TAYLOR UNIVERSITY BULLETIN

Entered as second class matter at Upland, Ind., April 8, 1900, under Act of Congress, July 16, 1894

VOL. XXVIII, NO. 5

AUGUST 1936

ISSUED MONTHLY

BEQUESTS AND MEMORIALS

Just this week a check and certain securities came to Taylor University through the will of one of our friends. Even though you are not able to send gifts now to carry on the work in this effective Christian college, make plans and place Taylor in your will. What more fitting and enduring investment could you make than in a college whose sole business it is to get youth ready for life's tasks?

President Thwing says, "The American college represents our Westminster Abbey for treasuring the money and the memory of a man. The man who gives an adequate gift to a well-equipped American college is not out of an earthly im-

TAYLOR UNIVERSITY DAY OF PRAYER FRIDAY, AUGUST 21

Prayer Changes Things

Jesus taught: "Men ought always to pray and never lose heart." Luke 18:1 (Weymouth)

Every former student, parent, and friend is asked to make this a special day of prayer for Taylor University. Please, dear friends, take this call seriously and go to your knees this day for Taylor University. **TO YOUR KNEES OH TAYLOR FRIENDS!**

President Stuart has set aside each year since he has been at Taylor, a special day for prayer during August.

Some Prayer Suggestions

PRAY that God will lay it upon the hearts of 2,500 people to become members of the William Taylor Foundation. 2,500 taking a membership of ten dollars a year will solve our financial problems (no other obligation than the \$10 per year). Many friends are becoming partners in an **EFFECTIVE CHRISTIAN COLLEGE. PRAY DEFINITELY FOR 2,500 PAYING PRAYING MEMBERS TO THE FOUNDATION.**

PRAY that the financial doors will open for new students who want

Returning to Enter School of Religion

Rev. Park Anderson, Kennebec, South Dakota, comes back to Taylor University this September to enter the School of Religion. Mr. Anderson has been doing a great piece of pastoral and evangelistic work. He will be active in the Youth Conference work, and he will undertake to organize and carry forward in an effective way more evangelistic work among the young people. There will be a few Youth Conferences during the School year, organized within a radius of fifty to one hundred miles. Taylor will be sending out a group of young people from Friday night to Sunday to put on intensive campaigns for the salvation of souls.

Taylor University has been so used of God among the youth that it has felt that its youth evangelism must be pushed more effectively. Park Anderson will lead in this work.

Taylor Trains Soul Winners

TAYLOR'S NEW COACH

Arthur Wesley Howard becomes the new coach for Taylor University. Coach Crawford resigned in the early summer and Mr. Howard was selected to take his place. Mr. Howard is a graduate of Taylor University of the Class of 1934. He has put in the last three summers in residence work in the field of Physical Education. This gives him a year of residence work beyond his A. B. Degree from Taylor University. I know Arthur is in harmony with ideals of Taylor and will make his life felt in Christian athletics. He is the son of Dean Howard. The Taylor students all know Dean Howard and recognize the splendid Christian training that Arthur has had during these years.

Bible and Spiritual Life Conference
June 6-13, 1937

Taylor's Dormitories and Dining Hall will be open for friends at just actual cost.

Outstanding men of God will be

Home of School of Religion

Dr. J. A. Huffman's coming to Taylor to head the School of Religion is being received with delight from Taylor's constituency. Many inquiries are being made. Write for complete information. Why not get your Bible and related work in a college atmosphere that is blessedly Christian?

SUCH LOVE

Dr. W. P. DODSON

an Associate of Bishop Taylor, and Superintendent of Oliver Moodey who gave his life for Africa writes:

Altadena, California

Having been for so many years so intimately associated with that godly man William Taylor, and having been the District Superintendent of Oliver Moody, it is natural I should be very much in

What Can You Do?

Does it matter to you whether these young people have a chance to get an education in an effective Christian College? Do you want them to have a chance and how much do you want them to have it?

The appeals these days stir our hearts to the depths. Letters come in from the North, South, East, and West begging for a chance to get training. There is scarcely a one of them that does not have a financial problem. I just answered a letter from a father over in Bulgaria — a Missionary begging for a chance for his boy to come to Taylor University this next year. He can get him across the seas to Taylor, but he says he has no funds to sustain him after he

Taylor Prepares for The Learned Professions

Young men and young women who want training in a Christian atmosphere enjoy it here at Taylor. While there are many young people getting ready to be ministers and missionaries, a large number of the student body are getting ready for other walks of life. Parents who want the best in scholarship for their young people, and an atmosphere that is definitely Christian, ought to investigate Taylor University.

Taylor University is composed of the College of Arts and Sciences, the School of Religion, and the School of Music.

Taylor University is prepared to give the foundation work in the

College Training Is Now a Necessity

Life today is lived with a speed and an intensity as never before. Because of this, preparation to meet life is more essential than ever before. A few years ago the college trained man possessed the luxury of a college education; today that luxury has become much more of a necessity. In all professions and in many vocations, college training is a prerequisite to any degree of success.

This fall the colleges will open their doors to thousands of young people who will be the leaders of the world of tomorrow. It is sad to note that while this is the case there will be thousands of those who are eligible who will not go. These will

'Retrospect and Prospect' by a Christian Philosopher

We approach the opening of another college year — the thirty-sixth for me on the staff of Taylor, and the fortieth since my first term of service here began in 1897. These thirty-nine years already spent in college teaching and administration have been wonderful to me. Not that they have been years of pleasure under the conception of what the "world" calls "a good time"; but rather in the sense that they have furnished contacts, opportunities, and problems which have made me debtor to great souls, opened to me great areas of reality in the things that are not seen but eternal, and made demands on hand and head and heart that caused me to realize that,

"Life is real! Life is earnest!
And the grave is not its goal;
Dust thou art to dust returnest
Was not spoken of the soul";

and that,

"We are not here to dream, to drift,
We have hard work to do and loads
to lift"

BURT W. AYRES, A.M., L.L.D.

hands in exchange for instruction and a living, but who must be denied this larger life because they have had no opportunity to earn and lay up any reserve cash. What dividends people of means might earn by assuming the responsibility of educating some of these, or joining hands with us here in this work! The extensive and extended drought has closed the way for many unless God speaks to some of His stewards who

first. We hesitate to write personal letters asking for renewals in the early part of the year, but the income is needed for carrying on the work. Moreover, of one permits this benevolence to drift along without action into the late months of the membership year, is there not danger that it will be difficult or practically impossible to pay it within the fiscal year?

If you love Taylor join the Foundation and keep renewing. The withholding of *your* gift might be the difference between a Taylor University and no Taylor University. Who knows?

William Taylor Foundation Membership

The goal is two thousand five hundred paying praying members of the Foundation. Ten dollars a year makes you a member of this Foundation and there is no financial responsibility other than this membership, and twenty-five hundred such memberships would solve Taylor's
