NOBLE PROFESSION Education American Democracy

Education students.

Supervising teachers from the public schools discuss teaching problems.

Education class, F. T. A. room.

Teacher Education at Taylor University

- **FULLY ACCREDITED CURRICULA FOR PREPARATION OF ELEMENTARY AND SECONDARY TEACHERS**

The education department seeks with the cooperation of other departments of instruction to prepare teachers for the public school. In an effectively Christian environment, our students are meeting the certification requirements of their home states or for Indiana.

- **AN ACTIVE CHAPTER OF THE FUTURE TEACHERS OF AMERICA**

The Phi Tau Alpha Chapter was granted its charter in 1948 by the National Education Association and maintains a membership of over one hundred students each year.

- **A VARIETY OF TEACHING FIELDS ARE AVAILABLE**

Students may prepare to teach on the elementary level, or may choose the secondary level and major in such subjects as English and speech, foreign languages, mathematics, social studies, science, business education, home economics, physical education, music, and art.

- **STUDENT TEACHING OPPORTUNITIES ARE AFFORDED BY COOPERATING PUBLIC SCHOOLS**

Taylor University does not maintain a laboratory school, but enjoys the privilege of assigning student teachers to the public schools of Upland, Hartford City, Gas City, and Fairmount. Qualified supervising teachers, principals, and superintendents give invaluable assistance, information, and supervision to the student teachers.
