SIXTH ANNUAL YOUTH CONFERENCE
MARCH 10, 11, 12

Devee Brown, Chairman
Boise, Idaho

The Sixth Annual Youth Conference draws near and we at Taylor are joyfully anticipating the coming of hundreds of youth to our campus. To you who are looking this way we extend a most hearty welcome. We trust that under the leadership of the Holy Spirit, we as a student body will be able to do our part in making this Conference all that God desires it to be. The same Christ that has filled the heart needs of young people of previous conferences stands ready to meet every need today. He can deliver from sin and its habits. He can cheer the sad at heart and bring peace to the troubled soul. His salvation is a challenge to great and small, rich or poor. Without Him life is irksome, aimless, and depressing; with Him life is radiant, useful, and wonderful. His way is plain and His counsels are sure.

Ruth Anderson, Co-chairman
Plymouth, Iowa

Taylor University sends a summons to the alert and vigorous young people of America to join us in our Sixth Interdenominational Youth Conference. From the beginning, in our work on the intricate problems of this great gathering, we have been assured of Divine guidance. Therefore we extend this invitation with confidence that if you will be present it will be a great epoch in your individual lives.

Our plea is for the fellows and girls to buy up this opportunity. These efforts are put forth for you in the Name of Jesus Christ by a group of sympathetic college students. There have been tangles in our lives and there have been problems and difficulties concerning the tomorrows, but we have proved the all-sufficient Savior. With the knowledge of sins forgiven and with a consecration of talents and powers to God—youth can go forward.

Plans are well under way for the sixth annual Youth Conference which is to be held on Taylor's campus starting at 7 o'clock Friday evening, March 10, and closing Sunday afternoon, March 12. There will be three general mass meetings each day and at least two discussion and conference groups for the entire group. Registrations are rapidly coming in and everything points to this being the greatest Conference yet. Taylor students are working, praying, and trusting for the success of this Conference; success is found in God's complete blessing.

Send to Taylor University today for further information concerning the Conference and for registration blanks. Application may be made to Arland Briggs, registrar. Due to the limited facilities, the number for whom we can provide lodging at the Conference must be limited to 500. The first ones to mail their registration blanks with twenty-five cents will be assured of a place.

Annual W. T. F. Meeting
Will be Held Feb. 24

Attention, all members of the William Taylor Foundation! The annual meeting of this group will be held at Taylor University, Friday, February 24, at 10:00 a.m. Make your plans now to attend. As a special feature of this day Dr. Paul Rees will be speaking twice. Your ten dollar membership gives you a vote in this meeting. It is important that as many members of the Foundation as possible be present.
Taylor University recently lost another staunch friend when Dr. J. Frank Cottingham was called home to glory early Thursday morning, January 19, at the age of 64. This loss is keenly felt by all the alumni and friends of Taylor. To know this man of God was to love him; he was known and loved by thousands throughout the world.

Dr. Frank, as he was affectionately known to his close friends, was a power for God wherever he ministered. In the 23 years he and Mrs. Cottingham spent laboring in the Philippine Islands, over 22,000 souls were baptized and over 35,000 were led to Christ through his ministry. What a glorious, victorious life he lived!

In 1908 Dr. Cottingham accepted his first charge under the Methodist church in the North Indiana Conference. In 1910 he and Mrs. Cottingham sailed for the Philippine Islands for missionary service. In 1913 he was named superintendent of the Philippine Islands Central District and later superintendent of the Manila District; also during this time he was editor of the Philippine Observer and spent much time in translating the Bible into the Philippine language.

The years from the fall of 1933 to the spring of 1935 he was a member of the faculty of Taylor University. While here he taught Missions and Religious Education. Taylor students loved him; literally scores of students were led to Christ through his short teaching ministry at this institution.

Through all of his life Dr. Cottingham was the same quiet, humble, deep, spirit-filled man. His life as well as his ministry was a constant testimony to the power of God. He will be missed, not only at Taylor, but throughout the world where his ministry has been felt.

Second Semester Opens With Growth

Taylor University began the second semester of the school year with a splendid start on registration day, Wednesday, February 1. Many students from different sections of the country enrolled for the first time this semester, and almost one hundred per cent of the student body of last semester re-enrolled.

