"The Bible is a book of faith, and a book of doctrine, and a book of morals, and a book of religion, of special revelation from God; but it is also a book which teaches man his own individual responsibility, his own dignity, and his equality with his fellow men." —

# GENERAL INFORMATION

Fort Wayne Bible College was founded in 1904 and incorporated as a non-profit educational institution. It is a four-year college specializing in two major fields: church vocations and teacher education. For many years its primary objective has been the preparation of men and women for various forms of Christian service at home and in foreign lands. In 1955, the college was accredited for teacher education by the Indiana State Department of Public Instruction.

The college is owned and controlled by the Missionary Church, but operates interdenominationally. A number of denominations are represented on the Governing Board and faculty, and 40 or more are represented in the student body annually.

The college is entirely an undergraduate school with programs leading to baccalaureate degrees. While most programs are designed to lead directly into life's work upon graduation, several are designed to prepare students for graduate study in seminaries and universities.

## STATEMENT OF FAITH

The college is committed to the conservative and evangelical interpretation of the Christian faith as held by the controlling denomination. It holds to the divine inspiration of the Scriptures, the trinity of the Godhead, salvation through the death of Christ, the universal sinfulness of man, the necessity of regeneration, the filling with the Holy Spirit subsequent to conversion for purity in life and power for service, and the personal, imminent return of Jesus Christ. While stressing the basic tenets of the Christian faith, the college also emphasizes the place of Christian experience in life. It is convinced that the greatest need during this period of spiritual development is that students may be filled with the Spirit, imbued by faith and vision, strengthened in Christian character and motivated by divine love for sacrificial service. A more detailed statement of faith will be sent upon request.

## OBJECTIVES OF THE COLLEGE

In preparing the student for life and work, the college seeks to achieve the following objectives:

1. To guide the student into a greater knowledge of the Bible, the Christian faith, himself, his fellowman, and the world around him.
2. To develop within him a deeper appreciation of a Biblical sense of values, of God's plan for his life, of his spiritual, social, and national heritage, and of his privileges and responsibilities in contemporary life.
3. To assist him in the development of skill in research and critical thinking for independent study, in the integration of all knowledge and experience into a Christian world view, and in the effective communication of ideas.
4. To help the student in the development of a well-rounded, wholesome Christian personality mentally, physically, spiritually, and socially (Luke 2:52).
5. To awaken in him a clear sense of his calling and a complete dedication of himself to Jesus Christ for effective Christian service to mankind.

6. To aid him in acquiring the characteristics and skills necessary for church-related vocations or for lay service in the church, as he seeks to fulfill the world wide mission of the church (Matt. 28:18-20).

## THE PHILOSOPHY OF BIBLE COLLEGE EDUCATION

Fort Wayne Bible College is committed to a distinct philosophy of education. The revelation of God in Jesus Christ in the holy Scriptures and in nature is the integrating core of all truly Christian higher education. On this basis the college has organized and developed its curriculum and instructional service, recognizing that all legitimate fields of learning must radiate from a Christian center if the high goals for which it strives are to be attained. Through its faculty, courses, co-curricular activities, and service to the community and church, the college seeks to give all worthy students an opportunity to become efficient Christian leaders in the areas of endeavor within the scope of its available resources and in accord with its stated aims and objectives.

The college believes in searching for truth and that the resulting discoveries will be in harmony with the revelation of the truth directly given to man by God through the Scriptures. This search for truth is in fulfillment of God's command in Genesis 1:28 to subdue the earth and exercise dominion over it. Here, therefore, there is a liberalizing education which serves to free men's minds and hearts from the trammels of falsehood, as well as to inspire students to exploration, discovery and growth throughout life.

The college accepts the Biblical interpretation of the several elements that make up education. Most important among these are the student, the teacher, the subject matter, and the educative process.

The student has spiritual, mental, social and physical capacities given him by the Creator for ends that are identified with the divine will. These capacities can only reach their fullest development as he fits himself into that will. He stands in need of moral development that can only have firm foundation as it rests on eternal truth and a personal redemptive relationship to Christ. His education, to be adequate, must result in moral character as well as in intellectual attainment and physical well-being.

The teacher seeks to develop in the student these physical, mental, social and spiritual capacities. He achieves these ends, not by the mere imparting of facts, but by being an active participant in the educative process through which he contributes something of his own attitudes, appreciations, sense of values, moral standards, and philosophy of life. The successful teacher is loyal to the truth, recognizes the worth of the individual, and uses the subject matter as a means to an end rather than as an ultimate goal in itself.

10 Subject matter is divided into three areas at a Bible College: biblical, general and professional. However, truth is regarded as a unity which has its origin and its end in the Creator. Every field of learning, therefore, has a definite relation to every other and to the whole. All subject matter has its highest meaning only as it is seen belonging to this unity of truth. Because of its common origin, truth cannot properly be divided into sacred and secular; all reveals some aspect of the nature or activity of God.

### **BIBLICAL EDUCATION**

Biblical education is supplied through the offerings of the Division of Christian Ministries. A major in Bible and theology is required in all courses. Study begins with survey courses and progresses to exposition of individual books of the Bible. The task of the teacher is to lead the student into apprehension of truth rather than to indoctrinate him in a special point of view or a particular school of theology. The aim of such study is to develop ability to discover and to interpret the concepts of the Word of God, to enrich life through a personal and growing experience of God's love and grace, and to establish habits and techniques of study that will be useful through life.

### **GENERAL EDUCATION**

General education is a core of educative experiences which should issue in a growing acquaintance with the major areas of knowledge, in the formulation of a Christian world-view and in the ability to participate intelligently and constructively in contemporary society as a witnessing Christian. The content is drawn largely from the humanities, social sciences, and natural

sciences treated in the context of a Christian atmosphere and an integrating framework provided by Biblical studies. General education at Fort Wayne Bible College reaches beyond the transmission of factual knowledge to the development of skills, attitudes, and interests which enable a graduate to live abundantly to the glory of God.

