Year 1950-51 Begins

Taylor University students and faculty members have come together again for another year of study and Christian fellowship. All faculty members returned to the campus September 8 to assist in the completion of preparations for the new school year. During the summer many had worked to make the changes required by the school’s expansion and progress.

New students came to the campus on September 11 for the orientation program. Returning students registered on September 14 and 15, and classes were begun on the afternoon of the latter day.

Climaxing the registration period will be the Matriculation Day exercises at 7:30 p.m. on September 29. Bishop Richard Raines, bishop of the Methodist Church for the Indiana area, will be the speaker. He has chosen “He Went A Little Farther” as his topic.

The William Taylor Foundation will meet at 1 p.m. on Wednesday, October 25.