This bears out the fact that Taylor is growing! Every semester for the past several years the enrollment at Taylor has increased. Increasing numbers of young people are realizing the value of an education with high scholastic standards, yet presented with a definite and enthusiastic Christian emphasis. Taylor seeks to give the very best academically, socially, physically and spiritually—making for well-rounded personalities. Write for a catalog and literature concerning Taylor.

Now is the Time to Suggest Taylor

This is the time of year when high school students and graduates are deciding where they are going to college next fall. Now is the time when every alumnus, former student and friend of Taylor University should see these fine prospective students and definitely suggest Taylor to them. Speak to them of the high scholastic standing, the splendid well-trained faculty, the beautiful campus with its modern buildings, the beautiful Christian atmosphere of our school and of all the fine opportunities presented here.

Send the names of these students to Taylor and the new catalog and other literature will be promptly sent to them. Now, and in work of this type, is a splendid time to prove your loyalty to our institution. This is an opportunity for you to do your part in Kingdom building. We are depending upon you to work with us to the limit in this task.

T. U. Grad Announces Student Organ Prize

Mr. Norman L. Rose (T. U. '27) has announced that this year he is again offering the Rose Organ Prizes for excellence in organ playing at Taylor University. Some years ago this prize was given for several years in succession but was discontinued until the present time. Mr. Rose states that the prizes are to be $15.00 and $10.00 and the contest is open to students of organ who have studied at least one year in Taylor University. The contest winning first place in the contest is ineligible to enter the contest again.

While in Taylor Mr. Rose was a music student, studying piano under Prof. Bothwell. Former Taylor students will no doubt remember that while here he organized a Eureka Glee Club. They no doubt will also remember the concert it gave! At the present time Mr. Rose is teaching in Pittsburgh, Pa., and is also quite active playing the organ in various churches there.
First Conference
Was Held in 1934

This year makes the sixth time that the Youth Conference has met on Taylor University's campus. Many have said that this unique Conference has been God-given. How true it is.

A little over five years ago a Gospel Team composed of five Taylor students started out to hold a Sunday evening service in a church at Pt. Isabel, Indiana. In the attempt to find the church in which they were to hold the service, they became lost. They stopped at several churches before they found the right one and in each, a young people's service was being held. While speaking and thinking of these small groups meeting in different churches, the thought was expressed by one of the members of the team that a conference of all these groups together in one group would certainly be helpful and inspiring. Why not have such a Conference on Taylor's campus? The plan was presented to Dr. Stuart the next morning and met with his heartiest approval and loyal assistance. Plans were immediately gotten under way for the first Youth Conference.

God put His seal on that three-day period and each Conference since that time.

YOUTH CONFERENCE PROGRAM

Friday Evening
7:00 Fellowship Hour
8:00 Address
9:45 Prayer Groups

Saturday Morning
6:00 Sunrise Service
8:00 General Assembly
9:00 Round Table Discussion
10:00 Recreation
10:30 Address

Saturday Afternoon
1:00 Trip around College Campus
2:00 Address
3:00 Round Table Discussion

Saturday Evening
7:00 Young People's Fellowship Hour
8:00 Crucial Messages by Youth
9:15 Prayer Groups

Sunday Morning
6:30 Morning Watch
9:00 Round Table Discussion
10:30 Address by Dr. Robert Lee Stuart

Sunday Afternoon
2:00 Fellowship Hour
2:30 Address
4:00 Concluding Service

One of Founders of Y. C. Writes

R. Park Anderson
Madison, New Jersey

One of the founders of the first Youth Conference, 1934

The most sacred spot on earth to any man is that place where he found God. Whether it was in a massive cathedral kneeling at a gilt-edged altar, or under a tree kneeling beside a log, it is a place made sacred in the memory because of the benediction of peace which God gave in the home of repentance. To hundreds of American youth, who are the leaders of tomorrow, Taylor University, through the organized efforts of the Youth Conference, has become that sacred spot. It is the period for many a twentieth century Jacob who has wrestled through to a personal surrender. May God the Father, Jesus Christ the Savior, and the Holy Spirit in His guidance and power make the Youth Conference at Taylor one of the greatest movements for God among American youth in 1939. This is my faith!

Send your registration in as soon as possible to Arland Briggs, Youth Conference registrar. Due to limitations in housing facilities, only 500 can be taken care of overnight. So send your registration blanks now!