## **PROFESSIONAL EDUCATION**

Professional education is designed to give the student skills in his chosen life's work and in the work of the local church. To accomplish this, academic work is integrated with applied courses in a program of practical Christian service field work under the supervision of the faculty.

Specialized training is given in the areas of pastoral work, missions, Christian education, sacred music, and teacher education. Field work provides clinical experience and expressional activity which complement and motivate classroom instruction.

The educative process includes all those activities in which the student participates during his years at college. Education is the sum total of all that one learns, whether from formal schooling or from incidental learning. It should include the harmonious development of the physical, mental, social and spiritual life.

## **SPIRITUAL CULTURE**

Since education of the heart goes hand in hand with the education of the mind, the college provides time for devotional culture. Its aim is to make the school a home with such a spiritual atmosphere that habits of prayer and meditation will be formed. The day is begun and ended with a "quiet hour". Classes are opened with prayer. The mid-morning daily chapel service provides an interim for inspiration and worship. At five o'clock students meet for a half hour of missionary intercession. Usually a period of informal devotions follows the evening meal. The half day which is set aside each month for prayer has proved invaluable for heart searching, cleansing, and intercession.

11

## **SOCIAL LIFE AND PHYSICAL CULTURE**

The many opportunities for fellowship are used for the enrichment of Christian personality in an atmosphere of culture and spirituality. Apart from the ordinary associations of dormitory life there are events in which the entire school participates — occasional receptions, outings and special services. Co-education in the college is meant to promote wholesome relationships and Christian culture.

To round out training for spiritual, intellectual and physical development, attention is given to physical fitness. Students are to spend one period each day in either outdoor or indoor recreation. In all programs of study, health and physical education are requirements. Exemptions from physical education are made only to students who submit a physician's statement of ill health or incapacity. A program of intramural athletics is provided for both men and women. Intercollegiate sports include: basketball, baseball, tennis, track and golf.

## CHRISTIAN SERVICE

Besides providing clinical experience in Christian work, Christian service is an expressional activity that complements and motivates instruction. In the classroom, Christian service is interpreted professionally in the academic training of pastors, missionaries, Christian education directors, ministers of music, etc. Correlated to this preparation, the Christian Service Department provides practicum classes and field work in the actual situation which supports the academic program. Beyond this, the department gives training in the broad, general skills needed for effective Christian service to those students enrolled in nonspecialized courses. Thus, preparation is not only given for specialists in Christian service, but also, in a broader sense, for every student to develop skills which will help him to serve as a layman in the church program.

Specific assignments in field work are made in accordance with the student's training, aptitudes, and needs. The satisfactory completion of an assignment for one semester is considered one unit of field work. For graduation from the nursing program, a student must have three units; from a three-year course, four units; from a four-year course, six units; and from a five-year course, eight units.

The Fort Wayne area offers many opportunities for Christian service. Assignments include Sunday School teachers for all age groups, children's church directors, music directors, pianists, organists, assistant pastors, youth directors, mission workers, child evangelism teachers, boys' and girls' club directors, gospel team ministries and Christian witnessing within social service organizations.

## 12

## HOUSEKEEPING DUTIES

Valuable training also is afforded in the housework performed by students. Boarding students are responsible for the care of their rooms. Also many students help defray their expenses by campus employment. All such work is supervised and is a part of the training program. It gives opportunity for training in dependability, industry, co-operation, and courtesy. In the care of their rooms, students are rated on cleanliness, tidiness, pleasing arrangements, and assumption of responsibility.

## CAMPUS

Fort Wayne Bible College is located in the southwest section of Fort Wayne, Indiana, an industrial city of 180,000. The college occupies a 27-acre campus in an exclusive residential area. Stately oaks and elms lend beauty and charm to the campus which offers an ideal environment for school life. The city of Fort Wayne is noted for its rich church and cultural life, and there is ready access to the business and industrial sections of the city with their numerous opportunities for Christian service and employment.

The campus is divided by Rudisill Boulevard. Six major buildings occupy north campus. Six buildings are also planned for south campus, two of which are now completed. The Lehman Memorial Library was dedicated in 1961. Lexington Hall was occupied in the fall of 1964. Future plans include an administration-classroom building, a student center, chapel and men's residence hall. The present campus and school plant valued at \$2,500,000 includes the following buildings:

**Bethany Hall**, the central building on the north campus, was constructed in 1929-30. The ground floor houses the bookstore, the post office, printing shop, several offices, and one classroom. The first and second floors are used for administrative offices, except one wing of the second floor, which is used as a dormitory.

**Founders Memorial Building** is a spacious building erected in 1941-42. It is essentially a music building with acoustically built studios and practice rooms, a chapel seating 500, dining hall, main student lounge, gymnasium and classrooms.

**Schultz Hall**, constructed in 1904, houses 80 men. It also includes an apartment, student lounges, a science laboratory, the Kampus Korner snack shop and a recreation area.

**The S. A. Lehman Memorial Library**, completed in 1961, is the first building to be erected on the south campus. It is modern in architecture with low silhouette, complimented by vertical window panel treatment. Space is available for 60,000 volumes on open stack shelving. Presently there are more than 30,000 books, carefully selected to provide depth and perspective to the programs offered at the college. Over 315 periodicals are received including a comprehensive view of Christian and missionary publications.

Two study areas seating 184 students have completely illuminated ceilings. The library also has typing and listening rooms acoustically isolated from the reading rooms. An Instructional Materials Center houses supplies and pamphlets for use in Christian education, teacher education and Christian service. The audio-visual library, archives, technical processes rooms and offices complete the library facilities.

