New Members of Board Elected

The William Taylor Foundation elected Mr. C. H. Varns, a retail merchant of Middlebury, Indiana, to the Board of Directors to fill the unexpired term left vacant by the resignation of Millicent K. Hodson, bank president and farmer of Upland, Indiana, was elected to the Finance Committee. Mr. Varns will also serve on this same committee. Mr. Elmer Seagle, hardware merchant of Kendallville, Indiana, who will serve on the Building and Grounds Committee, was also selected. Indian Bishop Is Commencement Speaker

One of the best-known national leaders of the Christian forces in India, Methodist Bishop Shot K. Mondol, of Hyderabad State, Southern India, was the guest speaker at the commencement exercises on June 3. The University was fortunate in being able to secure Bishop Mondol on short notice as Jorge Massa of the Philippines who had been previously engaged was unable to come due to sudden illness. Bishop Mondol had come to the United States to attend the General Conference of the Methodist Church in San Francisco.

Bishop Mondol holds three important interdenominational offices in India. He is president of the National Christian Council, representing all Protestant denominations. He is president of the National Missionary Society of India and Pakistan, an indigenous missionary organization which operates on indigenous funds. He is president of the India Sunday School Union, which functions under the World Council of Christian Education and has charge of the organization of Sunday schools throughout India and Pakistan. Representing the National Christian Council of India, he attended meetings of the Central Committee of the World Council of Churches at Toronto in 1950 and at Geneva in 1951.

Bishop Mondol was born in Murshidabad, Bengal Province, the son of the late Rev. A. K. Mondol, a well-known minister of the Methodist Church. He was educated at Collins Institute, Calcutta, St. Paul's College and the Scottish Church College, both in Calcutta; and was graduated with honors from the University of Calcutta. He has received degrees from Boston University and from Ashbury College.

President Evan H. Bergwall addressed the seniors at the baccalaureate services on Sunday morning, June 1. The subject of his address was "Injunctions from Christ."

The University's A Cappella Choir appeared in sacred concert at 2:30 p.m. Sunday.

Lieutenant Colonel Ernest Pickering of the Salvation Army, Louisville, Kentucky, spoke at the annual missionary service on Sunday night.

Dean's Honor List Is Released

The Dean's Honor List for the second semester has been released from Dr. Harold Wiebe's office. Included in the list are those who have a 2.6 or more point hour ratio, carrying at least 12 semester hours.

Business Transacted On Alumni Day

Over three hundred alumni and seniors of 1952 attended the alumni banquet at Taylor on Alumni Day, June 2, one of the largest alumni banquets held for some time. The noon hour was the meeting time for most of the class reunions, which were also well attended, with special recognition for the classes of 1902, 1927, and 1942.

At the annual meeting of the Alumni Association on Monday afternoon Dr. Grover Van Duyn of Greenfield, Indiana, was elected as a member to the Board of Directors of the William Taylor Foundation. Elections were also held for three members to the Alumni Board of Directors. Ruth Brose was re-elected and returns to her position as Secretary of the Association. New members are Hugh Freese, Upland, Indiana, and Reverend Wallace Deyo of the Methodist Church at Wabash, Indiana.

At the business meeting of the Alumni Association a motion was passed calling for a budget estimate of the Alumni Association for the year beginning July 1, 1952. According to Wally Good, Alumni Secretary, the estimate, listing items to be assumed by the school, will be published in the September issue of the Taylorite. The Alumni T-Club gave evidence of its spirit by defeating the Varsity at the baseball game on Saturday.

New Collection For Walker Museum

New in the Walker Museum at Taylor is a collection of nearly two hundred stuffed birds from India, collected and stuffed by Gordon Barrows, son of a missionary in India, and student at the University. The birds, including everything from a purple sunbird three inches in length to a peacock five feet long, were obtained in the Western Himalayan mountains and the plains of Punjab in northern India.

The birds were inspected by Salina All, well known ornithologist of India and curator of the Bombay Natural History Museum. Several varieties are not held by museums of natural history in the United States.

Another new addition to the museum is a display case given to the University by Dr. John Wengatz during his recent visit on campus. While here he arranged his collection of missionary articles which is on display.

Greetings from the Orient! Believe me this is the most unbelievable mission field in the world. So far we have seen an average of over 200 souls accept Jesus Christ every day. This is conservative in one respect as only those who fill out a decision slip are counted. Despite it all, we all believe that numbers are meaningless and the premium is still put on the individual, where Christ put His emphasis.

When we arrived at Taipeh, Formosa, June 3, we were met by several ladies from Madame Chiang’s prayer group, photographers, and reporters. Madame Chiang Kai-shek has taken a tremendous interest in our group. All of the profit from our games go to her prayer group which supplies all the chaplains for the Chinese Armies.