Wisconsin-Campbell-Magee Dormitory, where many Youth Conference visitors will be housed March 10-12
Former Chairmen Send Greetings

Blaine Bishop, Chairman 1935
Minot, N. Dakota

While it is very true that Taylor University stands in a unique position in the field of education, it is just as true that in the field of evangelism she stands in an equally unique position. Eternity alone will reveal what the Gospel Team work has meant to the scores of young people in the churches of Indiana and surrounding states; neither can we of this present world even imagine the tremendous force that the Taylor University Youth Conference is today exerting against the enemy of the souls of youth.

I question if there is in America today a Youth Conference that in so short a time is packing as strong an evangelistic emphasis and getting such amazingly wonderful results as the Taylor University Youth Conference. This conference is unique! The program is different! The results for Christ are tremendous! My prayer is that this year, as in the past years, our foundations by prayer, faith, hard work and the power of God. The Youth Conference committees of 1934-36 owe a great debt of gratitude to Dr. Cottingham. Would it be possible to have a Memorial Consecration service in memory of him during the Conference?

Robert Browning once wrote, "I have proved the past, now I can face the future!" Somehow, I feel that is the courageous conviction of the Youth Conference Committee as it faces Taylor's Sixth Youth Conference in March.

A group of us remember the day back in 1933 when a dream of a Youth Conference crystallized into a determination to make it a living realization! The dream was snatched out of the air and pinned to Taylor's Campus. Plans were rapidly sketched on paper, committees were formed, enthusiasm surged within the breast of every Taylorite—the student body pulled itself together in one collective group and out from Taylor's campus went gospel teams to contact every church in Indiana. Weeks went by. Enthusiasm fluctuated—but hope went on! We had faced a great undertaking but proof was wanting.

Finally the day came. The stage was set. The student body was ready. The curtain rose. And with the musical strains of the Chapel Organ a dream got under way. The first Youth Conference was in session! The message of Christ had transforming power. It moved mightily upon young men and women who had come in from the ordinary walks of life—and they were made over, "born again" in integrity, interest and enthusiasm for a life of sacrificial service.

The Sixth Youth Conference opens in a few weeks (March 10-12). Those of you who followed us have proved our dream! Now it is time to face the future Conference with a greater dream—the vision of Christ—that "every youth is God's field to be planted, God's house to be built." The momentum of dynamic personalities could have carried our dream through the first and second Youth Conferences but only Christ-centered youth can carry Christ's vision out from Taylor's halls, across the continents!

Blaine Bishop, Chairman 1935
Minot, N. Dakota

Van Ness Chappell, Chairman 1936
Woodworth, N. Dakota

Again we are approaching the time of the Annual Youth Conference at Taylor. Those of us who have attended any one of the five previous conferences held on Taylor's campus know what a great spiritual feast there is in store for those who will come and partake. We have marveled at the tide of deep conviction and intensive heart-searching, the spirit of overwhelming joy, the thrill of stirring testimonies, and the yielding of great numbers that can be seen and experienced in this three-day conclave of young people. This is all possible because of the mighty ministry of the Holy Spirit!

I believe that there cannot be found a more blessed fellowship in a more wholesome atmosphere, nor can there be found a more sincere and consecrated group of workers than there is in these wonderful Conferences. In my soul I find an irresistible desire to be present this year when that great group of youth gather to enjoy the richness of God's divine blessings. It does something to me to get into a group of young people who are trying to face seriously the matters of salvation, to find their directions in the midst of a power-mad, money-crazy, confused world, and to get their faith established when on every hand there is so much doubt and fear and uncertainty. My whole soul is in the work of God for young people and my prayer is that this shall be the greatest conference ever staged on the campus of Taylor University.

Robert Browning once wrote, "I have proved the past, now I can face the future!" Somehow, I feel that is the courageous conviction of the Youth Conference Committee as it faces Taylor's Sixth Youth Conference in March. A group of us remember the day back in 1933 when a dream of a Youth Conference crystallized into a determination to make it a living realization! To the 1939 Youth Conference

It is Youth Conference time again! The thought brings memories of the past and hopes for the future. Youth Conference: that means work and “work without faith is dead.” Along with your work you must have your faith and prayer life.

What a glorious privilege for Taylor’s youth—to be working for Christ! Oh Taylor students, may your hopes aspire to attempt great things for God. As an old saying goes, “Instead of talking of the survival of the fittest, let us make all humans fit to survive.”

