees at the beginning of any semester if fluctuations in operating costs warrant it.

No deductions of board expenses are made on absences of less than a week. Students remaining for the Christmas vacation are charged at the regular rates.

The general service fee is not refundable in case of withdrawal. When a student makes proper arrangements to withdraw during the first eight weeks of a semester, he is charged tuition at the rate of 12½ per cent of the semester’s total for each week in attendance and the balance is refunded. Library and student activity fees are refunded on the same basis. No refund is made if withdrawal is after the eighth week. Board and room will be charged at the weekly rates for the period in attendance. A student discontinuing applied music by regular arrangements during a semester will be charged at the individual lesson rate for the part of the semester taken.

Seniors who are in arrears can graduate only if approval is given by the Committee on Administration to make deferred payments. When such an arrangement is made, diplomas and degrees are held in the custody of the college and no credits are issued until the account is paid in full.

Students are permitted to take final semester examinations only on the condition that their accounts are paid up or that satisfactory arrangements have been made with the Business Manager.

Academic Scholarships and Awards - - -

All academic scholarships are granted with the understanding that the student plans to complete a regular program leading to graduation. If for any reason he does not complete his work here, the grant becomes a loan that is repayable on terms to be arranged with the Business Office.

Harley Davis Scholarships—Two scholarships of $300 each, payable in the first four semesters of a regular course, are granted each year to two
high school graduates who rank academically in the top ten per cent of their classes and whose purpose is to prepare themselves for Christian service. Applications are made to the Registrar.

General Scholarships—The college has a limited number of tuition scholarships of $200 for one year, which are granted on the basis of need, worthy record, and aptitude for Christian service. Applications are made to the Registrar.

Jessie Helrigel Memorial Student Loan Fund—In memory of the late Jessie Helrigel, a student loan fund has been established by the parents to help deserving students in need of financial help. Loans are made for emergencies and to meet essential educational costs. No interest is charged until the due date. Applications are made at the Business Office.

Wiswell Speech Award—Students enrolled in speech courses may compete for awards, totaling $50.00, presented each year by Mr. and Mrs. H. E. Wiswell.

Campus Employment - - -

The college has numerous job opportunities which are granted to applicants on the basis of need and competence. While aptitudes and skills are taken into consideration in assigning work, yet it is expected that students will perform cooperatively the tasks that are assigned to them. It is also expected that students will carry through a work assignment for a semester except for reasons of ill health.

The compensation rate for work on campus is 80c per hour. Application forms for campus employment may be secured from the Registrar or the Business Office and should be returned to the Business Office as early as possible in order to insure employment.

Other Self-Help Opportunities - - -

There are also outside work opportunities in Fort Wayne for students who need to earn part of their expenses while in training. Some part time work is available through the college placement service. Ability, initiative, and dependability are qualifications needed for remunerative positions.

Obviously a student who must devote considerable time to secular work cannot carry a full load and must therefore extend his course over more than the regular time. The maximum amount of secular work, including that done in the college, permitted to students who carry a full study load, whether boarding or non-boarding students, is 25 hours per week. The maximum may be less for students whose studies demand more time. Any exceptions to this maximum must be cleared first with the Dean of Students.

For girls who find it necessary to work for most if not all of their expenses, homes are available in the community where they may work in exchange for room and board. Girls assigned to homes are asked to come the day before registration in order to receive their placements.

In order to reserve a home, a fee of $10.00 is charged on the same conditions that a room reservation is paid.
GENERAL INFORMATION

STUDENT ACTIVITIES

Student Missionary Fellowship - - -

The Student Missionary Fellowship is an aggressive missionary society organized for the purpose of creating and stimulating interest in world-wide evangelism. Under student leadership, it meets once a week for a public service with missionaries from various parts of the world addressing these meetings. The S. M. F. also conducts daily prayer meetings with a weekly schedule that embraces every mission field. It contributes to the support of three missionaries on the field, and carries on other missionary projects.

