HOMECOMING DAY

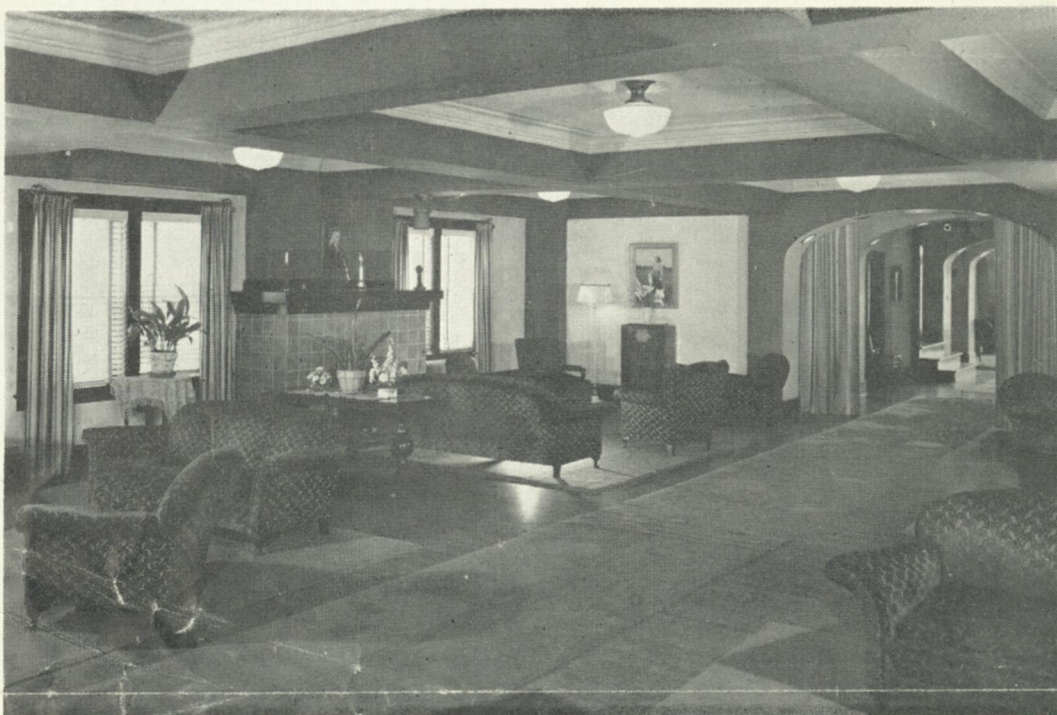

In most American colleges Homecoming Day is a traditional event. September 24, 1948, will mark the beginning of this annual celebration at Taylor University.

This day has been planned so that Alumni and friends of the school may return when the students and faculty are all on the campus. This is the setting that former students remember best.

Alumni are invited to turn for a day from their work and revive precious memories by meeting old friends. There are old and familiar sights to feast their eyes upon, and there are indications of progress that will lift the spirits of all those who love Taylor University.