May the youth coming to Taylor’s campus discover Christ in a real, sincere, intellectual way, for out in the conflicts of life, they need a sound foundation.

Just as the physician prescribes a specific medication for a patient, so God has given us the specific remedy for our salvation. Let us be truthful as we prepare and administer God’s prescription. And, “if any man is willing to know the will of God, he shall know.”

“Commit thy way unto the Lord; trust also in Him, and He shall bring it to pass.”

Garfield G. Steedman, Chairman 1937
Madison, New Jersey

At Calvary Incarnate Hate met and defeated Incarnate Love. Everything that Jesus had stood for—service, meekness, humility, love—seemed to be caught up in those dark hours and dashed against the skull—broken forever. But Christianity has an Easter morning—the seal, the testimony of God that the way of love is the Way which will triumph. It was as though God was saying in the Resurrection, Jesus was right.

Today the Christ of the Cross is calling youth to give themselves in unselfish devotion to the one Way that alone gives inner peace; to a cause great enough to challenge their every resource. This call is made personal and real at the Youth Conference. Here the significant fact is a Christ-centered program.

The annual interdenominational Youth Conference of Taylor University is, to my mind, one of the greatest and most worthwhile spiritual efforts, in behalf of young people, put forth by any similar group. Having had a part in the fifth annual conference, I can say that it marks one of the profoundest moments of my Christian experience. It taught me many lessons, a few of which I hope I have learned—lessons in cooperation, in dependence upon God, in human frailty, in obedience, in humility.

To prepare for the coming of hundreds of youth who are needy and expectant, to trust the Lord to meet those needs and fulfill those expectations, to contact the youth when they come upon the campus, to witness the coming of the Holy Spirit in waves of conviction and victory, and to see many leave the campus with a new relationship to God, a new perspective of life, and a new purpose in life—these are privileges that strengthen and enrich one’s soul.

Delpha VanWinkle, Co-chairman 1937
Newark, Ohio

Many times have I seen young people come forth from the Conferences with glowing faces and a real testimony to the redeeming power of the Lord. They have gone back to their homes and home churches with a zeal that only comes from being in contact with the Saviour and thus have been a means of spiritual blessing in the home community. Also, the contact of those already definitely Christian with other young people of like desires is a strengthening factor to those who are not so well established in the faith.
Taylor students are happy! Everyone knows everyone else at Taylor; no one is lost in the crowd. In a community of congenial young people who have come to Taylor for the same general purpose, the new student soon finds other students whose tastes are similar and whose special interest lead to the establishment of more intimate friendships which will endure for years to come. The fellowship enjoyed at Taylor is wholesome; the friendships formed last.

OUTSTANDING SPEAKERS
COME FOR CONFERENCE

Dr. Harry Lindblom, Dr. P. B. Smith, and Rev. Hazen Sparks, three outstanding preachers, will be present and speaking at the Youth Conference this year. All three are well-known and very popular with the Conference group.

Dr. Lindblom has spoken many times at Taylor; few men have won the hearts of the students as he has. He is pastor of the Lakeview Swedish Free Evangelical Church of Chicago, and is very active in evangelistic work. He has crossed the waters two different times to preach in Europe, and is known as the "Moody of Sweden." Dr. Lindblom will thrill young hearts with his wonderful messages.

Dr. P. B. Smith, T. U. '17, is District Superintendent of the Richmond District of the Methodist church. He was one of the speakers at the revival services held at Taylor last fall and led many students into a definite relationship with Christ. He knows the heart of young people, having two sons of his own enrolled at Taylor this year.

It is fitting that Rev. Sparks, '31, be speaking in Maytag Gymnasium during this Conference, for it was Mr. T. H. Maytag who sent Hazen through his four years at Taylor University. It was under President Stuart's ministry while pastor at Newton, Iowa, that he was very wonderfully converted and led into the ministry. Today he is one of the leading young preachers of his conference, a genuine power for God and possessing a real passion for souls.

Come prepared to hear soul-stirring messages from the hearts of these three men of God.

Bishop Hughes Selected
for Commencement Speaker

Bishop Edwin Holt Hughes, D. D., LL. D., of the Washington area, has accepted the invitation of the senior class to give the commencement address this year. Commencement is June 6. The senior class is to be congratulated on their choice of this outstanding Christian leader.