College Yearbook - - -

The Light Tower, published annually by the student body, portraits school life and serves as a memorial of Bible college days. This student publication also affords helpful experience in journalism.

Annual Youth Conference - - -

Each year students conduct a conference for youth. Designed to relate young people to Christ in salvation, sanctification, and service, the conference is planned by a committee of students, which secures outstanding youth speakers, missionaries, and musicians for the program.

A Cappella Choir - - -

Students enrolled in A Cappella Choir are organized into a student group with their own officers. During the second semester each year, the A Cappella Choir makes a tour to various parts of the country. The programs are distinctively spiritual and aim at glorifying God through sacred choral music.

Student Association - - -

Student government on the campus functions through the Student Association and its executive committee, the Student Council. Its leaders are elected by the student body and its purpose is to foster spiritual growth and fellowship, to sponsor extracurricular activities, to stimulate school spirit, and to provide the student body a channel by which it can effectively further the training objectives of the college and participate in campus government.

Theta Beta Club [Daughters of the King] - - -

This organization, open to all women students, is designed to foster the social and cultural development of those who anticipate Christian service in the varied situations of the United States and foreign lands.

Music Club - - -

Membership is open to music-loving students for the purpose of promoting the objectives of the college through the various phases of musical and artistic expression. The organization meets regularly, conducting instructional, recreational, and devotional programs.
Camera Club - - -  
Students interested in photography find enjoyment in participating in the Camera Club, which meets twice a month for discussions on theory and techniques of picture taking. A darkroom with basic equipment is maintained, and field trips are planned during the year.

Alpha Kappa Club - - -  
This club, which is composed of students enrolled in Greek language courses, has as its general objectives the encouragement of academic achievement in the sphere of New Testament Koine Greek and the development of ability to use the original language in the preparation of expository sermons. An annual cash award is given by the club to the member preparing the best expository sermon.

Athletics - - -  
A program of intramural athletics is arranged each year with tournaments conducted in several sports. While the college recognizes that spiritual and academic interests are of primary importance, it also recognizes that wholesome recreation and sports activity can contribute much toward a well-balanced Christian life.

Under the supervision of a joint student-faculty athletic committee, a limited schedule of intercollegiate basketball games is arranged, chiefly with Christian colleges and seminaries.

CAMPUS REGULATIONS

Standards of Conduct - - -  
The college attempts to provide an atmosphere which is most conducive to reverent study and to the development of strong Christian character. Inasmuch as the welfare of both the group and the individual is best promoted by adequate regulation, the B-C Book, student handbook, sets forth certain standards of conduct to which the student is expected to conform.

The use of tobacco, alcoholic beverages, gambling cards, profanity and obscene language is prohibited. Students also are expected to refrain from worldly amusements, attendance at dances and theaters, and other unclean habits that defile mind and body and bring a reproach upon the Christian testimony of the individual and the college.

The college may at any time require the withdrawal of a student who does not conform to these standards.

Social Activities - - -  
Social activities and affairs hold a secondary place to the attainment of academic objectives in the life of the student. Social regulations are so designed as to aid in the development of the whole personality and in satisfactory social adjustment. Students who contemplate marriage before graduation must secure faculty approval in order to continue in school. No marriages are permitted during the school year.
Dress - - -  
Students are urged to dress conservatively in keeping with Christian standards. Moderation in style and extent of wardrobe is required. Low-cut necklines and the use of excessive make-up are not permitted.

Slacks may be worn for certain work or off-campus activities with the approval of the Dean of Women. The wearing of blue-jeans and shorts is not permitted at any time.

All women students enrolled in physical education are required to purchase regulation gym suits through the college. Both men and women should bring a pair of gym shoes.

Room Furnishings - - -  
Rooms are furnished with bedsteads, tables, chairs, and dressers. Students furnish rugs, window curtains, dresser and table scarfs, pictures, and any other articles desired to make the room cheery and homelike. Students are to furnish their own electric irons.