In addition, the building houses two classrooms, an apartment and the office of the chairman of the Department of Teacher Education. Of special interest is a display in the entrance hallway depicting the historical, cultural and geographical artifacts collected over a period of 33 years and donated to the library by Miss Catherine Smeltzley.

**Harmony House**, 3722 Shady Court, is used as a staff residence.

**Leightner Hall** was purchased in 1954. It is a beautiful and spacious residence housing 25 women including in its facilities one staff apartment and a lounge.

**Lexington Hall** was occupied in the fall of 1964. Located in a beautiful wooded section of the campus, this building of limestone, marble, copper and beautiful hardwoods, plus durable furnishings and colorful decor, provides housing for 100 women. There is a large reception lounge, a smaller lounge on each floor of the dormitory, and a large recreation hall. Two apartments are also included: one for the women's counselor and the other for the custodian.

**Providence Hall** was built in 1945 and is exclusively a dormitory housing 60 women.

**Residence Hall** was built in 1948. It provides housing for 32 women, apartments for staff, and the college health center.

**The White House**, 801 West Rudisill Boulevard, is used as a residence for 11 women and provides an apartment for the Dean of Women.

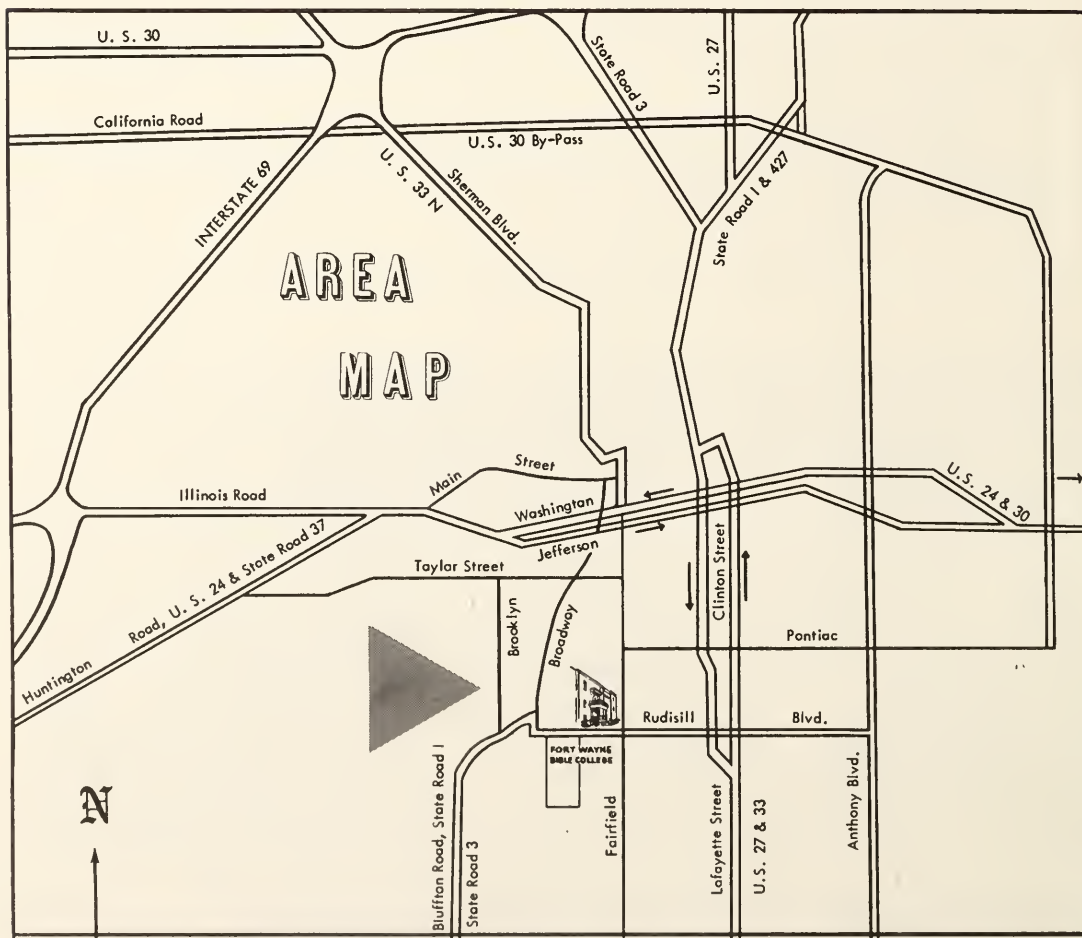

**Wiebke House**, a pioneer homestead house on the south campus, was completely modernized in 1966 and houses 17 men under an honor system.

**Brown Gables**, the President's home, was purchased in 1960 and is located at 827 West Rudisill Boulevard.

**Shady Court Apartments** and **Shady Court Annex**, 3714-16 Shady Court, were purchased in 1968.

The college also owns six single dwellings used for faculty and married students.

## **PAYMENT OF FEES**

All new boarding students enrolling for their first year at Fort Wayne Bible College must deposit \$500 or arrange an approved schedule of payments with the Business Office by September 1. If first-time enrollment is in the second semester, such arrangements must be made by January 1.

For returning students, one-third of the semester's expenses must be paid upon registration, and the remainder in regular installments.

No student will be permitted to register for a new semester whose account is in arrears.

A deduction of two percent is made for regular boarding students if all expenses are paid at the time of registration.

## **ENROLLMENT DEPOSIT**

Each new applicant, and those wishing to re-enroll after an absence of one or more semesters, must make an enrollment deposit of \$50 within 30 days following acceptance. Deposit must accompany application if made after July 1, for first semester. It must also be sent when application is made after November 1, for the second semester. This deposit is considered an advance payment and is credited to the student's account when he enrolls. In case of cancellation or failure to register, it is not refunded after July 1 or November 1, unless the application has been rejected or an emergency makes it impossible to enroll.

Returning students are also required to make an enrollment deposit of \$50 by July 1. It is not refundable after August 1.