Memorial Service for
Dr. Cottingham

In her testimony and greeting to the Youth Conference, Miss Crystal Lockridge, co-chairman in 1935, suggested that a memorial service be dedicated to Dr. Cottingham. This same thought had come to the mind of Pres. Stuart and plans are being made for special recognition to this saint of God during this 1939 Youth Conference.

The Saturday evening service of the Conference was always one of special interest to Dr. Cottingham. This has been the service when crucial messages have been presented by youth, one of the high points of the Conference. This service was to Dr. Cottingham the outstanding service of them all. Thus, plans are now being made for a very special service, dedicated to his memory, at that hour, 7:30 P.M., Saturday, March 11.

Special Services Are
Feature of Feb. 20-24

Many interested friends of Taylor are making plans to attend the special services which are being held during the last week of this month, Feb. 20 to 24. Dr. Paul Rees will be speaking twice daily, at the chapel hour at 9:30 A. M. and at 6:45 P. M. These services are being held in conjunction with the special Bible short course conducted in the School of Religion during the month of February.

Dr. Rees is a mighty speaker, one of the leading young evangelistic preachers in the country today. He is at the present time serving a large church in Minneapolis, Minn., and doing a wonderful work. Hundreds of souls are being won to Christ through his ministry there. Dr. Rees has long been a friend and closely connected with Taylor University and has always been a welcome speaker on the campus.

Friday, Feb. 24, the last day of the special services, the annual meeting of the William Taylor Foundation will be held at Taylor University. The meeting is at 10:00 A.M.
Fine Letter Received
From 1937 Graduate

Recently President Stuart received a fine letter from one of the fine graduates of 1937, a member of the Brethren in Christ church. He writes, in part:

"Greeting you with 1 Cor. 2:2—
"Several weeks ago I had written you a long letter expressing my happiness over your re-election to your very important office. Then, due to the passing of my Godly mother, I neglected mailing it to you. I have wanted to write to you for months, not that I felt you needed my letter, but my mind was charged with gratitude for you and Taylor. The convictions and impressions of the school have stayed right with me until today.
"One eternal reality left with me when I left Taylor is that 'I can do all things through Christ which strengtheneth me.' Before I went to school there, I was more or less of the opinion that, so far as actually accomplishing anything in the kingdom of God was concerned, I can do nothing, for I have no strength. That is all changed. Do you remember the chapel service of March 9, 1937, when, after a chapel discourse by Dr. Paul Rees, my ambitions, dreams, plans and 'self' all faded as Jesus Christ came into my life in His fulness? Ever since that day life has been vital, worthwhile and full. It is an experience that both the small and the great, the weak and the strong, all need to meet the hour of trials ahead of us."

Your Gift Pays
Eternal Dividends

Friends of Taylor are responding in a splendid way to the special call to meet the financial needs of the institution this year. $15,000 has been unexpectedly added to the budget this year for the installation of a new boiler and heat lines, and this naturally makes a great strain on the finances of the school.
We are now in the midst of the period of the year when the strain on the budget is the greatest. Taylor needs your payment on pledges, William Taylor Foundation memberships, and accounts, as well as love gifts.
Continue to pray about this financial need. Help Taylor balance the budget again this year for the sixth consecutive year, a remarkable record in these times. God has His hand on Taylor and is blessing the school wonderfully. Your investments here will bear eternal dividends.

Taylor has an exceptionally highly-trained and cultured faculty, and through these teachers each student is given personal attention. Each student has a faculty adviser to whom he can go for counsel and assistance.

Dr. Stuart and Quartet
Busy in Service

President Stuart and one of the quartets go to a Young Peoples Conference of the Swedish Free Evangelical Church of the central west at the Lake View Free Evangelical Church in Chicago from March 3-5.

During the summer months he goes to the Epworth League Institute in Brooklyn, New York, from July 8-15. Also he and the quartet are invited back to Lena, Illinois, for the combined Epworth League institute and camp meeting. The summer schedule is rapidly filling; if you are interested in having a Taylor group at a Young People's Conference get in touch with Taylor University immediately.

T. U. Broadcast
Saturday, March 4

Taylor University is presenting another radio broadcast next month. Saturday afternoon, March 4, Taylor has a half-hour program over station WIRE, Indianapolis, Indiana, from 5:00 to 5:30 P.M., central standard time. Tune in and hear Taylor students broadcast at this time. WIRE operates on a frequency of 1400 kilocycles.