Each dormitory student is expected to bring bedding for a twin bed, including blankets, comforter, bedspread, pillow, sheets, pillow slips, towels, and wash cloths all plainly marked on the right side with the owner’s full name [use name tapes].

Supplies - - -  
Textbooks and school supplies are sold in the college bookstore.

Laundry - - -  
The college cares for the laundering of sheets and pillowcases. Each student is responsible for laundering his towels and personal clothing. The college maintains a laundry service where most personal effects may be laundered at moderate rates.

Health - - -  
The college provides medical care for minor illnesses through a dispensary and the services of a resident nurse. Each student taking eight hours or more is insured for hospitalization expenses up to $500 for each accident or illness.

Automobiles - - -  
Unmarried freshmen, whose homes are not in Fort Wayne, are not permitted to bring automobiles to school. Upperclassmen are advised to leave their automobiles at home unless their use while attending school is actually necessary. Before bringing a car, a student must secure written permission from the Dean of Students. If permission is granted, a parking space will be assigned on the campus parking lot, for which a rental fee of $2.00 per month will be charged.
Curricula . . . . .

The curricula of Fort Wayne Bible College are divided into three major divisions: the School of Bible, the School of Education, and the School of Music. The School of Bible offers courses of study leading to the degrees of Bachelor of Arts, Bachelor of Theology, and Bachelor of Science. A three-year program in Bible leads to a diploma. The Bachelor of Theology is a five-year course.

The School of Education offers courses of study leading to the degrees of Bachelor of Arts, Bachelor of Religious Education, and Bachelor of Science.

The School of Music offers courses of study leading to the degrees of Bachelor of Sacred Music, Bachelor of Music Education, and Bachelor of Science in Music Education. A three-year course in Bible and Music leads to a diploma.

The first year in each program is somewhat uniform; in most programs it is possible for students to make their specific selection at the beginning of the second year.

Each student should carefully choose his program and assume the responsibility of meeting graduation requirements for that particular program.

Objectives
The curricula of the School of Bible are divided into two major programs: [1] Theological and Ministerial Programs and [2] Missionary Programs. These courses are designed particularly for those preparing for the gospel ministry.

Objectives in these programs include the following: [1] to give the student a working knowledge of the Bible and an understanding of Christian doctrine; [2] to lead him to an appreciation of and a full dedication to the Christian mission; [3] to acquaint him with the world around him through a general study of the natural sciences, the social sciences, and the humanities; [4] to help him form a Christian world view; [5] to develop, by study and practice, those skills needed for his calling; [6] to foster Christian growth and maturity; and [7] to introduce the student to the Word of God by the inductive method of Bible study.

A. THEOLOGICAL AND MINISTERIAL PROGRAMS
The programs in this group are terminal and are designed for those who are preparing for the gospel ministry. Four programs are offered: [1] Bachelor of Arts with a major in Bible and Theology, [2] Bachelor of Arts with a major in Pastoral Training, [3] Bachelor of Theology, a five-year course, and [4] Standard Bible Course, a three-year course leading to a diploma.

1. BACHELOR OF ARTS [Major in Bible and Theology]
The degree of Bachelor of Arts with a major in Bible and Theology is granted upon the satisfactory completion of 128 hours of work. Thirty hours in Bible and 10 hours in Biblical Theology are required. Three hours of Greek exegesis [NT 432] will count toward meeting the major in Bible. In addition to the basic requirements, two years of language study are required. The student is also required to work out a minor of at least 15 hours.

Minors

Candidates for the degree of Bachelor of Arts with a major in Bible and Theology choose their minors from any of the departments listed below, subject to the approval of the chairman of the division from which the minor is chosen. A minor consists of fifteen semester hours of work. Each department lists some specific subjects which are required for the minor.