17

## **ROOM AND BOARD**

All single students whose homes are outside the city of Fort Wayne and vicinity are required to room and board at the college. When dormitories are filled, arrangements are made by the college for students to occupy rooms in nearby homes and to take their meals at the college dining hall. While all such arrangements are made by and through the college, such students pay rental fees directly to the home owners. Rental fees in homes are generally higher than those charged for dormitory rooms.

## **HOUSING FOR MARRIED STUDENTS**

The college has a limited number of apartments for married students. Preference is usually given to upperclass students. Married students are urged to come to Fort Wayne well in advance of registration in order to find housing and employment, if needed. The Business Office is happy to render assistance.

## **FINANCIAL ADJUSTMENTS**

The college reserves the right to change board, room and tuition fees at the beginning of any semester if fluctuations in operating costs warrant it.

Students remaining for the Christmas vacation are charged at the regular rates since they have not been charged for board and room during the vacation period in first semester expenses.

The general service fee is not refundable in case of withdrawal. When a student makes proper arrangements to withdraw during the first eight weeks of a semester, he is charged tuition at the rate of 12½ per cent of the semester's total for each week. Refunds of board and room will be handled on the same basis as tuition, except for emergency cases. A student discontinuing applied music by regular arrangements during a semester will be charged at the individual lesson rate for the part of the semester taken.

Seniors who are in arrears can graduate only if approval is given by the Committee on Administration to make deferred payments. When such an arrangement is made, diplomas and degrees are held in the custody of the college and no transcripts are issued until the account is paid in full.

## FINANCIAL AID

All scholarships are granted with the understanding that the student plans to complete a regular program leading to graduation. If for any reason he does not complete his work here, the grant becomes a loan that is repayable on terms to be arranged with the Business Office.

Application forms for all scholarships and loans administered by the college may be obtained from the Business Office.

**United Student Aid Fund** — USA Fund loans for college are available for sophomore, junior and senior students. The college certifies the academic and financial standing of the student. The loans bear 7% simple interest from the date of the loan. Repayment begins the fifth month after graduation or 30 days after leaving college if the student leaves before graduation. The student procures the loan through his bank and repays his bank. USA Fund endorses the loan, not the student's parents.

## **THE EDUCATION FUND-BUILDER PLAN**

In view of the sharply rising costs of a college education, Fort Wayne Bible College has developed a plan whereby parents may prepay, on the installment plan over a period of time, all or part of the costs of their children's education. A descriptive folder describing how parents may build up a fund in advance for the education of their children will be mailed upon request to the Business Office.

## **CAMPUS EMPLOYMENT**

The college has numerous job opportunities which are granted to applicants on the basis of need and competence. Aptitudes and skills are taken into consideration in assigning work. It is expected that students will perform cooperatively the tasks that are assigned to them. It is also expected that students will carry through a work assignment for a semester except for reasons of ill health.

Application forms for campus employment may be secured from the Business Office and should be returned as early as possible in order to ensure employment.

## **OTHER SELF-HELP OPPORTUNITIES**

There are many outside work opportunities in Fort Wayne for students who need to earn part of their expenses while in college. Part-time work is available through the Office of Student Employment. Ability, initiative and dependability are qualifications needed.

Obviously a student who must work his way through college cannot carry a full load and must therefore extend his course.

Unless granted special permission by the Dean of Students, 25 hours per week is the maximum amount of work permitted students who carry a full study load. This includes work on campus or outside. For students whose studies require more time, their work schedule should be reduced proportionately.

# **CAMPUS REGULATIONS**

## **STANDARDS OF CONDUCT**

The college attempts to provide an atmosphere which is most conducive to reverent study and to the development of strong Christian character. Inasmuch as the welfare of both the group and the individual is best promoted by adequate regulation, the B-C Book (student handbook) sets forth certain standards of conduct to which the student is expected to conform. A copy will be sent to each approved applicant prior to his registration.

The possession and use of tobacco, alcoholic beverages, narcotics, traditional playing cards, gambling in any form and the use of profanity and obscene language is prohibited. Attendance at dances and movie theatres is likewise not permitted, and students are expected to refrain from those worldly amusements and other activities which might defile mind and body and bring reproach upon the Christian testimony of the individual and the college.

The college may at any time require the withdrawal of a student who does not conform to these standards.

## **SOCIAL ACTIVITIES**

Social activities and affairs are complementary to the attainment of academic objectives in the life of the student. Social regulations are designed to aid in the development of the whole personality and in satisfactory social adjustment. Students who contemplate marriage before graduation must secure faculty approval in order to continue in school. No marriages are permitted during the school year.

25

## **DRESS**

The matter of personal appearance and dress is vitally connected with our testimony for Christ. As Christians we should therefore strive for modesty, neatness and cleanliness in personal appearance, refraining from worldly extremes and fashions that border on immodesty. More specific regulations regarding dress are outlined in the student handbook.

## **ROOM FURNISHINGS**

Rooms are furnished with beds, tables, chairs and dressers. Students furnish rugs, window curtains (in some dormitories), dresser and table scarfs, pictures and any other articles desired to make the room cheery and homelike. Students are to furnish their own electric iron.

Each dormitory student is expected to bring bedding for a twin bed, including blankets, comforter, bedspread, pillow, towels and wash cloths all plainly marked on the right side with the owner's full name (use name tapes).

## **SUPPLIES**

Textbooks and school supplies are sold in the college bookstore.

## **LAUNDRY**

The college provides sheets and pillow cases through a local linen company which launders them each week. Each student is responsible for laundering his towels and personal clothing. The college maintains a laundry service where most personal effects may be laundered at moderate rates.