COMMENCEMENT ADDRESS

(Continued from page 1)

Henry?" Jesus asks Simon Peter only one question but repeated it three times, probing it deeper each time. When He asked the same question the third time Simon was grieved as though the Lord were questioning his sincerity, and with a kind of hurt feeling he said, "Lord, thou knowest that I love thee."

There are three simple thoughts I would like to stress this morning: (1) Live Christ more, (2) Live more like Christ, and (3) Lift Christ or exalt Him.

Love Christ

Love Christ more. In these questions which our Lord put to Simon Peter, He wanted to know whether Simon Peter loved Him more than anybody or anything else in life — money, material possessions, fame, recognition or even our most loved earthly friends and relatives? Does our love for Christ transcend all other forms of love? Do we make everything and everybody else secondary in our relationship to Him? Do we give Him the solitary throne in our heart which He and He alone rules? If we do, we will become more and more like Him.

Live Christ

Secondly, if we love Christ more we will live more like Him. Our love for Him will be tested in terms of our life. We hear a great deal of wonderful preaching, yet so much of our preaching breaks down on the rock of sub-Christian living. Those who preach the best sermons from the pulpit are not necessarily the best demonstrators or examples of Christian living. We must back up with our lives what we confess with our lips.

Once upon a time a group of earnest Christian workers went to see Mr. Ghandi and sought his advice on how Christian workers went to see Mr. Ghandi and sought his advice on how they might do their best work in India. Ghandi and sought his advice on how they might do their best work in India.

Ghandi and sought his advice on how they might do their best work in India. Ghandi and sought his advice on how they might do their best work in India. Ghandi and sought his advice on how they might do their best work in India. Ghandi and sought his advice on how they might do their best work in India. Ghandi and sought his advice on how they might do their best work in India. Ghandi and sought his advice on how they might do their best work in India.

They realize that they have released forces which they cannot control and unless Christ gives us the moral and spiritual power to change human hearts, these very forces will be used to destructive ends of unprecedented nature and accomplish destruction and annihilation of modern civilization. In recent times there has been a very sobered and chastened mood noticed in some of the great world conferences which have been held. The Youth Conference held in Cleveland a few years ago took as its motto, "Christ above all." The Association of the World Council of Churches to meet at Evanston, Illinois in 1954 has as its main theme, "The crucified and risen Lord."" The World Council of Youth to be held this year in India has as its motto, "Christ is the answer." All this is most heartening. We must exalt Christ and His way of life. He is the Rose of Sharon. He is the Lily of the Valley, He is the Bright and Morning Star. He is the Fairest of Ten Thousand. There is none other like Him. He is incomparable. He is unique. Without Him and apart from Him there is only darkness and chaos ahead. But with Him as our guide we can march forward into the future unafraid. "God also hath highly exalted him, and given him a name which is above every name; That at the name of Jesus every knee should bow, of things in earth, and things under the earth: And that every tongue should confess that Jesus Christ is Lord, to the Glory of God the Father." (Philippians 2:9-11).

If you love Christ more, and live more like Christ and lift Christ by your words and by your deeds, success and happiness will be your portion.

Lift Christ

Thirdly, lift Christ or exalt Him. In this period of great crisis in human history, it is being increasingly realized by thoughtful men and women all over the world that we must exalt Christ and His way of life. There has been altogether too much exaltation of materialism and science. I have nothing but high respect for science and the scientific way of life. Science has done for humanity undreamed of things. Yet the very men of science today are frightened at their own inventions. They realize that they have released forces which they cannot control and unless Christ gives us the moral and spiritual power to change human hearts, these very forces will be used to destructive ends of unprecedented nature and accomplish destruction and annihilation of modern civilization. In recent times there has been a very sobered and chastened mood noticed in some of the great world conferences which have been held. The Alumni Secretary requests that editors of the various class letters send him a copy. Here is some of the most recent news that has passed across his desk:

S. P. Vallesio, Box No. 16, Trujillo, Peru, has been working for the last twenty-five years as an agronomist with the Peruvian Government. His son has just finished high school and is interested in coming to Taylor. Mr. Vallesio writes: "I always remember the persons and the institution of learning that helped me get a Christian education as I got at old Taylor University." He sends word that another Peruvian alumnus of Taylor, Leonardo Diaz, is pastor of a Methodist church at Ica, Peru.

Maurice Coburn, '49, finished work for the degree Juris Doctor at Northwestern University in June. He is employed as an attorney in the legal department of Montgomery Ward in Chicago, where the legal work for Ward’s nine mail order houses and six hundred branch stores is directed. At the time Maurice wrote he was president of “Students for Eisenhower” with offices at 710 N. Lake Shore Drive, Chicago.

After twenty years in the South, Jeff P. Paul is managing the Earle Hotel at Sheldon, Iowa. He has the welcome mat out for Taylor people. "Haven’t seen a soul from T. U. in these six months... and would like to see some of the old gang again." Along with the hymns he is continuing to write, Jeff is venturing in the popular song field also.