Pastoral Training. The required courses in the field of this minor are PT 313, PT 314, PT 411, PT 412. At least one semester of Christian Service credit must be earned as a student pastor or as an assistant pastor. Where possible the Christian Service Department will render assistance in finding openings for field service.

Missions. The required courses applying toward a minor of 15 hours in Missions are Mi 231, Mi 232, Mi. 331, and An 335.

Christian Education. The required courses applying toward a minor of 15 hours in Christian Education are CE 301 and CE 302.

Sacred Music. The minor in Music is exclusive of Mu 171. The required courses include Mu 172, Mu 373, and Mu 374. The student must also earn four hours of credit in one field of applied music and two hours in music ensemble. The two hours music elective credit may be selected from such courses as Mu 274, Mu 476, or additional applied music. Hi 110 may be omitted from the general course requirements.

Social Studies. The required courses applying toward a minor of 15 hours in Social Studies are Hi 301, Hi 302, and So 415.

Speech. The required courses applying toward a minor of 15 hours in Speech are Sp 211 and Sp 212. The rest may be elected from other Speech courses which are offered.

Suggestions for Pre-Seminary Students

Those students who wish to pursue their training into the graduate field of seminary studies are urged to investigate courses which lead to broader education in the field of liberal arts. The Bachelor of Arts with a major in Social Studies or Speech is recommended. If a particular specialization in the fields of Bible and Theology or in Christian Education is desired, then the courses in Pastoral Training, Missions and Christian Education are recommended for pre-seminary preparation.

2. BACHELOR OF ARTS [Major in Pastoral Training]

The degree of Bachelor of Arts with a major in Pastoral Training is granted upon the satisfactory completion of 128 hours of work. In addition to the basic requirements, two years of language study are required. Where Greek is chosen to meet the language requirements, 3 hours of the second year [NT 432] may count toward meeting the Bible requirements. Greek is strongly recommended in this program for the language requirement.

3. BACHELOR OF SCIENCE [Major in Missionary Nursing]

The Bachelor of Science program in Missionary Nursing Service is designed as a basic course for women students who plan to engage in missionary service. It aims to provide the preparation necessary to minister to spiritual and physical needs by a combination of courses in general education, Bible, missions, and professional nursing. The five-year program includes the regular three-year course in nurses' training, a major in Bible, and minor in missions.

This unique program, designed to meet an urgent need for professionally trained missionary candidates, is made possible through the cooperation of nearby Lutheran Hospital School of Nursing. Training is taken alternately at the two institutions. The first year is spent on the college campus in studies in general education and Bible. The next three years are spent at the Lutheran Hospital School of Nursing. During this time the student maintains associations with the college as time and prior obligations permit. At the end of this period the student is eligible to take the State examinations for registration. The fifth year is spent on the college campus again, with advanced studies in Bible and missions.

The Lutheran Hospital is approved by the American College of Surgeons and is a member of the American Hospital Association. The School of Nursing is accredited by the Indiana State Board of Examination and Registration. The nurses' residence is a new building with the finest of living accommodations and educational facilities.
A total of 122 hours is required for the B.S. degree. Fifty-eight semester hours of credit are granted for the work done at the Lutheran Hospital, leaving 64 hours of credit to be earned in the college.

Applicants for the five-year nursing program apply first to the Bible college, using the regular application blank. Application forms for the School of Nursing will then be sent to the applicant. Leaflets giving full particulars as to qualifications, prerequisites, and cost of the entire program are sent free upon request to the Registrar.

Applicants who wish to be assured of being accepted for nurses' training at the Lutheran Hospital before entering as freshmen at the college must apply not later than April 15th. Then arrangements can be made to take the qualifying tests for nurses' training before they enter the college. Those applying after April 15 will need to wait until the following fall to take the tests.

Graduate nurses who have taken their nurses' training elsewhere in a recognized school of nursing may take the two years of Bible-missions education leading to the B.S. degree upon meeting either one of two requirements: (1) graduate from a nursing school fully accredited by the National Nursing Accrediting Service, or (2) pass on a satisfactory level the Graduate Nurse Qualifying Examination of the National League for Nursing, Inc. Arrangements for taking this examination are made with the Registrar.
II. School Of Education . . . . .