## **HEALTH SERVICES**

The college provides medical care for minor illnesses through its Health Center and the services of the college physician and registered nurses. Single students not living in their own homes may receive nursing care in the center when necessary, for the nominal fee of \$1.00 per day, plus the cost of meals if they are not boarding students. Serious cases are hospitalized. Each student enrolled for eight hours or more is insured for certain hospitalization and medical benefits for an amount not to exceed \$2,500 for each accident or illness.

## **MOTOR VEHICLES**

Experience has shown that the ownership and use of automobiles by students often interferes with their college achievement. The college has therefore adopted the following policy:

Freshman resident students are not permitted to bring automobiles or motorcycles to school, except in cases where there is sufficient cause to justify their use, in which instance the student must secure prior written permission from the Dean of Students.

Upperclass resident students whose grade point average (GPA) is below 2.0 are not permitted to have motor vehicles at school without permission from the Dean of Students, in which case their use will be restricted.

Permission may be denied or revoked for any of the following reasons: deficient academic standing, financial incapacity, social infractions (especially in the use of automobiles), excessive traffic violations, failure to carry adequate liability and property damage insurance.

All motor vehicles must be registered at the beginning of each semester. Registration stickers, provided by the college, must be displayed on the lower right hand corner of the rear window. Registration fees are charged as follows: resident students, \$5.00 per semester; non-residents enrolled for 8 hours or more, \$2.50; no charge for non-residents enrolled for less than 8 hours. Registration fee for motorcycle or motor scooter is \$2.50 per semester.

*educational*  
program

# EDUCATIONAL PROGRAM

Fort Wayne Bible College is committed to a distinct philosophy of education which reflects its statement of faith. The revelation of God, both general and special, forms the core of the curriculum. General revelation comes to man through nature, man's conscience and divine providence. Special revelation is supplied in the Bible and in Jesus Christ. The terms "general" and "special" reveal the extent and purpose of God's revelation. God has revealed Himself both in creation and in the Scriptures. Christians are expected to be diligent in understanding both of these sources of revelation. Biblical revelation does not pretend to answer all questions but theology does provide one with a guide to understand all other channels of revelation.

The educational program reflects the particular philosophy of life which the college holds. Based on the tenets of Christian theism the program is organized according to the following pattern: Christ for life, the Bible for wisdom, general education for culture and professional skills for service. Curriculum is here defined as that which comprehends the total program of the College.

Course instruction has a threefold content and purpose: first, intensive and systematic Bible study to give the student the Christian world-view, to acquaint him with the gospel message, and to enrich his life spiritually; second, general education to broaden his knowledge of man, of society, and of the universe, and to integrate that knowledge with Christian theism; third, applied work through which skills are developed for Christian service.

Since adequate preparation includes Christian character and spiritual enduement, the program embraces much more than formal instruction. Biblical education, general education, and professional education are combined with devotional culture, social life, manual work, physical fitness and field experience to provide a well-rounded program designed to meet the needs of the total man. The whole of college life is designed to contribute to personal enrichment and building of character.

28

## ACCREDITATION AND ACADEMIC STANDING

Fort Wayne Bible College is accredited by the Accrediting Association of Bible Colleges. A charter member of the AABC, its former president, the late Dr. S. A. Witmer, became the first executive secretary of AABC. The college is accredited as a four-year teacher education college by the Indiana State Department of Public Instruction. On April 7, 1964, the North Central Association of Colleges and Secondary Schools granted candidate for membership status. It is listed as an accredited institution of higher learning by the United States Office of Education. Full transfer credit is granted by Indiana University for work applicable to university programs.

The college holds membership in the Evangelical Teacher Training Association and is authorized to award certificates and diplomas of this organization.

The United States Department of Justice has approved the college for the education of foreign students. The Indiana State Approval Agency approves it for training of veterans and war orphans. The National Headquarters of the Selective Service recognizes it as a bona fide theological school.

The college holds institutional membership in the Indiana Conference of Higher Education, the Council for the Advancement of Small Colleges, the American Association for Higher Education, and the Independent Colleges and Universities of Indiana.

# **STANDARDS OF ADMISSIONS**

## **CHRISTIAN CHARACTER**

It is assumed that young people who come to the college are definitely committed to God's will for their lives and have a firm purpose to prepare themselves to serve Christ. A willingness to learn and a sincere desire for truth are prerequisites to worthy achievement.

Admission to the college is to be considered a privilege, not a right. The college may therefore ask a student who proves unworthy to withdraw at any time. All students are required to sign a statement expressing willingness to conform to all college regulations as set forth in the student handbook.

## **ACADEMIC PREPARATION**

Graduation from high school with an acceptable record, or its equivalent, is required for admission. High school equivalency must be validated by examination before the applicant is admitted. Students should include the following units in their secondary school curriculum: 4 units of English, 2 units of mathematics, 2 units of history and social science, 1 unit of laboratory science, and 2 units of a foreign language.

## **PRE-ADMISSION TESTS**

All applicants are required to take the Scholastic Aptitude Test (SAT) of the College Entrance Examination Board (CEEB). The student should arrange through his high school to take these during his senior year. The test scores are to be sent to the Fort Wayne Bible College by the Educational Testing Service. The college number is 1227.

Applicants who have graduated from high school may obtain information and schedule for the SAT testing dates by writing to College Entrance Examination Board, Box #592, Princeton, New Jersey 08540; or Box #1025, Berkeley, California 94701.

## **TRANSFER STUDENTS**

Admission to advanced standing is granted to students who have completed acceptable work in other accredited institutions. Credits which are applicable to the programs at Fort Wayne Bible College are fully accepted, provided such courses are completed with "C" or above. Credits from non-accredited schools must be validated by examination or by satisfactory achievement during a probationary period of study.

Graduates from a recognized junior college or community college usually will find they can qualify for a bachelor's degree from Fort Wayne Bible College within two or two and one-half years, due to the transfer of their credits.