2,500 GOAL FOR
W. T. F. MEMBERSHIPS

It is hoped the $10.00 memberships to the William Taylor Foundation may be continuous. 2,500 memberships paid annually would solve Taylor's financial problems. This is less than one dollar a month to be invested in one of the most outstanding pieces of Kingdom work going on in the United States. Send in your membership or write us that you want to join the Foundation and tell us when we can depend upon receiving your gift. Plan to be present at the Annual Meeting February 24 at 10:00 A.M. Your membership gives you a vote in the planning of the work of Taylor University.

Vayhinger Memorial

This is to be one of the matters of consideration to be taken up in the annual meeting of the William Taylor Foundation, February 24. This meeting should be of special interest to all the graduates and former students under Dr. Vayhinger during his nearly thirteen years as President at Taylor University; all members of the Foundation should come prayerfully considering this matter.
EFFECTIVE EDUCATION BEAUTIFULLY CHRISTIAN

There seems to be a growing conviction that the need is great for a college that is effectively and enthusiastically Christian. Letters from laymen, ministers, and missionaries pour into Taylor's office telling of the appreciation of the type of work that Taylor University is doing. In order to have blessed, definite, Christian experience one does not have to lower the scholastic standard. If Christianity is real it should make the student more efficient and thorough in his scholastic work. Christianity is not afraid of anything and everything that science and modern education have to offer, for after all it is only these great men discovering something of the mind of God in His great creative plan.

Taylor is trying not just simply to advertise an effective Christian college but to be effectively and beautifully Christian, to give youth the finest training possible and to give it to them in an ideal Christian family atmosphere. Taylor is determined to do this so effectively that Christian men and women can send their students to us and can conscientiously send their financial support to carry on this type of college. To have letters like this come into our office humbles us:

"After looking over carefully the literature sent me during the past year from Taylor University, I am enclosing my check for one hundred and fifty dollars. I hope to continue as a contributor provided you continue to keep the college true to the great fundamentals of the Christian faith. . . . I am changing this gift from a mother planning for her daughter:

". . . I want her to go to the very best school I know, which is the Taylor we learned to love when Earl was there. . . ."

Education and religion are God's surpassing gifts to the youth today. Everything that education has to offer is welcomed and used in the reaching of the objective, but always with the thought that it must be controlled and directed by the Spirit of Christ. Taylor feels that education and religion must not be divorced. The leaders who are to save our civilization are going to be constructively Christian. Taylor University is taking her task seriously and is determined by the Grace of God to furnish trained Christian leadership for both state and church.

The Youth Conference convenes here March 10-12. It is so tremendous in its influence, so far reaching in its results, that eternity alone will value the work of an institution like Taylor. Literally hundreds of young people everywhere — on the campus, in the chapel, the Youth Conference, Gospel Team and quartet work — are lead into a sweet personal relationship with Christ. May God continue to lay the work of Taylor University on the hearts of Christian folk everywhere.

ALUMNI WRITE APPRECIATION

Two fine letters were received in the President's office recently.

Miss Ruth Weller, class of '37, now teaching in the Welborn Hospital, Evansville, Indiana, writes:

"I am enclosing ten dollars for this year's membership in the William Taylor Foundation. This is a portion of the tenth; tithing gives me great joy. Even the tenth seems such a small amount for the Lord.

"The latest Taylor Bulletin brought back memories of Dr. Vayhinger. I will never forget his brief illness on Taylor's campus. How the presence of God could be felt in his sickroom! I would usually serve his trays before going to my meals and he would say, 'Now stay with me while I ask God to bless this food.' Many times when I would enter his room, or even while I would be in there, he would be praying, pleading with God for 'others.' His challenge to 'Go all the way with God' still rings in my ears. What a privilege to have known such a saintly man! I think (as Dr. Jacobs suggested) that a chapel would be a most fitting memorial."

Glen Sutton, '38, writes:

"We are enclosing ten dollars for the Wm. Taylor Foundation pledge for 1938-39, and two dollars to help pay for the installation of the new heating system.

"We are still preaching the precious Gospel of full salvation that we learned to know by heart-experience at dear old Taylor. How thankful we are that it was a heart-experience and not head religion that has been our heritage of the Spirit-filled days we spent with you. We have missed the Thursday noon prayer hours and the spiritual food they provided."

Ruth Weller, '37
Evansville, Ind.

Glen Sutton, '38
Bourbon, Ind.