The purpose of the School of Education is to prepare students for the teaching profession in church and/or elementary schools as well as to provide professional training in the fields of speech and social studies.

The objectives in Christian education curricula are [1] to acquaint the student with the basic areas of Christian education, including its historical development, contemporary patterns, child development, methodology, and Christian institutions; [2] to train efficient leaders and teachers for the educational arm of the church; [3] to provide basic preparation for graduate studies; [4] to qualify students for certification in the elementary public school system; [5] to train students in speech theory and techniques; and [6] to acquaint them with the contemporary cultural and social setting.

Seven programs are provided for students who choose this area of study: [1] a course leading to the Bachelor of Arts with a major in Christian Education; [2] a course leading to the Bachelor of Religious Education degree; [3] a program leading to the Bachelor of Science in Elementary Education; [4] a combination Christian Education-Music program leading to the Bachelor of Science degree; [5] a course leading to the Bachelor of Arts degree with a major in Speech; [6] the Bachelor of Science degree in Speech; and [7] the Bachelor of Arts degree with a major in Social Studies. Course offerings in education include certain basic subjects in the field which are common to both education and Christian Education. These courses provide the foundations for majors in this area of study.

A. CHRISTIAN EDUCATION COURSES

III. School Of Music . . . . . . .

Objectives

The School of Music strives for high standards that are essentially spiritual and expressive of Christian experience and faith. The purposes of the School of Music are four-fold: [1] to provide general education in music for all students of the college; [2] to prepare students for the various ministries in church music; [3] to prepare students to teach music in the public schools; and [4] to encourage creative production of good music.

The School of Music is located in Founders’ Memorial Building on the corner of Rudisill Boulevard and Indiana Avenue. The school’s facilities include twenty practice rooms and four studios, all soundproofed; music library; electric practice organ; and an auditorium equipped with a Hammond concert organ and a Baldwin concert grand piano. Listening equipment together with a library of records is at the disposal of music students.

Each Christmas season the college Oratorio Chorus presents Handel’s “Messiah” or some other great sacred choral work. A concert tour by the A Cappella Choir is made during the Easter season. During commencement week an annual sacred concert is presented. The radio ministry of the college provides another important phase of musical training. Other training is supplied through vocal and instrumental deputation groups, which travel over a wide area each year.

Major Requirements

The same general entrance requirements apply in the School of Music as in the School of Bible. Applicants must be Christian in character and must be high school graduates to enroll in the standard three-, four-, or five-year curricula.

Major Fields. Students may major in the following fields of music: voice, piano, organ, orchestral instruments, music education, and theory and composition. The choice of the major is made at the beginning of the second year in consultation with the music faculty.

Basic Piano Requirements. Minimum piano proficiency shall be achieved by all music majors. Voice and orchestral instrument majors are required to demonstrate piano competency by playing hymns, simple art songs, and piano literature comparable to Kuhlau and Clementi sonatinas. All music majors are given a proficiency examination at the beginning of their second year in order to determine their qualifications to pursue a music curriculum.

Ensemble Requirements. All music majors are required to participate in one or more of the college musical organizations. In all music curricula, piano and organ majors substitute one year of piano accompaniment for one year of ensemble participation. Vocal and instrumental majors enrolled in one of the four-year curricula are required to participate in ensemble for three years. Four years of ensemble are required in the five-year curriculum, and two years are required for those enrolled in the three-year course.

Senior Recital. Applied music majors enrolled in the Bachelor of Sacred Music or the Standard Bible-Music courses are required to present a recital during their senior year. Music education majors are also encouraged to prepare a recital program.
General Music Regulations

Practice Requirements. All students enrolled in applied music are expected to practice a minimum of five hours per week for each thirty-minute lesson taken.