All transfer students are required to complete at least 30 semester hours at Fort Wayne Bible College including: NT 430 Romans, NT 490 Redemptive Synthesis, and NT 465 Pneumatology, to qualify for a degree or diploma.

## **ADMISSIONS PROCEDURES**

The first step in seeking admission is to make formal application on the form included on the last page of this catalog. An application fee of \$10, which is non-refundable, and a small, recent photo of the applicant must accompany the application. After mailing it to the registrar, the applicant will

receive additional forms to be completed. When all forms and test scores are received by the Admissions Committee it will consider the application for approval, and notify the applicant of the action taken. If the student ranks in the lower half of his high school class, action may be deferred until the final semester grades and class ranking are received.

An enrollment deposit of \$50 is due within 30 days after notice of approval. This deposit will be credited to the student's account, but is not refundable after July 1 for the first semester enrollment, or November 1 for the second semester. Applicants accepted for the first semester are to arrive on campus for the beginning of orientation week.

### **LATE REGISTRATION**

Special permission for late registration will be granted only in exceptional cases. A late registration fee will be assessed. No students may be enrolled after the second week of the semester.

### **READMISSION OF FORMER STUDENTS**

Former students who wish to resume their studies at Fort Wayne Bible College should file an application with the Registrar for re-enrollment. For those who have been away for more than one year, a new physical examination will be required before registration. The enrollment deposit as outlined on page 17 is required of all former students.

### **TRAINING OF VETERANS AND WAR ORPHANS**

Fort Wayne Bible College is approved by the Indiana State Approval Agency for the training of veterans and war orphans as provided in Section 1653 of Title 38 (PL 550) U. S. Code.

Students entitled to such benefits should contact their local Veterans Administration office and obtain a certificate for education and training, and authorization for entrance into college for formal training.

31

## **ACADEMIC REGULATIONS**

### **STUDENT LOAD**

The normal student load is 16 hours per week. Approval of loads in excess of this norm may be granted to students of superior ability. Unless special permission is granted the first year maximum load is 17 hours; after that, 18 hours. A student should be able to carry a normal number of hours under ordinary conditions. A minimum load of 12 hours is required for classification as a full time student. Students on academic probation may be limited to 12-13 hours until their grades improve sufficiently to lift the probation.

### **READING ASSISTANCE PROGRAM**

Any student showing academic deficiency may be subject to enrollment in a course offered by the college for the improvement of reading ability and study skills.

### **CREDIT BY EXAMINATION**

The student may receive credit for certain courses by successfully passing College Board Advanced Placement Tests, available to him in the last semester of the senior year of high school, or by successful performance on appropriate examinations while at Fort Wayne Bible College. Credit by examination in itself implies no grade.

## GRADING SYMBOLS AND GRADE POINT VALUES

A — Superior scholarship, 4 points	F — Failure, 0 points
B — Above average, 3 points	WP — Withdrew, passing
C — Average, 2 points	WF — Withdrew, failing, 0 points
D — Below average, 1 point	

The grade-point average is determined by dividing the total number of points earned by the number of hours taken.

## GRADE POINT REQUIREMENTS

The following chart shows the minimum grade point averages which must be achieved in order to continue in good standing.

HOURS COMPLETED	TO CONTINUE IN DIPLOMA PROGRAM	TO CONTINUE IN DEGREE PROGRAM
14	1.50	1.50
27	1.55	1.65
45	1.60	1.75
60	1.70	1.85
75	1.80	1.95
90	1.90	2.00

A grade point average of at least 2.00 is required for granting a degree.

If a student's grade point average drops below the minimum for the degree program he will be placed on academic probation. He may not continue in the degree program for more than two semesters if he fails to raise his grade point average to the minimum requirement during this time.

## HONORS

At the close of each semester the Registrar's Office publishes the names of all students who were enrolled for at least 12 hours and who achieved a grade point average of 3.35 for the period just ended.

Honors will be awarded at graduation according to the following minimum grade point average for the entire college course: "cum laude" for 3.35; "magna cum laude" for 3.65; "summa cum laude" for 3.95. To be eligible for these honors, a student must complete at least 60 hours at Fort Wayne Bible College.

A limited number of seniors may be elected by the faculty to Delta Epsilon Chi, the honor society sponsored by the Accrediting Association of Bible Colleges. Eligibility is regulated by the rules of the society, and is conditioned on scholastic achievement, Christian character and leadership ability.

## SENIORS

A student ranks as a senior at the beginning of the academic year in which he plans to graduate. He must have a grade point average of at least 2.00. If it drops below 2.00 at the end of the first semester he will not be recommended for graduation. He must have successfully completed his English proficiency examination during his junior year.

## GENERAL REQUIREMENTS FOR GRADUATION

Each senior is required to make formal application for graduation during fall registration in his final year. Although the Registrar and department chair-

men are available to advise the student with his academic program, the responsibility of fulfilling all requirements for graduation is wholly that of the student.

To qualify for graduation a student must:

1. Complete at least 30 hours, including his final 12, at Fort Wayne Bible College.
2. Maintain a grade point average of at least 2.00 during his final year.
3. Pass the comprehensive examination in Bible during the senior year.

10. Attend the graduation exercises unless excused by the President.

**TRANSCRIPTS OF CREDITS**

Every student receives a report of his grades at the end of each semester. Upon graduation he is given one complete transcript of his credits. Each additional copy will cost \$1. Payment must accompany requests for transcripts. Transcripts of credits will be released only after all accounts have been settled in cash.

33

**FOREIGN STUDY PROGRAM**

Since the college is a member of the Associated Schools of the American Institute of Holy Land Studies, students who participate in the program of the Institute in Israel will be given academic credit in such amount as may be approved by the faculty. Both graduates and qualified seniors may be admitted to the program of the Institute. See the Dean for details.

Alternation of courses is indicated by insertion of dates the course is offered.

## **COURSE CANCELLATIONS**

The first two years in each program are somewhat similar. In most programs it is possible for students to make specific selections of majors up to the end of the sophomore year.

## **DIPLOMA PROGRAM**

A diploma program is offered in Bible (3 years). The certificate for church school teachers is granted by the Evangelical Teacher Training Association by completing a program in Christian Education.

Correspondence courses must be approved by the registrar and department chairman.

## GENERAL EDUCATION

General education is a core of educative experiences which should issue in a growing acquaintance with the major areas of knowledge, in the formulation of a Christian world-view and in the ability to participate intelligently and constructively in contemporary society as a witnessing Christian. The content is drawn largely from the humanities, social sciences, and natural sciences treated in the context of a Christian atmosphere and an integrating framework provided by Biblical studies. General education at Fort Wayne Bible College reaches beyond the transmission of factual knowledge to the development of skills, attitudes, and interests which enable a graduate to live abundantly to the glory of God.

The objectives of general education are: 1) to acquaint the student with the world around him, including the sources of our culture, the important problems of today, and the methods of seeking their solution; 2) to help the student acquire a Christian world-view that encompasses and integrates all areas of knowledge and experience; 3) to prepare him for intelligent and satisfying living as an individual, in the home, in the community, and in the church; 4) to develop ability to express ideas clearly and effectively; 5) to cultivate an appreciation of moral and aesthetic values; 6) to provide a sound basis for critical thinking and valid judgment; and 7) to help the student toward physical as well as mental well-being.

While the total number of hours required in general education may vary from department to department, subjects in this area of the curriculum comprise approximately one-third of the total and are listed as follows:

# CHRISTIAN MINISTRIES

Edward D. Simpson, Chairman

## OBJECTIVES

The Division of Christian Ministries has four departments: 1) Biblical Studies, 2) Christian Education, 3) Missions, and 4) Pastoral Training. The curriculums in these departments are designed particularly for those preparing for gospel ministries.

Objectives of this division include the following: 1) to give the student a working knowledge of the Bible and an understanding of Christian doctrine; 2) to introduce the student to various methods of studying and presenting the Bible; 3) to help the student form a Christian world-view; 4) to foster Christian growth and maturity; 5) to lead the student into an appreciation of and full dedication to Christian service; 6) to develop, by study and practice, those professional skills needed to fulfill his calling to one of the Christian ministries.

Programs are designed either to lead directly into life's work upon graduation or to prepare students for graduate or seminary study.

Students anticipating seminary training or denominational service are urged to counsel with their advisors early for the selection of elective courses.

## A. DEPARTMENT OF BIBLICAL STUDIES

Wesley L. Gerig, Chairman

38

### OBJECTIVES

The objectives of this department are: 1) to give the student a working knowledge of the Bible as God's divine self-revelation for his own edification and for strengthening others; 2) to help him achieve doctrinal balance, so essential to symmetrical Christian character and effective Christian service; 3) to impart to him the techniques of effective Bible study; 4) to impress him with the central place which Biblical studies should occupy as the integrating factor, not only in the whole college curriculum, but also in his entire Christian life; 5) to develop the Christian character of the student; and 6) to give the student the motivation for additional Bible study on both a personal and an academic basis.

Two programs are offered by this department. The Bachelor of Arts program with a major in Pre-seminary Studies is designed to be a pre-theological course preparatory for seminary.

The Standard Bible Course is a three-year course leading to a diploma. The work done by the student in this program is graded on a par with that done by those in the degree programs.

### 1. BACHELOR OF ARTS

#### Major in Pre-Seminary Studies

The degree of Bachelor of Arts with a major in Pre-seminary Studies is granted upon the satisfactory completion of 128 hours of academic work. Thirty-six hours in Bible and theology are required with seven hours of Greek exegesis (NT 342, NT 441, 442) counting toward the requirement in Bible. This course also includes 24 hours in social science and ten hours in philosophy.

In addition to the basic requirements, 18 hours of Greek are required. Students anticipating service under the Missionary Church must include PT 406.

**Frances Simpson, Chairman**

**OBJECTIVES**

Christian education is designed to prepare a student to serve in the local church as a layman or in a vocational capacity. Wives, especially pastors' wives, find great help in the Homemaker's specialization. Young people considering Christian education as a vocation may select among a variety of specializations: children's work, youth work, administration, music—CE, or missions—CE. The content of these programs together with possible fields of service are listed in the chart entitled, "Specializations for a Christian Education Major."

The process of preparing leadership for these important ministries involves: 1) the development of a balanced personality (a vital spiritual relationship to the Lord, a sincere love and sense of responsibility toward people, a disciplined mind and body); 2) a commitment to a Bible-based, Christ-centered, life-related message; and 3) effective application of appropriate methods to practical situations. Each sequence of courses includes a study of human characteristics at

various age levels, principles and practices of the teaching-learning process, organization and administration of educational agencies, and attitudes and skills required for effective Christian service producing spiritual maturity in the local church.

### **1. BACHELOR OF ARTS**

The Bachelor of Arts degree with a major in Christian education is granted upon the satisfactory completion of the requirements for the Bachelor of Science degree (above) with the addition of 14 hours of Greek, three of which may be applied on the Bible requirement.

### **2. BACHELOR OF SCIENCE**

### b. Major in Christian Education and Missions

See description under the Department of Christian Education.

### c. Major in Missionary Nursing

The Bachelor of Science program in missionary nursing is designed as a basic course for women students who plan to engage in missionary service. It aims to provide the preparation necessary to minister to spiritual and physical needs by a combination of courses in general education, Bible, missions and professional nursing. The five-year program includes the regular three-year course in nurses' training, a major in Bible, and a minor in missions.

This unique program, designed to meet an urgent need for professionally trained missionary candidates, is made possible through the cooperation of near-by Lutheran Hospital School of Nursing. Training is taken alternately at the two institutions. The first year is spent on the college campus in studies in general education and Bible. The next three years are spent at the Lutheran Hospital School of Nursing unless prior permission to do otherwise is granted by the Academic Affairs Committee. During this time the student maintains associations with the college as time and prior obligations permit. At the

end of this period the student is eligible to take the state examinations for registration. The fifth year is spent on the college campus with advanced studies in Bible and missions.

The Lutheran Hospital is approved by the American College of Surgeons and is a member of the American Hospital Association. The school of Nursing is accredited by the Indiana State Board of Nurses' Registration and Nursing Education, and the National League for Nursing.

The nurses' residence is a new building with fine living accommodations and educational facilities.

Applicants for this program should apply first to Fort Wayne Bible College using the application form at the back of this catalog. They may also begin their application for nurses' training by writing to the Lutheran Hospital School of Nursing, 535 Home Avenue, Fort Wayne, Indiana 46807, and requesting a preliminary application form. The letter of request should also state the year of graduation from high school, and the date of enrollment in Fort Wayne Bible College. Arrangements can then be made to take the qualifying National League for Nursing tests. Duplicate copies of the scores will be sent to the Registrar of the college and the school of nursing.

Graduate nurses who have taken their nurses' training elsewhere in a recognized school of nursing may take the two years of Bible-missions education leading to the B.S. degree upon meeting either of two requirements: 1) graduation from a nursing school fully accredited by the National Nursing Accrediting Service, or 2) passing on a satisfactory level the Graduate Nurse Qualifying Examination of the National League for Nursing.

A total of 128 hours is required for the Bachelor of Science degree. Sixty-four semester hours are granted for the work done at the Lutheran Hospital leaving 64 hours to be earned in the college.

## **B. DEPARTMENT OF MUSIC AND FINE ARTS**

**Ira A. Gerig, Chairman**

This department serves the entire student body of the college in general and, more specifically, those students interested in music professionally.

### **OBJECTIVES**

The department strives for high standards within an atmosphere conducive to the expression of Christian faith and experience. The general and professional goals of the department are: 1) to provide general education in music and art for all students of the college; 2) to guide all students into exercising good aesthetic judgment; 3) to prepare students for various ministries in church music, evangelism and youth work; 4) to prepare students to teach music privately or on the elementary and secondary levels; 5) to encourage creative writing and interpretative performing; 6) to provide worthy music for the life and worship of the college.

These objectives are in keeping with the overall aims of the college toward integration of its activities with its Christian philosophy of education. Although these objectives do not entirely express the contribution which the department makes to the cultural life of the community nor to the public relations branch of the institution, they do express the primary aims of the department which are student-directed.

### **REQUIREMENTS**

**Fields of Concentration.** Students may choose an area of concentration from the following fields: voice, piano, organ, orchestral instruments, music education, theory and composition or church music. All students desiring to pursue such programs of study are given proficiency exams at the end of their first year to determine their qualifications for such programs.

**Basic Piano Requirements.** Minimum piano proficiency shall be achieved by all students working toward a concentration in any music field. A proficiency test administered by the music faculty must be taken by each student by the end of the first semester of his senior year.

Because of the need for accompanying experience, all students in the fields of piano and organ will be required to accompany one private voice lesson per week (15 to 20 minutes) for a total of two semesters. Freshmen are exempt unless they voluntarily choose to fulfill this requirement earlier. Accompanists for oratorio, chorale and women's choir may count their time as fulfillment of this requirement. The accompanist is not required to do outside accompanying either in the practice room or in recital.

**Ensemble Requirements.** All music majors must participate in at least one performing organization each semester according to their abilities.

**Recitals.** Those students with concentrations in applied music must present a short program in their junior year and a full recital in their senior year. Students with concentrations in theory and composition must present one program consisting of original compositions. Students with a concentration in music education are urged to give senior recitals and may be required to do so at the discretion of the music faculty.

GENERAL MUSIC REGULATIONS

**Practice Requirements.** All students enrolled in applied music are required to practice a minimum of five hours per week for each 30 minute lesson taken.

**Applied Music.** Any student who cannot appear for a scheduled lesson is required to notify the teacher at least an hour before the beginning of the lesson; otherwise the student forfeits the right to a make-up lesson. Lessons missed by the teacher will be made up at the mutual convenience of student and teacher. At least 14 lessons of applied music must be taken in a semester course in order to receive credit.

Applied music students shall not take part in any public program without the consent of the instructor.

BACHELOR OF MUSIC

## **E. DEPARTMENT OF TEACHER EDUCATION**

**Ted D. Nickel, Chairman**

### **OBJECTIVES**

The purpose of this department is to prepare students for teaching in elementary schools and also in the field of music on the secondary level.

The objectives of this department are: 1) to assist the student to gain a general understanding of the basic areas of education, including: its historical development, contemporary patterns, child development, methodology, and a basic Christian philosophy of education; 2) to train efficient leaders and teachers for the educational program of the church; 3) to form an attitude toward teaching as a positively Christian vocation; 4) to gain the basic skills necessary for the art of teaching; 5) to qualify the student to meet certification requirements of the Indiana State Department of Public Instruction; 6) to provide basic preparation for graduate study in education.

To accomplish these objectives, programs of study are provided for the student in the fields of elementary and music education. Each student is requested to make application to enter the department of teacher education by means of the "Teacher Selection Program," for which forms are available at the teacher education office. The first application must be made during the freshman year. Further information may be obtained upon request to the department chairman. Since qualifications for a teaching certificate vary in different states, it is the responsibility of the student to ascertain the requirements of the state in which he plans to teach.

The purpose of this program is to provide students with a major in elementary education and a minor in missions. The program follows basically the requirements laid down in the regular program for elementary education majors. It does allow some flexibility in course sequence and meets all requirements for certification by the State of Indiana. In all 155 hours including 15 hours in missions are required.
